The liability of the University, at any time, for such payments shall be limited to the unexpended amount remaining of such funds.
3. Springer shall strictly comply with all applicable federal and State laws, rules, and regulations in effect or hereafter established, including, without limitation, laws applicable to discrimination and unfair employment practices.

6. Confidential Information may be disclosed as required by law. As used in the License Agreement, "required by law" shall include, but not be limited to, disclosures compelled by demand pursuant to the Colorado Open Records Act (Colo. Rev. Stat. Sec. 24-72-204, as amended).
7. Liability for claims for injuries to persons or property arising from the negligence of Colorado State University, its departments, Board, officials, and employees is at all times herein strictly controlled and limited by the provisions of the CGIA, as now and hereafter amended. Nothing in this Contract shall be deemed or applied as a waiver of such immunities. In no event will the University or the State of Colorado be liable for any special, indirect, or consequential damages, even if the University or the State has been advised of the possibility thereof. As an institution of the State of Colorado, the University is not authorized to indemnify any party, public or private, as against the claims and demands of third parties and any such indemnification provision in this Contract shall be null and void.

Specific Provisions Journals

1. Subscribed Journals

The journals listed in Section 6 (the "Subscribed Journal(s)" contain the volumes of previous years going back to 1997 if available (the "Complimentary Volumes").

2. Print Electronic Journals

- 2.1 Licensee may substitute a print subscription with an e-only-subscription subject to appropriate adjustment of the License Fee, by giving Springer notice in writing on or before September 1st with effect for the following Subscription Year.
- 2.2 In the event that any Subscribed Journal is no longer included in SpringerLink, Licensee may substitute any such Subscribed Journal with another Journal of equivalent value (current year list price) at any time upon written notice to Springer. In case Licensee does not choose another Journal, the value of the corresponding subscriptions will be decreased from the license.
- 2.3 In case Licensee orders the print versions of its Subscribed Journals from Springer or from an agent in addition to its e-only-Subscription under this License Agreement, Licensee is entitled to a discount of 75% of the list price of the print version, excluding postage and handling fee ("Deep Discounted Print" or "DDP"). The order shall include the indication that Licensee orders the print versions of the Subscribed Journals under the DDP, otherwise Licensee is not entitled to any refund from Springer.

3. Transfer, Take-Over and New Journals

- 3.1 If the publishing rights to a Subscribed Journal are transferred to another publisher, Springer will use its best efforts to provide Licensee or - in case of a consortium - those Participating Libraries with a respective Subscription with continuous access to those issues of the Subscribed Journal published during the Term either (a) online on SpringerLink, (b) online on the new publisher's website, or (c) offline by providing the same on a digital storage medium..
- 3.2 For the titles Springer gains, **libraries will always have the option of subscribing or not subscribing to those titles.** The resulting access-levels and inclusions in the license going forward will be thus:
 - Takeover titles will be added to the GWLA database (including DDP and archival rights) when subscriptions do not decrease upon transfer to Springer and at least six (6) subscriptions exist.
 - If no subscriptions exist at the time of transfer, in order for the title to be added to the database, six (6) participating libraries will be required to add a subscription. The journal will then be accessible to the group and added to the license. If five or fewer libraries choose to subscribe, that title will be accessible to only the subscribing library(ies).
 - If no subscriptions exist for a title the journal will be excluded from the license and not accessible to any of the members.
- 3.3 Electronic access to new, start-up journals initiated by Springer (the "Start-Up Journals") will be included at no additional cost during the first two years of their publication but not exceeding the Term of this License Agreement. Licensee has no rights to continuous access with regard to the Start-Up Journals.

- 3.4 For all titles under this license Agreement transferred to another publisher, or discontinued by Springer, COUNTER statistics from a 12-month period prior to the title leaving Springer will be used to make a comparable fee reduction for all participating libraries based on the percentage of that title(s) use at a consortium level.

4. Term and Duration of Access

- 4.1 The term shall begin on January 1, 2012 and shall end on December 31st 2016 (the "Subscription Year" or "Term").
- 4.2 After expiration of the Term and subject to Licensee's and Participating Libraries' compliance with it, Licensee and each Participating Library, shall be entitled to continuous access to all Subscribed Journals. From January 1st 2019, Licensee shall pay an annual hosting fee in the amount of US \$625.00 for access to the Subscribed Journals through SpringerLink, which will be waived during those years that Licensee and/or any Participating Library subscribes to or acquires any additional Content hosted on SpringerLink. Licensee and Participating Libraries shall be entitled to access the Non-Subscribed Journals and the Complimentary Volumes only during the Term.

5. Termination of Subscription

- 5.1 A Participating Library may opt out of this License Agreement due to unexpected severe financial difficulties by giving Springer notice in writing including the reasons for opting-out, by October 31st with effect for January 1st of the following year. The share of the terminating Participating Library will be deducted from the base value. In case the Participating Library does not terminate on time, it will not receive a refund of its share for the following Subscription Year. If the share of the base value (the electronic-only fee) of the Participating Library(ies) represent more than 10 % of the annual License Fee, Springer has the right to renegotiate the terms of this Agreement.
- 5.2 In the event, a Participating Library cancels its Subscription, Springer may restore the Subscription provided that the Participating Library restores its Subscription in the same amount of its License Fee prior to its cancellation.

6. List of Subscribed Journals

This list represents the list as of 31 October 2011. Springer will provide to all participants an annual consortium access list by 28 February each year reflecting any changes due to takeovers, transfers, new starts.
