MEMBERS OF THE ORBIS CASCADE ALLIANCE, c/o Greg Doyle, Orbis Cascade
Alliance, 2288 Oakmont Way, Eugene, OR 97401 ("the Consortium")

WHEREAS the Publisher holds the rights granted under this License

AND WHEREAS the Consortium desires to enable Members of the Consortium to use the
rights and the Publisher desires to grant to the Consortium the License to use the rights
for the Fee, subject to the terms and conditions of this License.

IT IS AGREED AS FOLLOWS: -

1 KEY DEFINITIONS

1.1 In this License, the following terms shall have the following meanings: -

Representative	A third party appointed from time to time by the Consortium to act on the Consortium's behalf, who may undertake any or all of the obligations of the Consortium under this License, as agreed between the Consortium and the Representative.
Authorised Users	Current members of the faculty and other staff of Members (whether on a permanent, temporary, contract or visiting basis) and individuals who are currently studying at a Member's institution, who are permitted to access the Secure Network from within the Library Premises or from such other places where Authorised Users work or study (including but not limited to Authorised Users' offices and homes, halls of residence and student dormitories) and who have been issued by a Member with a password or other authentication together with other persons who are permitted to use a Member's library or information service and permitted to access the Secure Network but only from computer terminals within the Member's Library Premises.

Commercial Use	Use for the purposes of monetary reward (whether by or for the Consortium or a Member or an Authorised User) by means of sale, resale, loan, transfer, hire or other form of exploitation of the Licensed Materials. For the avoidance of doubt, neither recovery of direct costs by the Consortium or any Member from Authorised Users, nor use by the Consortium or a Member or by an Authorised User of the Licensed Materials in the course of research funded by a commercial organisation, is deemed to be Commercial Use.
Course Packs	A collection or compilation of materials (e.g. book chapters, journal articles) assembled by members of staff of a Member for use by students in a class for the purposes of instruction.
Effective Date	The date on which this License will be deemed to have taken effect.

Library Premises	The physical premises of the library or libraries operated by Members as specified in Schedule 2.
Licensed Materials	The electronic material as set out in Schedule 1 or in new Schedules to this License that may be agreed by the parties from time to time.

Perpetual access	The Consortium will have continuing access to material that was published and paid for during the period of this License.
Publisher's Representative	A third party appointed from time to time by the Publisher to act on the Publisher's behalf, who may execute this License on behalf of the Publisher and undertake any or all of the Publisher's obligations under this License, as

agreed between the Publisher and the Publisher's Representative.

- Secure Network** A network (whether a standalone network or a virtual network within the Internet) which is only accessible to Authorised Users approved by a Member whose identity is authenticated at the time of log-in and periodically thereafter consistent with current reasonable practice.
- Secure authentication** Access to the Licensed Material by Athens or Shibboleth (SAML) technology based authentication, InternetProtocol ("IP") ranges, authentication by user name and password or by another means of authentication agreed in writing between the Publisher and the Consortium from time to time, and consistent with best practice.
- Server** The server, either the Publisher's server or a third party server designated by the Publisher, on which the Licensed Materials are mounted and may be accessed.
- Subscription Period** That period nominally covered by the volumes and issues of the Licensed Material listed in Schedule 1, regardless of the actual date of publication.

2 AGREEMENT

- 2.1 The Publisher agrees to grant to the Consortium the non-exclusive and non-transferable right to give Authorised Users access to the Licensed Materials via a Secure Network for the purposes of research, teaching and private study, subject to the terms and conditions of this License, and the Consortium agrees to pay the Fee. The Representative will be responsible for processing payment of the Fee (and will be entitled to receive any refund of the Fee) on behalf of the Consortium, unless notified otherwise, in which case the Fee will be paid by the Consortium direct to the Publisher or Publisher's Representative.
- 2.2 This License shall commence on the Effective Date and shall continue until 31 December 2015 when it shall automatically terminate unless the parties have previously agreed to renew it. On renewal, Schedule 1 shall be revised appropriately in respect of the Licensed Materials and Subscription Period.
- 2.3 On termination of this License:
- 2.3.1 the Publisher shall provide continuing access for Authorised Users to that part of the Licensed Materials which was published and paid for within the Subscription Period, either from the Server or by supplying electronic files to the Consortium or via a third party;
 - 2.3.2 notwithstanding 2.3.1, the Publisher may in certain circumstances no longer have the right to fulfil the terms of clause 2.3.1 in respect of a particular Journal, but the Publisher undertakes to try to avoid this by using all commercially reasonable endeavours to ensure that any sale or re-assignment of any part of the Licensed

Materials is without prejudice to the ongoing fulfilment of the terms of this License. The Publisher will use all reasonable effort to retain a non-exclusive copy of the volumes published and paid for within the Subscription Period, and make them available free of charge through the Publisher's server or supplying such materials free of charge to the Consortium via ftp protocol or similar.

