2. Print and Electronic Journals

- 2.1 Licensee may substitute a print subscription with an e-only-subscription subject to appropriate adjustment of the License Fee, by giving Springer notice in writing on or before September 1st with effect for the following Subscription Year.
- 2.2 In the event that any Subscribed Journal is no longer included in Springer's Websites, Licensee may substitute any such Subscribed Journal with another Journal of equivalent value (current year list price) at any time upon written notice to Springer. In case Licensee does not choose another Journal, the License Fee will be reasonably decreased.
- 2.3 Intentionally deleted.
- 2.4 In case Licensee orders the print versions of Licensed Materials from Springer or from an agent in addition to its e-only Subscription under this License Agreement, Licensee is entitled to a discount of 75% of the list price of the print version, excluding postage and handling fee ("Deep Discounted Print" or "DDP"). The order shall include the indication that Licensee orders the print versions of the Journals under the DDP, otherwise Licensee is not entitled to any refund from Springer.

3. Transfer, Take-Over and New Journals

- 3.1 If the publishing rights to Licensed Materials are transferred to another publisher, Springer will use its best efforts to provide Licensee or - in case of a consortium - those Participating Institutions with continuous access to those issues of the Licensed Materials published during the Term either (a) online on Springer's Websites, (b) online on the new publisher's website, or (c) offline by providing the same on a digital storage medium. If Springer is unable to do any of the foregoing, Springer will use its best efforts to provide the Licensee the copies of the Licensed Materials that is transferring in an electronic medium as is currently in use (such as CD-ROM or the then-current equivalent.)
- 3.2 In the event that during the Subscription Year, Springer acquires a journal from a third party publisher (the "Take-Over Journal"), Participating Libraries with existing subscriptions to the Take-Over will be required to maintain that subscription. Take-Over titles will be added to this agreement and the value of the Take-Over title will be added to the base value of the subscribing institution(s). Springer will provide access and rights to the Take-Over Journals to all other Participating Libraries at no additional cost.
- 3.3 Electronic access to new, start-up journals initiated by Springer (the "Start-Up Journals") will be included at no additional cost during the first two years of their publication but not exceeding the Term of this License Agreement. Licensee has no rights to continuous access with regard to the Start-Up Journals.

4. Term and Duration of Access

- 4.1 The term shall begin on January 1st, 2014 and shall end on December 31st, 2016 (the "Subscription Year" or "Term").
- 4.2 After expiration of the Term and subject to Licensee's and Participating Institutions' compliance with it, Licensee and each Participating Institutions shall be entitled to continuous access to all Licensed Materials. From January 1st, 2019, in the event that Licensee does not purchase or license any other online products or services from Springer, Licensee shall pay an annual hosting fee in the amount of US \$625.00 for access to the Licensed Materials through Springer's websites.
- 4.3 The Participating Institutions in Attachment 1 are granted archival rights to the Licensed Materials. Springer recognizes the right of these Participating Institutions, in the absence of uncured material breach by Licensee, to ongoing continuous access to their Subscribed Materials as described in this Agreement and listed in Section 7. Those rights and the methods by which they may be exercised are described below (hereinafter referred to as "Archival Rights"). Participating Institutions in Attachment 2 are granted access only, without Archival Rights.

5. Termination of Subscription

The share of the termination Participating Institution will be deducted from the base value. In case the Participating Institution does not terminate on time, it will not receive a refund of its share for the following Subscription Year. If the share of the base value (the minimum print value + electronic-fee, or the electronic-only fee) of the Participating Library(ies) represent more than 10% of the annual License Fee, Springer has the right to renegotiate the terms of this Agreement.
- 5.2 In the event, a Participating Institution cancels its Subscription, Springer may restore the Subscription provided that the Participating Institution restores its Subscription in the same amount of its License Fee prior to its cancellation and according to Section 2.2 of the License Agreement.
- 5.3 Upon termination of this Agreement, Springer shall provide continuing access to Licensee and its Authorized Users to that portion of the Licensed Material to which the Licensee shall have been lawfully entitled up until termination of this Agreement.

