Any action or inaction by the CSU or the failure of the CSU on any occasion to enforce any right or provision of the Contract shall not be construed to be a waiver by the CSU of its rights hereunder and shall not prevent the CSU from enforcing such provision or right on any

19. Patent, Copyright, and Trade Secret Indemnity

~~A contractor may be required to furnish a bond to the CSU against any and all loss, damage, costs, expenses, claims and liability for patent, copyright and trade secret infringement.~~ In addition:

- (a) The Contractor, at its own expense, shall defend any action brought against the CSU to the extent that such action is based upon a claim that the product supplied by the Contractor or the operation of such product infringes a United States patent or copyright or violates a trade secret. The Contractor shall pay those costs and damages finally awarded against the CSU in any such action. Such defense and payment shall be conditioned on the following:
- (i) That the Contractor shall be notified within a reasonable time in writing by the CSU of any notice of such claim; and,
 - (ii) That the Contractor shall have the sole control of the defense of any action on such claim and all negotiations for its settlement or compromise, provided, however, that when principles of government or public law are involved, the CSU has the option to participate in such action at its own expense.
- (b) Should the product, or the operation thereof, become, or in the Contractor's opinion is likely to become, the subject of a claim of infringement of a United States or foreign patent or copyright or a trade secret, the CSU shall permit the Contractor at its option and expense either to procure for the CSU the right to continue using the product, or to replace or modify the same so that they become non-infringing provided such replacement or modified product satisfies the performance requirements specified in the Contract. If none of these options can reasonably be taken, or if the use of such product by the CSU shall be prevented by injunction, the Contractor agrees to take back such product and make every reasonable effort to assist the CSU in procuring a substitute product. If, in the sole opinion of the CSU, the return of such infringing product makes the retention of other products acquired from the Contractor under this contract impractical, the CSU shall then have the option of terminating the contract, or applicable portions thereof, without penalty or termination charge. The Contractor agrees to take back such product and refund any sums the CSU has paid Contractor less any reasonable amount for use or damage.

20. Compliance with NLRB Orders

Contractor declares under penalty of perjury that no more than one final, unappealable finding of contempt of court by a federal court has been issued against the Contractor within the immediately preceding two-year period because of the Contractor's failure to comply with an order of a federal court which orders the Contractor to comply with an order of the National Labor Relations Board. This provision is required by, and shall be construed in accordance with, Public Contract Code Section 10296.

The Contractor shall warrant that no gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by the Contractor, or any agent or representative of the Contractor, to any officer or employee of the CSU with a view toward securing the Contract or securing favorable treatment with respect to any determinations concerning the performance of the Contract. For breach or violation of this warranty, the CSU shall have the right to terminate the Contract, either in whole or in part, and any loss or damage sustained by the CSU in procuring on the open market any items which the Contractor agreed to supply shall be borne and paid for by the Contractor. The rights and remedies of the CSU provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Contract.

27. Rights and Remedies of CSU for Default

- (a) In the event any Deliverables furnished or services provided by the Contractor in the performance of this Contract should fail to conform to the requirements herein, or to the sample submitted by the Contractor, the CSU may reject the same, and it shall thereupon become the duty of the Contractor to reclaim and

remove the same forthwith or to correct the performance of services, without expense to the CSU, and immediately to replace all such rejected items with others conforming to such specifications or samples; provided that should the Contractor fail, neglect, or refuse to do so, the CSU shall thereupon have the right to purchase in the open market, in lieu thereof, a corresponding quantity of any such items and to deduct from any moneys due or that may thereafter become due to the Contractor the difference between the price named in the Contract and the actual cost thereof to the CSU.

- (b) In the event the Contractor shall fail to make prompt delivery as specified of any item, the same conditions as to the right of the CSU to purchase in the open market and to reimbursement set forth above shall apply, except for force majeure. Except for defaults of subcontractors, neither party shall be responsible for delays or failures in performance resulting from acts beyond the control of the offending party. Such acts (known as "force majeure") shall include but shall not be limited to fire, strike, freight embargo or acts of God and of the Government. If a delay or failure in performance by the Contractor arises out of a default of its subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either of them, the Contractor shall not be liable for damages of such delay or failure, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required performance schedule.
- (c) In the event of the termination of the Contract, either in whole or in part, by reason of the default or breach thereof by the Contractor, any loss or damage sustained by the CSU in procuring any items which the Contractor therein agreed to supply shall be borne and paid for by the Contractor.
- (d) The rights and remedies of the CSU provided above shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Contract.

28. Contractor's Power and Authority

The Contractor warrants that it has full power and authority to grant the rights herein granted and will hold the CSU hereunder harmless from and against any loss, cost, liability, and expense (including reasonable attorney fees) arising out of any breach of this warranty. Further, Contractor avers that it will not enter into any arrangement with any third party which might abridge any rights of the CSU under this Contract.

29. Entire Contract

This Contract sets forth the entire agreement between the parties with respect to the subject matter hereof and shall govern the respective duties and obligations of the parties.

Adjustment of Fees

After the initial year of the term, the Fees for the Subscriber's Journal Collection(s) will be subject to an adjustment to account for any titles removed from the Journal Collection(s) during the remainder of the term of this Agreement.

Journal Collection(s)

The Subscriber's Journal Collection(s) is described in Schedule 1.1.