- 3.1 The Consortium, subject to clause 6 below, may:
 - 3.1.1 Allow Authorised Users to have access to the Licensed Materials from the Publisher's Server via the Secure Network.

 - 3.2.3 Print off a copy of parts of the Licensed Materials.
 - 3.2.4 Distribute a copy of individual articles or items of the Licensed Materials in print or electronic form to other Authorised Users for their personal use; for the avoidance of doubt, this sub-clause shall include the distribution of a copy for teaching purposes to each individual student Authorised User in a class at the Member's institution.
- 3.3 Nothing in this License shall in any way exclude, modify or affect any of the Consortium's statutory rights under national copyright law.
- 3.4 The Members may employ third parties (e.g. library networks, other technical infrastructure systems or commercial operators) to operate the technical system for Secure Authentication and use of the Licensed Materials by Authorised Users.

4 SUPPLY OF COPIES TO OTHER LIBRARIES

- 4.1 Members may, subject to clause 6 below, supply to the library of an institution (whether by post, fax or secure transmission, using Ariel, Lonesome Doc, or their equivalent, whereby the electronic file is deleted immediately after printing), for the purposes of individual research or private study by an Authorised user of the library and not for Commercial Use, a single paper copy of an individual document being part of the Licensed Materials.

5 COURSE PACKS AND ELECTRONIC RESERVE

- 5.1 Members may, subject to clause 6 below, incorporate parts of the Licensed Materials in print or electronic Course Packs and Electronic Reserve collections for the use of Authorised Users in the course of instruction at a Member's institution, but not for Commercial Use. Copies of such items shall be deleted by the Member when they are no longer used for such purpose. Course packs in non-electronic non-print perceptible form, such as audio or Braille, may also be offered to Authorised Users who, in the reasonable opinion of the Member, are visually impaired.

6 PROHIBITED USES

- 6.1 Neither the Consortium nor any Authorised User may:
- 6.1.1 remove or alter the authors' names or the Publisher's copyright notices or other means of identification or disclaimers as they appear in the Licensed Materials;
 - 6.1.2 systematically make print copies of extracts from the Licensed Materials or systematically make electronic copies other than for electronic Course Packs and Electronic Reserves permitted under clause 5.1;
 - 6.1.3 mount or distribute any part of the Licensed Material on any electronic network, including without limitation the Internet and the World Wide Web, other than the Secure Network except as required for electronic transmission to another library as provided under clause 4.1 above.
 - 6.1.4 alter, abridge, adapt or modify the Licensed Materials except to the extent necessary to provide access to Authorised Users under the terms of this License.
- 6.2 The Publisher's explicit written permission must be obtained in order to:
- 6.2.1 use all or any part of the Licensed Materials for any Commercial Use;
 - 6.2.2 distribute the whole or any part of the Licensed Materials to anyone other than Authorised Users except as stipulated in clause 4.1;
 - 6.2.3 publish, distribute or make available the Licensed Materials, works based on the Licensed Materials or works which combine them with any other material, other than as permitted in this License;

7 PUBLISHER'S UNDERTAKINGS

- 7.1 The Publisher warrants to the Consortium that the Licensed Materials used as contemplated by this License do not infringe the copyright or any other proprietary or intellectual property rights of any person. The Publisher shall indemnify and hold the Consortium and its Members harmless from and against any loss, damage, costs, liability and expenses (including reasonable legal and professional fees) arising out of any legal action taken against the Consortium or any of its Members claiming actual or

alleged infringement of such rights. This indemnity shall survive the termination of this License for any reason. This indemnity shall not apply if the Consortium or any of its Members has amended the Licensed Materials in any way not permitted by this License.

7.2 The Publisher shall:

- 7.2.1 make the Licensed Materials available to the Consortium from the Server in the media, format and time schedule specified in Schedule 1. The Publisher will notify the Consortium at least ninety (90) in advance of any anticipated specification change applicable to the Licensed Materials. If the changes render the Licensed Materials less useful in a material respect to the Consortium, the Consortium may within sixty (60) days of such notice treat such changes as a breach of this License under clause 10.1.2
- 7.2.2 make every reasonable effort to provide journal content online promptly after publication in print and where possible prior to publication in print.
- 7.2.3 provide the Consortium, within thirty (30) days of the date of this License, with information sufficient to enable the Consortium to access the Licensed Material.
- 7.2.4 use reasonable endeavours to ensure that the Server has adequate capacity and bandwidth to support the usage of the Consortium at a level commensurate with the standards of availability for information services of similar scope operating via the World Wide Web, as such standards evolve from time to time over the term of this License
- 7.2.5 use reasonable endeavours to make the Licensed Materials available to the Consortium and to Authorised Users at all times and on a twenty-four hour basis, save for routine maintenance (which shall be notified to the Consortium in advance wherever possible), and to restore access to the Licensed Materials as soon as possible in the event of an interruption or suspension of the service.