“TDM Output” means the result of any Text and Data Mining activity or operation, capable of fixation, reproduction and/or communication in any form, including without limitation the creation of an index, reference, abstract, relative or absolute description or representation of subscribed Content, an algorithm, formula, metrics, method, standard or taxonomy describing or based on subscribed Content, a relational expression or measurement, whether scalable or not, of subscribed Content, extraction, alternative representation or translation, expression or discussion of any extracts from mined subscribed Content, whether in the form of a direct extraction or a representation in any form which is based on subscribed Content.

1. Licensed uses: TDM

The Licensee and its Authorized Users may use all of the subscribed Content under this License Agreement, at no additional cost, in the course and for the purpose of non-commercial research:

(a) for Text and Data Mining (TDM) by carrying out the following activities: download, extract and index information from the subscribed Content to which the Licensee has access under this License Agreement. Where required, mount, load and integrate the results on an internally facing server used for the Licensee’s text-mining system to evaluate and interpret the TDM Output for access and use by Authorized Users.

Such copies of subscribed Content are not to be redistributed for any purpose or to be used for marketing of the Licensee or the Authorized User’s research capabilities. This also includes any commercial research capabilities.

(b.1) create derivative products or services that would compete with or be substitutable for the Publishers' products and services;

(b.2) extract, develop or use subscribed Content in any commercial activity;

(b.3) abridge, modify, translate subscribed content, or create any derivative work based on the subscribed Content, except to the extent necessary to make them perceptible on a computer screen to Authorized Users;

(b.4) allow a third party to harvest any TDM Output, including but not limited to transfer the TDM Output to an internal server;

(b.5) remove, obscure or modify in any way any copyright notices, other notices or disclaimers as they appear in the subscribed Content;

Springer and the Licensee agree the following access protocols:

(a) The Licensee shall ensure compliance with Springer's Usage policies and/or Springer's instructions, including security and technical access requirements. TDM may be undertaken on either locally loaded subscribed Content or as mutually agreed.

(b) Licensee shall implement and maintain adequate and effective state of the art data security systems and measures, in line with international industry standards and best practice.

(c) In the event the Licensee collects or otherwise processes or uses personal data, Licensee shall expressly obtain consent from the end user or any person that is a beneficiary of applicable data protection laws. Such collection, processing or use shall be limited to the scope of the consent given. Licensee shall undertake the appropriate technical and security measures to protect any personal data Licensee collects.

(d) Springer may require the Licensee and Authorized Users to adhere to Springer's policies and/or instructions referred to in clause 3(a) above in carrying out any TDM activities, including, without limitation, in scheduling and staggering them over time.

(e) Springer does not give any warranty or assurance as to the suitability or availability of Springer's electronic servers and systems for carrying out TDM or extracting TDM Output, nor as to the completeness or accuracy of any downloaded materials.

4. Breach and Termination

(a) Breach: In addition to any contractual rights and remedies under the applicable law, Springer shall retain the right to deny access to any Content where the Licensee is in breach of any of the conditions of this License Agreement relating to TDM. Where Licensee has made available any subscribed Content, or has made any resulting TDM Output available to third parties, Springer shall be entitled to terminate rights granted under clause 1 hereof and also to charge the Licensee any subscription fee that would have been payable to Springer, had the use in question been agreed.

(b) Termination: Removal of locally-loaded copies of subscribed Content: Upon termination of any TDM grant of rights under clause 4(a) above or upon termination of the entire License Agreement, howsoever arising, the Licensee shall procure the destruction of any copies of the subscribed Content if locally loaded for purposes of TDM. No later than 30 days after termination, the Licensee shall provide a certificate of destruction signed by an authorized officer of the Licensee.
