**1. Online Terms and Conditions**

The Online Terms and Conditions including **Attachment A** (License ID 7373) dated January 1<sup>st</sup>, 2011 are fully applicable to journals and incorporated by reference.

**2. Models**

2.1 Springer offers journals for subscription by title with copyright years from 1997 to present in online form and as print versions in two different models:

- The **E-Only Enhanced Access Model** provides for online access to journals of copyright year 1997 to present (the "Enhanced Access, Contemporary Content or E-only Journals").

- The **Print Plus Enhanced Access Model** covers the Contemporary Content and the print version of the Subscribed Journal for the subscription year.

2.2 Springer offers additional journals which Licensee has not subscribed to as a complement to the E-Only Enhanced Access Model and Print Plus Enhanced Access Model. These additional journals that do not require any fees are listed in this Attachment B to the Master License Agreement, Journals, Section 10, "Non-Subscribed Journals".

### 3. Journals and Journals Fee

3.1 Springer grants Licensee access to the Journals listed in Section 9 of this Attachment in the form of the E-only Enhanced Access Model ("Subscribed Journals or the Subscription") and to the Non-Subscribed Journals listed in Section 10 of this Attachment.

3.2 Licensee may make one copy of the Subscribed Journals and the Non-Subscribed Journals, both in electronic and print format for backup purposes only.

3.3 Licensee may use the Subscribed Journals and Non-Subscribed Journals for Inter-Library Loan in accordance with Section 4.2 of the Online Terms and Conditions.

3.4 As detailed in Attachment C, UT System shall pay a fee of US Dollar \$1,964,761.69 for 2011, and 1,826,961.97 for 2012, and Houston Academy of Medicine shall pay a fee of US Dollar \$ 242,800.67 for 2011, and \$258,328.92 for 2012 Subscribed Journals (the "Journals Fee") in accordance with the payment terms set forth in Section 9 of the Online Terms and Conditions.

3.4.1 Participating Institutions shall pay a fee of US Dollar \$8,000 in order to participate in a Consortia deal (the "Minimum Participation Fee"). Each Participating Institution whose total subscription value to the Journals is below US Dollar \$8,000 shall pay Springer an additional fee equal to the difference between their total subscription value of the Journals and US Dollar \$8,000. For clarity the University of Texas Health Science Center at Houston, School of Dentistry's fee is connected to the University of Texas Health Science Center at Houston, School of Public Health's fee, and as a whole they are not considered below the Minimum Participation Fee. For clarity, the University of Texas at Austin, Law Library's fee is connected to the University of Texas at Austin's fee, and as a whole they are not considered below the Minimum Participation Fee.

## 5. Multi-Year Agreements

- 5.1 In this case of a 2011-2013 Multi-Year Agreement, Springer shall charge a 2011 Journals Fee as detailed in Attachment C, increase the Journals Fee by 4% for 2012, and 4% for 2013, during each subsequent Subscription Year of the Multi-Year Agreements based on the last Journals Fee, subjected to title and fee adjustments as describe in this Attachment B to the Master License Agreement, Journals.
- 5.2 Licensee may substitute a Print Plus Enhanced Access Subscription with an E-Only Enhanced Access Subscription subject to appropriate fee adjustment, by giving Springer notice in writing no later than by August 1 prior to the start of the next Subscription Year. .
- 5.3 Electronic access to new, start-up journals initiated by Springer (the "Start-Up Journals") will be included at no additional cost during the first two (2) years of publication (the "Grant Period"). Licensee has no archival rights with regard to the Start-Up Journals during the Grant Period.
- 5.4 In the event that Licensee wishes to subscribe to any of the Start-Up Journals during or after the expiry of the Grant Period (the "New Journals"), those New Journals will be added to the list of Journals set out in Section 9 as described in Section 5.10 by all parties signing an Addendum to this Attachment B, Journals, and to Attachment C to update the Journals Fee. Licensee will then have continuous access to the added New Journals.
- 5.5 Already existing print journals becoming available in electronic format during the Term can be added at the request of the Licensee, at the start of the subsequent Subscription Year, as per the terms of this Attachment. The Journals Fee will be increased by the prevailing subscription price multiplied by the number of combined subscriptions held by the requesting Licensee and/or Participating Institutions during the Subscription Year, and added to the **Journals** Fee above, as detailed in Attachment C.
- 5.6 Licensee will maintain the amount and value within 3% as allowed in Section 6.1 of the Subscribed Journals during the first Subscription Year in the amount of its Journals Fee (plus any applicable annual price increases, but excluding any tax increases). In the event that Licensee cancels its Subscribed Journals to an amount that would result in a decrease of the Journals Fee beyond 3%, Licensee shall be charged an additional fee equal to the value (in current Subscription Year's price) of the cancelled Subscribed Journal in order to meet the Journals Fee, or Licensee and Springer will negotiate another outcome which will be outlined in an amendment to this Agreement, signed by all parties.
- 5.7 In the event that any Subscribed Journal is no longer included in SpringerLink, Licensee may optionally substitute any such Subscribed Journal with another Journal of equal value (in current year list price) at any time upon written notice to Springer. Notwithstanding the foregoing, within ninety (90) days following execution of this Attachment and by March 31, Springer may substitute Subscribed Journals with another Journal with the prior written consent of Licensee. In case Licensee will not choose any substituted Journal,

the respective values of the discontinued Subscribed Journal will be removed from the Journals Fee times the number of combined subscriptions held during the Subscription Year.