7.3 The Publisher reserves the right at any time to withdraw from the Licensed Materials any item or part of an item for which it no longer retains the right to publish, or which it has reasonable grounds to believe infringes copyright or is defamatory, obscene, unlawful or otherwise objectionable. The Publisher shall give written notice to the Consortium of such withdrawal. If in the reasonable opinion of the Consortium the withdrawal results in the Licensed Materials being no longer useful to the Consortium, the Consortium may within sixty (60) days of such notice treat such changes as a breach of this License under clause 10.1.2.

7.4 The Publisher reserves the right to discontinue online access to the Server by an individual Member and its Authorised Users in the event that the Member and/or its Authorised Users (as opposed to the Consortium as a whole) commits material or persistent breaches of the terms of this License and fails to rectify such breach within sixty (60) days of notification by the Consortium.

- 7.5 Collection and analysis of data on the usage of the Licensed Materials will assist both the Publisher and the Consortium and its Members to understand the impact of this License. The Publisher shall provide to the Consortium or facilitate the collection and provision to the Consortium and the Publisher by the Consortium or Members of usage data on the number of articles downloaded or printed, by journal title and by Member institution, on a schedule to be mutually agreed but at least annually on an agreed date for the Publisher's and the Consortium's private internal use only. Such usage data shall be compiled in a manner consistent with applicable privacy and data protection laws, and the anonymity of individual users and the confidentiality of their searches shall be fully protected. In the case that the Publisher assigns its rights to another party under clause 12.3, the Consortium may at its discretion require the assignee either to keep such usage information confidential or to destroy it.
- 7.6 Except as expressly provided in this License, the Publisher makes no representations or warranties of any kind, express or implied, including, but not limited to, warranties of design, accuracy of the information contained in the Licensed Materials, merchantability or fitness of use for a particular purpose. The Licensed Materials are supplied 'as is'.
- 7.7 Except as provided in clause 7.1, under no circumstances shall the Publisher or the Publisher's Representative be liable to the Consortium or any other person, including but not limited to Authorised Users, for any special, exemplary, incidental or consequential damages of any character arising out of the inability to use, or the use of, the Licensed Materials. Irrespective of the cause or form of action, the Publisher's aggregate liability for any claims, losses, or damages arising out of any breach of this License shall in no circumstances exceed the Fee paid by Consortium to the Publisher under this License in respect of the Subscription Period during which such claim, loss or damage occurred.

8 CONSORTIUM'S UNDERTAKINGS

- 8.1 The Consortium and each Member shall:
- 8.1.1 use reasonable endeavours to ensure that all Authorised Users are appropriately notified of the importance of respecting the intellectual property rights in the Licensed Materials and of the sanctions which each Member imposes for failing to do so;
 - 8.1.2 use reasonable endeavours to notify Authorised Users of the terms and conditions of this License and take steps to protect the Licensed Materials from unauthorised use or other breach of this License;
 - 8.1.3 use reasonable endeavours to monitor compliance and immediately upon becoming aware of any unauthorised use or other breach, inform the Publisher and take all reasonable and appropriate steps, including disciplinary action, both to ensure that such activity ceases and to prevent any recurrence;
 - 8.1.4 provide the Publisher, within thirty (30) days of the date of this Agreement, with information sufficient to enable the Publisher to provide access to the Licensed Material in accordance with its

obligation under clause 7.2.3. Should the Consortium make any significant change to such information, it will notify the Publisher not less than ten (10) days before the change takes effect.

8.1.5 use reasonable endeavours to ensure that only Authorised Users are permitted access to the Licensed Materials.

8.2 The Consortium shall, in consideration for the rights granted under this License, pay the Fee within sixty (60) days of signature and, if applicable, within sixty (60) days of receipt of invoice relating to each subsequent Subscription Period, or according to the payment terms set forth on the invoice. For the avoidance of doubt, the Fee shall be exclusive of any sales, use, value added or similar taxes and the Consortium shall be liable for any such taxes in addition to the Fee.

9 UNDERTAKINGS BY BOTH PARTIES

9.1 Each party shall use its best endeavours to safeguard the intellectual property, confidential information and proprietary rights of the other party.

10 TERM AND TERMINATION

10.1 In addition to automatic termination (unless renewed) under clause 2.2, this License may be terminated:

10.1.1. if the Consortium defaults in making payment of the Fee as provided in this License and fails to remedy such default within sixty (60) days of notification in writing by the Publisher;

10.1.2. if either party commits a material or persistent breach of any term of this License and fails to remedy the breach (if capable of remedy) within sixty (60) days of notification in writing by the other party;

10.1.3. if the Consortium commits a wilful material and persistent breach of the Publisher's copyright or other intellectual property rights or of the provisions of clause 3 in respect of usage rights or of clause 6 in respect of prohibited uses;

10.1.4. if the Publisher no longer owns a Journal or no longer publishes a Journal on behalf of a particular Society (then the License may be terminated in respect of that Journal alone and the Consortium shall be entitled to a refund based on the proportion of the Licensed Materials made up by that particular Journal);

10.1.5. if either party becomes insolvent or becomes subject to receivership, liquidation or similar external administration;

10.1.6. if access, capacity, or technical services of the Publisher or Publisher's Representative are incapable of providing reliable use of the Licensed Materials or otherwise frustrate the intent of the Consortium in entering into this License and such technical issues cannot be resolved by the Publisher or Publisher's Representative within sixty (60) days of notification in writing from the Consortium.