Transaction Fee

The Subscriber may purchase pre-paid Transactions ("PPT") upon mutual agreement of the parties in writing. Unused PPT will be forfeited one (1) year after issue or upon termination of this Agreement, whichever is earlier.

ELSEVIER SUBSCRIPTION AGREEMENT
Schedule 1.1
Journal Subscription

Journal Collection(s):

Complete Collection: Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1995 identified on Annex A to Schedule 1.1.

Cell Press Collection: Electronic access to the full text of all articles from the Cell Press journal titles published since 1 January 1995 identified on Annex A to Schedule 1.1.

Options to Substitute Subscribed Titles

The Subscriber may substitute any of the subscribed journal titles identified on Annex A (“Subscribed Titles”) with one or more journal titles of total comparable value (in current year list price) once annually upon notice to Elsevier by 1 October prior to the start of the next calendar year or by 31 March of the subscribing year or at any time upon mutual agreement of the parties in writing. The foregoing does not apply to the following “Additional Collections” titles: the additional Cell Press titles, the French language publications described as the Elsevier Masson Collection, the Spanish language publications described as the Elsevier Doyma Collection, the clinical journal titles described as the Clinics Collection, the seminars journal titles described as the Seminars Collection, and the National Kidney Foundation titles. The foregoing may also not apply to a limited number of additional titles or collections of titles (published by Elsevier or third parties) that may become available on the ScienceDirect platform during the term of the Agreement.

Option to Purchase New Elsevier Journal Titles

During the term of this Agreement the Subscriber may purchase an electronic subscription to, and thus add to its list of Subscribed Titles, any newly published Elsevier journal title selected that is available on ScienceDirect at any time upon written notice to Elsevier at a rate of ninety (90%) percent of current year list price multiplied by the number of existing print subscriptions of the newly published Elsevier journal title held by Subscriber, or if there are no existing print subscriptions of the newly published Elsevier journal title held by Subscriber, multiplied by 3.6. The foregoing rate does not apply to new titles from the Additional Collections (as defined above), and the foregoing rate may not apply to additional titles or collections of titles (published by Elsevier or third parties) that may become available on the ScienceDirect platform during the term of the Agreement. With respect to such titles, Elsevier will reasonably determine and provide a quote to Subscriber upon request.

Option to Substitute or Refund Withdrawn Subscribed Titles

The Subscriber may substitute any withdrawn Subscribed Title with one or more journal titles of total comparable value (in current year list price) at any time upon notice to Elsevier. In the event that no substitute journal title is available, Elsevier will refund to the Subscriber the amount of the Fees paid for the withdrawn Subscribed Titles for the remainder of the term.

Transferred Titles

Society journal titles for which the Subscriber holds an electronic subscription through a third-party publisher whose publication rights are transferred to Elsevier and made accessible on ScienceDirect during the term (“Transferred Titles”) will be deemed Subscribed Titles effective as of the date of transfer and for the then current publication year and the publication years previously paid unless and until the Subscriber notifies Elsevier that it no longer wishes to continue such electronic subscription on ScienceDirect. The option to substitute Subscribed Titles does not apply to Transferred Titles.

Post Termination Access to Subscribed Titles

Upon termination of all of the Subscriber's annual subscriptions on ScienceDirect online, the Subscriber may, at its option, (1) acquire, load and technically format on a server that enables access and use by Authorized Users an electronic copy of all or part of its Subscribed Titles for the publication years paid for cost and/or (2) continue to access such Subscribed Titles online for an annual access fee based on the number of full-text articles downloaded from such titles during the prior twelve (12) months at a rate of US\$0.081 per download, with a minimum annual fee of US\$500 (adjusted annually for inflation and cost increases) for the Subscriber's access to the platform, in accordance with the usage provisions of this Agreement, which provisions will survive the termination of the Agreement. Elsevier will make available for inspection by a duly authorized auditor of the Subscriber, at the Subscriber's sole expense, the records concerning the calculation of the annual access fee one time per year during regular business hours upon thirty (30) days written notice to Elsevier. The electronic copy may not contain links and other features and functionality associated with the online version. If a particular Subscribed Title is withdrawn by Elsevier or not renewed by the Subscriber, but the Subscriber remains a ScienceDirect online subscriber, the Subscriber may continue to access online, at no additional charge, such formerly Subscribed Title for the publication years paid, provided that Elsevier continues to hold the electronic rights thereto.

Deep Discounted Price for Print Subscriptions

Provided that the Fees have been paid, the Subscriber will have the option to place orders for annual subscriptions to a selection of Elsevier print publications at a price reduced from the list price ("Deep Discounted Price" or "DDP"), by 1 August prior to the start of the next calendar year from Elsevier or its affiliate directly and from only one (1) authorized subscription agent, which will be selected by the Subscriber, and Elsevier or its affiliate will fulfill such orders in accordance with its customary practices. The Subscriber will notify Elsevier of its subscription agent's contact information upon placing such orders. The Subscriber may change its subscription agent no more than once annually by giving Elsevier notice by 1 August prior to the start of the next calendar year. The Subscriber will not place orders for such DDP subscriptions on behalf of any other person or entity or with the intent to resell, rent, license, lease or otherwise transfer them to another person or entity.