If the value of the Journals Fee decreases more than 3% due to removed titles, the affected Licensee will not be required to pay an additional fee as described in Section 5.6. However, such Subscribed Journals (and their respective back files) will remain as Content on SpringerLink.

- 5.8 If the publishing rights to any item of Subscribed Journals are transferred to another publisher, Springer will use reasonable efforts to retain a non-exclusive copy of the volumes published and make them available through SpringerLink to Licensee.
- 5.9 In the event that Springer has acquired any journals from a third party (the "Take-Over Journals") and in the event that Springer publishes any such Take-Over Journals on SpringerLink during the Subscription Year, Springer shall verify whether Licensee has already subscribed to any such Take-Over Journals. At the request of Licensee and/ or Participating Institution in the following Subscription Year, the Take-Over Journals will then be added to Section 9 of this Attachment and the value thereof will be added to the Journals Fee at the request of a Licensee and/or Participating Institution.
- 5.10 For those journals which leave Springer, the value of the corresponding subscriptions will be deducted from the license. If the value of the Journals Fee decreases more than 3% due to journals which leave Springer, the affected Licensee will not be required to pay an additional fee as described in Section 5.6. For the titles Springer gains, Licensees and Participating Institutions **will always have the option of subscribing or not subscribing to those titles**. The resulting access-levels and inclusions in the license going forward will be thus:
- Takeover titles will be added to the UT Subscribed (including DDP and Archival rights) when subscriptions do not decrease upon transfer to Springer and at least two subscriptions exist.
  - If no subscriptions exist at the time of transfer, in order for the title to be added to the database, two Participating Institutions will be required to add a subscription. The journal will then be accessible to the Licensees and the Participating Institutions and added to the license. If only one Participating Institution chooses to subscribe, that title will be accessible to only the subscribing Participating Institution.
  - If no subscriptions exist for a title the journal will be excluded from the license and not accessible to any of the Participating Institutions.
- 5.11 Licensee shall provide Springer with a complete list of the Subscribed Journals and provide any updates or corrections to that list.

## 6. Consortia Deals

- 6.1 During the Term of a Multi-Year Agreement, Participating Institutions are entitled to cancel their Subscribed Journals comprising up to three percent (3%) of the Journals Fee of the upcoming Subscription Year. The Participating Institution shall inform Springer no later than by November 1 before the Subscription Year that it wishes to cancel parts of their Subscribed Journals. Springer shall make any necessary applicable adjustments to the Journals Fee accordingly.

- 6.2 Additional Participating Institutions wishing to obtain access to Journals may become parties to this Agreement during the Term with the mutual consent of Licensee and Springer by signing an Amendment to this Agreement. Any such amendment shall identify the additional Participating Institutions by their full contact information, and shall include any such Participating Institutions' contribution to the Journals Fee, their minimum financial contribution to the Journals Fee and any and all necessary electronic charges. UT System is the party to this Agreement; the UT Participating Institutions are added to (and subject to) it by the UT System.
- 6.3 Licensee and Participating Institutions that only subscribe to the E-Only Enhanced Model of Subscribed Journals are entitled to purchase the print versions of those Subscribed Journals directly from Springer or from any designated agent of Springer at a seventy-five percent (75%) discount, i.e. subscription prices at 25% of the list price, excluding postage and handling ("Deep Discount Price" or "DDP"). Licensee and Participating Institutions (if applicable) purchasing print versions of the Subscribed Journals at DDP must clearly state to their designated agent and Springer in writing that they intend to subscribe to the print versions of the Subscribed Journals under the Deep Discount Price. If Licensee fails to do so, Licensee shall not receive any refund. Section 6.3 of this Attachment does not apply to Non-Subscribed Journals.
- 6.4 Should Licensee and/or a Participating Institution ever cease or cancel its access to the Subscribed Journals and desire to reinstate its access thereto, Springer and the affected Licensee will negotiate the reinstatement through an amendment to this Agreement, signed by all parties.

## **7. Term and Duration of Access**

- 7.1 The term shall begin on the date of the execution of this Attachment and shall end on 31 December 2013 (the "Subscription Year" or "Term").
- 7.2 After expiration of the Term and subject to Licensee's and Participating Institution's compliance with it, Licensee and each Participating Institution, shall be entitled to continuous access to all Subscribed Journals. From January 1<sup>st</sup>, 2016, Licensee shall pay an annual hosting fee in the amount of US \$625.00 for access to the Subscribed Journals through SpringerLink, which will be waived during those years that Licensee and/or any Participating Institution subscribes to or acquires any additional Content hosted on SpringerLink. Licensee and Participating Institution shall be entitled to access the Non-Subscribed Journals and the Complimentary Volumes only during the Term.

## **8. ARCHIVALRIGHTS**

- 8.1 Springer recognizes the right of the University of Texas System and HAM to continuous access of the Subscribed Materials as described in this Agreement and listed in Section 9 Subscribed Journals. Further, Springer makes provision for the University of Texas System and HAM to self-archive the Non-subscribed Materials listed in Section 10 Non-Subscribed Journals. These rights and the methods by which they may be exercised are described below (hereinafter referred to as "Archival Rights").

- 8.2 Each Participating Institution may make one (1) electronic copy of all the Licensed Materials, as well as one (1) copy in print, from the electronic versions of the Licensed Materials to be maintained by that Participating Institution as a backup or for archival purposes. Use of CLOCKSS or Portico[1] technology for backup and archival purposes is permitted. This local archiving right is permitted for both the Subscribed Materials listed in Section 9 and the Non-subscribed Journals listed in Section 10.