10.2 Except as otherwise provided herein, on termination all rights and obligations of the parties automatically terminate except for obligations in respect of Licensed Materials to which access continues to be permitted.

- 10.3 On termination of this License for cause, as specified in clauses 10.1, the Consortium shall immediately cease to distribute or make available the Licensed Materials to Authorised Users except as provided in clause 2.3.
- 10.4 On termination of this License by the Consortium for cause, as specified in clause 10.1.2 and 10.1.5 above, the Publisher shall promptly and within sixty (60) days refund the proportion of the Fee that represents the paid but un-expired part of the Subscription Period.
- 10.5 An individual Member of the Consortium may terminate this Agreement with respect to that Member if sufficient funds are not provided or allotted in the library budget for the Licensed Materials by the appropriate body in the Member's institution. The Vice Chancellor or similar official of the Member's Institution shall provide a written statement to the Publisher in which the Vice Chancellor confirms the significantly decreased budget allocation to the Library. Notice of such a decision must reach the Publisher by 1 October at the latest for implementation at the commencement of the next calendar year. The Member institution's consortium participant fee will be deducted from the invoice. Once the cumulative value of opted-out institutions represents more than 20% of the prevailing value, the Publisher reserves the right to renegotiate the terms of this agreement.

11 BRIBERY AND CORRUPTION

- 11.1 Both parties confirm their ongoing commitment to complying with the provisions of the US Foreign Corrupt Practices Act 1977 and shall promptly report to the other any request or demand for any undue financial or other advantage of any kind received by them in connection with the performance of this Agreement.

12 USE OF AN EXPERT TO RESOLVE DISPUTES

- 12.1 If any difference arises between the Publisher and the Consortium touching the meaning of this License and the rights and liabilities of the parties, the parties shall first use their best endeavours to resolve such difference between themselves, but in the absence of such resolution shall then refer the matter to an independent expert to be selected by mutual agreement of the parties. Each party shall provide the expert with such information as the expert may reasonably require for the purposes of determination. The costs of the expert shall be borne by the parties in such proportions as the expert may determine to be fair and reasonable. The decision of the expert shall be final and binding on the parties.

13 GENERAL

- 13.1 This License constitutes the entire agreement of the parties and supersedes all prior communications, understandings and agreements relating to the subject matter of this License, whether oral or written.
- 13.2 Alterations to this License and to the Schedules to this License are only valid if they are recorded in writing and signed by both parties.
- 13.3 This License may not be assigned by either party to any other person or organisation except as provided under clause 12.4 below, nor may either party sub-contract any of its obligations, except as provided in this License

in respect of the Representative and the management and operation of the Server and the Publisher's Representative, without the prior written consent of the other party, which consent shall not unreasonably be withheld.

- 13.4 If rights in all or any part of the Licensed Materials are assigned by the Publisher to another publisher, the Publisher shall use all reasonable endeavours to ensure that the terms and conditions of this License are maintained.
- 13.5 Any notices to be served on either of the parties by the other shall be sent by prepaid recorded delivery or registered post to the address of the addressee as set out in this License or to such other address as notified by either party to the other as its address for service of notices. All such notices shall be deemed to have been received within fourteen (14) days of posting.
- 13.6 Neither party's delay nor failure to perform any provision of this License, as result of circumstances beyond its control (including, without limitation, war, strikes, floods, governmental restrictions, power, telecommunications or Internet failures, or damage to or destruction of any network facilities) shall be deemed to be, or to give rise to, a breach of this License.
- 13.7 The invalidity or un-enforceability of any provision of this License shall not affect the continuation or enforceability of the remainder of this License.
- 13.8 Either party's waiver, or failure to require performance by the other, of any provision of this License will not affect its full right to require such performance at any subsequent time, or be taken or held to be a waiver of the provision itself.

- 8.2 Participating Libraries will make reasonable efforts to provide its Authorized Users with notice of the intellectual property or other rights applicable to the Content and shall also provide Authorized Users with the terms and conditions of this agreement. Licensee and Participating Libraries understand that each Authorized User shall be required to respect Springer's then-current Terms and Conditions on the Websites accessed by any such Authorized User. Licensee and Participating Libraries shall make best efforts to prevent the infringement of any intellectual property or other rights of Springer in the Content by its Authorized Users. If Licensee becomes aware of any misuse of the Content by any Authorized User, Licensee shall immediately contact Springer, provide Springer with the details of such misuse and shall take appropriate steps to prevent its recurrence. Springer may take any action against the misusing Authorized User for the purposes of protecting its intellectual property rights. Participating Libraires will make reasonable efforts to ensure that Walk-In Users comply with the obligations described in this provision.
- 8.3 Licensee or the designated agent of Licensee shall send a fully executed original of the Online Terms and Conditions and **Attachment B** of the Individual Products to Springer within thirty (30) days of Springer's commencement of Licensee's access to the Individual Products or submission of these Online Terms and Conditions and the respective **Attachment B** of the Individual Products in its final agreed form to Licensee. In the event that Licensee acquires additional Individual Products, Licensee or the designated agent of Licensee shall send a fully executed original of the respective **Attachment B** to Springer within thirty (30) days of Springer's commencement of access to the Individual Product or submission of the respective **Attachment B** in its final form. In the event that Licensee fails to do so, Springer is entitled to cut off access.
9. **Fee**
- 9.1 Participating Libraries are obliged to pay the fee(s) for the Individual Products in **Attachment B**, and any additional Content Participating Libraries may acquire in the future, directly to Springer within 30 days of receipt of the respective invoice(s) from Springer. In case of Multi-Year Agreements, Participating Libraries shall pay the fees for all subsequent years of access under such Attachment B on or before December 31st of the preceding year.
- 9.2 Springer shall provide electronic access to the applicable Individual Product paid for by Participating Library once Springer has received the payment of the fee for such Individual Product.
- 9.3 If Participating Library does not pay any or all of any sum invoiced for any Individual Product within thirty (30) days of Participating Library's receipt of the respective invoice(s), Springer shall notify Participating Library of its failure to pay. Participating Library shall have the right to cure this breach within thirty (30) days of receipt of such notification. If Participating Library fails to

cure any such defaults within this time period, Springer may terminate Participating Library's access to the respective Individual Product(s) without further notice, at its sole discretion. In addition, Springer reserves the right to charge interest on any outstanding amount of any fee due under this Agreement at the current interest rates applied by Springer.

- 9.4 Participating Library acknowledges that the Total Fee, or any portion thereof, may be invoiced by another Springer company, other than the contract party, that is part of the Springer Science + Business Media Group.
- 9.5 Springer will invoice Participating Library in US Dollar currency. Licensee will remit payment in US Dollar.
- 9.6 Participating Library is entitled to pay the Total Fee or any parts thereof through an intermediary. In such cases, Springer shall provide Licensee with access to the Individual Products when any such intermediary has paid the applicable invoice to Springer and provided Participating Library is in full compliance with all other terms and obligations. Sections 9.1 to 9.5 of this Agreement also apply to any payments made by Participating Library through an intermediary.

10. Termination

- 10.1 Access to the Individual Products may be terminated without further notice if either party materially breaches the terms of the Individual Products provided that (1) the non-breaching party has notified and specified the breach in writing to the other party and stated its intention to terminate the access to any or all of the Individual Products if the default is not cured and provided that (2) the breach is not cured within thirty (30) days.
- 10.2 In the event of termination or expiration of access to any or all of the Individual Products, all indemnification obligations herein shall survive such termination or expiration.
- 10.3 In the event of termination or expiration of access to any or all of the Individual Products, Participating Library and the Authorized Users shall continue to have access to any Individual Products set forth in **Attachment B** where the specific terms of such Individual Products allows Licensee to receive continuous or limited access.

11. Mutual Performance Obligations

- 11.1 Neither party shall disclose the terms and conditions or subject matter of this Agreement, to the extent allowed by laws of the states of Oregon and Washington.
- 11.2 Provision 11.1 shall survive the termination of this Agreement, and any information obtained or received which comes within these restrictions shall remain confidential, provided always that this

obligation shall not apply to any information which at the time of disclosure is in the public domain or is made available at any time by an independent third party which has not obtained it directly or indirectly in breach of any confidentiality agreement with the party whose information was so disclosed.

12. Representations, Warranties and Indemnities

- 12.1 Springer represents to Licensee that use of the Content by Licensee in accordance with this Agreement does not infringe any copyrights of any third party under the laws of the United States.
- 12.2 Springer represents that it has all copyrights, ownership rights and/or utilization rights in and to the Content and that the execution of this Agreement does not violate any contract to which Springer is presently a party nor does it violate the rights or interests of any third party.
- 12.3 Springer represents that Springer has the requisite corporate authority to enter into this Agreement and to grant and/or accept the license hereunder, and that there are no outstanding assignments, grants, licenses, encumbrances, obligations or agreements that would prevent Springer from performing under the terms of this Agreement.
- 12.4 Notwithstanding the foregoing, however, Springer will not be responsible for any claim, loss or liability attributable to errors, inaccuracies or other defects in the Content or any part thereof arising from any act or omission or (to the maximum extent permitted by relevant laws) any negligence and BOTH PARTIES EXPRESSLY EXCLUDE ANY LIABILITY FOR BREACH OF ANY IMPLIED OR EXPRESS WARRANTY AS TO TITLE, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR SHALL SPRINGER BE LIABLE FOR ANY DIRECT OR INDIRECT, INCIDENTAL, SPECIAL CONSEQUENTIAL OR PUNITIVE DAMAGES ARISING OUT OF USE OF THE CONTENT, save that Springer will use its best efforts to replace any defective part of the Content. Licensee shall not be liable to Springer for breach of the terms of this Agreement by any Authorized User so long as Licensee did not intentionally or through gross negligence or recklessness assist in or encourage such breach or permit such breach to continue after having actual notice thereof.
- 12.5 "Licensee represents that it shall not use the Content in any way that is prohibited by Section 5 herein or in any manner that would otherwise be in breach of this Agreement."
- 12.6 Licensee represents that Licensee has the requisite corporate authority to enter into this Agreement and to grant and/or accept the license hereunder, and that there are no outstanding assignments, grants, licenses, encumbrances, obligations or agreements that would prevent Licensee from performing under the terms of this Agreement.

12.7 Licensee represents that it is authorized to act on behalf of the Participating Libraries and their Authorized Users, and that there are no outstanding assignments, grants, licenses, encumbrances, obligations, agreements or other matters that would prevent Licensee from so acting on their behalf.

12.8 Participating Library warrants that it will use its best efforts to maintain the integrity of the Content and the security of the Library's Network and proper use thereof and access thereto by its Authorized Users.

13. Indemnification

13.1 Both Licensor and Licensee agree to indemnify and hold harmless the other party for any losses, claims, damages, awards, penalties, or injuries incurred by any third party (including reasonable attorney's fees) that arise from any alleged breach of the indemnifying party's representations and warranties made under this Agreement, so long as the indemnifying party is promptly notified of any such claims. The indemnifying party shall have the sole right to defend such claims at its own expense. The other party shall provide, at the indemnifying party's expense, such assistance in investigating and defending such claims as the indemnifying party may reasonably request. This indemnity shall survive the termination of this Agreement.

13.2 Springer agrees to indemnify, defend, and hold Licensee, its clients, representatives, heirs, executors, attorneys, agents, partners, officers, shareholders, directors, employees, subsidiaries, affiliates, divisions, successors and assigns harmless from and against any and all claims, demands, obligations, costs, losses and liabilities, including reasonable attorney fees incurred by Licensee which arise out of a claim (1) resulting from a material breach of this Agreement by Springer or (2) alleging copyright infringement arising out of use of the Content pursuant to the terms of this Agreement (3) resulting from a material breach of this Agreement by individuals if reasonable efforts have been made to inform users of terms of this Agreement.

14. General

14.1 No part of this Agreement shall be construed as limiting Licensee's ability to acquire additional Content. If Licensee or Participating Library acquires additional Content after the initial acquisition, these Online Terms and Conditions shall also be applicable to Licensee's and Participating Library's acquisition of any such additional Content.

14.2 Springer may assign its rights or delegate its obligations, or any part thereof under this Agreement without prior consent from Licensee. Licensee may not assign, whether in conjunction with a change of ownership, merger, acquisition, sale or transfer of all, substantially all or any part of Licensee's business or assets or otherwise, either voluntarily, by operation of law or otherwise, any portion of Licensee's rights or obligations under this Agreement without the consent of

Springer. Any attempt by Licensee to assign or delegate any duties or obligations set forth in this Agreement without Springer's prior written consent shall be null and void.

- 14.3 It is expressly understood and agreed that Springer and Licensee are separate legal entities, and the relationship established herein is that of an independent contractor. Nothing contained in this Agreement shall be deemed or construed by the parties hereto, nor by any third party, as creating any partnership or joint venture relationship between the parties hereto. Nothing in this Agreement shall constitute or permit either party to execute on behalf of the other any contract or other document, or to bind or otherwise obligate the other party. Neither party is an agent or employee of the other and neither has any right nor any authority to assume or create any obligation of any kind, express or implied, on behalf of the other, nor shall the acts or omissions of either create any liability for the other. The parties further agree that neither party shall obligate or purport to obligate the other by issuing or making any affirmations, representations, warranties or guaranties with respect to the Content.
- 14.4 The waiver or failure of any party to enforce any of its rights under this Agreement shall not be deemed to be a waiver of any of such party's rights in the event of any subsequent breach or breaches of any of the obligations of another party hereunder. No waiver by any party hereunder shall be effective unless in writing and signed by such party.
- 14.5 Licensee or Participating Library's or Springer's failure to perform any term or condition of this Agreement as a result of conditions beyond its control such as, but not limited to, war, strikes, fires, floods, governmental restrictions, power failures, or damage or destruction of any network facilities or servers, shall not be deemed a breach of this Agreement.
- 14.6 If any covenant or other provision of this Agreement is invalid, illegal or incapable of being enforced, by reason of any rule of law or public policy, all other conditions of this Agreement shall nevertheless remain in full force and effect, and no covenant or provision shall be dependent upon any other covenant or provision unless so expressed herein.
- 14.7 This Agreement and the rights and obligations of the parties hereto shall be construed, interpreted and determined in accordance with the laws of the State of Oregon without reference to the choice-of-law principles of this state or any other jurisdiction and without the aid of any rule, custom or canon requiring construction or interpretation of this Agreement against the draftsmen.
- 14.8 The parties hereto acknowledge and agree that any controversies arising out of this Agreement shall be decided exclusively in the federal or state courts of the Licensee or Participating Library. The parties further acknowledge and agree that, in connection with any such controversy (1) the mailing of process or other papers by registered mail, or the service of process or other papers in any manner permitted by this Agreement or (2) service of process or other papers on a party in any manner as may be permitted by law, shall be valid and sufficient service of such process or

other papers. EACH PARTY WAIVES ANY RIGHT IT MAY HAVE TO A JURY TRIAL, OBJECTION TO VENUE OR INCONVENIENT FORUM.

- 14.9 All Attachments to this Agreement are incorporated into this Agreement by reference for all purposes and are binding upon Springer and Licensee.
- 14.10 The parties agree to cooperate to affect the intent and terms of this Agreement and agree to execute such any and other papers or documents required or necessary to effect the terms and obligations contained in this Agreement.
- 14.11 This Agreement, along with the Attachments, contain the entire understanding of the parties and supersede all previous verbal and written agreements; there are no other agreements, representations or warranties other than as set forth herein. Any description sheets or other memoranda concerning this Agreement shall in no way supersede or be controlling over the terms and conditions of this Agreement.
- 14.12 This Agreement may be executed in one or more counterparts (whether facsimile or original), each of which shall be deemed to be an original as against any party whose signature appears thereon, and all of which shall together constitute one and the same instrument.
- 14.13 No modification of any provision of this Agreement shall be valid except by written amendment signed by authorized representatives of Springer and Licensee.
- 14.14 All amounts payable by Participating Libraries shall be exclusive of any sales, use, withholding, value added or similar taxes, government fees or levies or other assessments which shall be the sole responsibility of the Participating Library.
- 14.15 All notices given pursuant to this Agreement shall be in writing and may be hand delivered, or shall be deemed received within five (5) business days after mailing if sent by registered or certified mail, return receipt requested. If any notice is sent by facsimile, confirmation copies must be sent by mail or hand delivery to the specified address. Either party may from time to time change its notice address by written notice to the other party.

Multiple Site/Consortium Sales Agreement
Revised: December 2007

This Sales Agreement is entered into on the date of last signature, between the American Chemical Society (hereinafter ACS) and The State Of Oregon Acting By And Through The State Board Of Higher Education On Behalf Of The University Of Oregon And Orbis Cascade Alliance (hereinafter Licensee).

1. Agreement

This Sales Agreement between the ACS and the Licensee grants the Licensee a non-exclusive and nontransferable License to access **ACS Web Editions** of journals, and/or **Chemical & Engineering News Online**, and/or the **ACS Legacy Archives**, and/or **Reagent Chemicals Online**, and/or **ACS Division Proceedings Online** (hereafter referred to as the “**ACS Products**”) selected in Attachment A, according to the terms and conditions set forth in this Agreement, including all attachments and terms & conditions of use.

2. Provisions of Consortium License

a. Consortium. A Consortium is a group of academic educational institutions or companies with multiple sites and their libraries that have authorized a single administrative organization to negotiate this Sales Agreement on their behalf. A Consortium may consist of units of a single legal entity (for example, different branches of a state university), or may be separate legal entities. A Consortium shall supply to ACS a list of all its members and all their Authorized Sites to be attached to this Agreement as hereinafter defined. A Consortium shall notify ACS of any additions or deletions to this list of members and acknowledges that such changes may necessitate a change in the fees due under this Agreement. The designated Licensee is signing on behalf of all members of the Consortium and shall be responsible for compliance with all terms of this Agreement by all members of the Consortium. All references to “Licensee” in this Agreement shall apply equally and fully to the Consortium and each of its members. The Licensee warrants it has the right to enter into this Agreement on behalf of the Consortium.

b. Copyright Indemnification: ACS shall defend, indemnify and hold Licensee harmless from all damages, costs, fees (including reasonable attorney’s fees) resulting from any judgment or settlement agreement arising out of the claim by a third party that Licensee’s use of the ACS Web Editions, as permitted herein, constitutes an infringement of any the copyright or other proprietary or intellectual property rights of any third party. Licensee shall give prompt notice of an infringement claim to ACS, provide such cooperation and assistance to ACS as is reasonably necessary to defend the claim, and shall allow ACS to have sole control of the defense, provided, however, that Licensee retains the right to participate in the defense at its own expense. The foregoing indemnity obligation shall not apply with respect to any claim of infringement of materials contained in ACS Web Editions which have been modified by Licensee without the prior authorization of ACS.

c. See Attachment C for fees for the initial term. Subsequent renewal fees and participants will be represented in Purchase Order with its Attachment A from Licensee.

d. Attachment B. Licensee shall supply the complete names and addresses of all locations that are participating in this Sales Agreement (Authorized Sites), plus their ACS account numbers (if available). ACS will send Licensee an invoice for the License fee for the ACS Products. A location that has no Current Print Subscriptions may still participate in this Sales Agreement as an Authorized Site so long as it is identified as provided above. These sites will be subject to a minimum participation fee. (see last paragraph in this agreement) All Authorized Sites will have access to the ACS Products, and the collective holdings of all journal titles as selected in Attachment A and subscribed to by the Licensee. The

Licensee agrees to be liable for all fees charged under this Agreement, and to advise of any additions to the list of Authorized Sites.

e. Sales Agreement Administrator: Licensee agrees to designate a single person to be the administrator of this Agreement for all Authorized Sites. The name, address, phone number, and e-mail address of the Sales Agreement administrator shall be listed in Attachment B. Licensee shall notify ACS of any changes to the assigned administrator or contact information. In addition, each Authorized Site of the Consortium must supply a contact person with e-mail address, mail address, and phone, to be used for supplying customer information and in case troubleshooting access becomes necessary.

f. Force Majeure: Neither party shall be liable in damages or have the right to terminate this Agreement for any delay or default in performing hereunder if such delay or default is caused by conditions beyond its control including, but not limited to Acts of God, Government restrictions (including the denial or cancellation of any export or other necessary license), wars, insurrections and/or any other cause beyond the reasonable control of the party whose performance is affected.

3. Agreement Definition, Duration and Payment

a. Initial term: The initial term of this Agreement shall be until December 31, 2009. This Agreement shall then automatically renew for one-year terms unless otherwise terminated as provided for herein. The term of this Agreement for Reagent Chemicals Online will commence with access to the current Reagent Chemicals Online site and conclude with the posting to the ACS web site of a new edition, at which time the older edition will be permanently removed. The Licensee agrees to pay ACS the appropriate License fee specified on the invoice for a term of one calendar year starting on January 1 of the current year and ending December 31. Upon receipt of a completed, signed Sales Agreement, access to the ACS Products will be activated. All License fees shall be paid within 30 days of invoicing. The Licensee agrees to pay ACS the appropriate License fee specified on supplemental invoices received when the Licensee adds Consortium members, Authorized Sites, ACS titles in print or Web Edition formats, or other electronic products to this agreement.

b. Renewals: ACS will provide renewal pricing information at least 60 days prior to the end of the subscription period. At the end of a calendar year, if renewal payment for the ACS Web Editions and/or ACS Division Proceedings Online is not received within 30 days after the end of the calendar year, access to the ACS Web Editions and/or ACS Division Proceedings Online and/or Chemical & Engineering News Online will be discontinued. At the end of a calendar year, if renewal payment or annual access fee for the one-time purchase of the ACS Legacy Archives is not received within 30 days after the end of the calendar year, access to the ACS Legacy Archives will be discontinued. ACS reserves the right to modify the terms of this Agreement for any renewal period or to adjust the License fee or pricing model for any renewal period upon sixty days prior written notice.

c. Usage Reports: ACS agrees to provide the Licensee COUNTER-compliant usage reports on a monthly basis for applicable ACS Products subscribed to by the Licensee.

4. Remote access through a secured proxy server is allowed to Authorized Users.

5. Termination

a. Termination for Default: If either party breaches a term of this Agreement, the other may send written notice of the breach, including a reasonable cure period not less than seven (7) business days. If the breach is not cured within that time, or if the parties do not reach a satisfactory agreement on extending the cure period, then the non-breaching party may terminate this Agreement effective immediately upon written notice.

b. Termination for Convenience: Either Party may cancel this Agreement at any time by providing the other party with sixty (60) days prior written notice. In the event of such a termination by the Licensee, the Licensee shall not receive a pro-rated refund of the unused License fee, and in the event of such a termination by ACS, the Licensee shall be entitled to receive a pro-rated refund of the unused License Fee.

c. The suspension or termination of access for any individual member(s) of the Consortium found in breach of the ACS Terms and Conditions or this Agreement shall not affect the access of non-breaching members, assuming the Consortium itself is not in breach of the ACS Terms and Conditions or this Agreement.

6. General

This Agreement sets forth the entire understanding of the parties and may not be modified without the express written consent of both parties. Delivery of the ACS Products is in the District of Columbia. The Licensee must pay any taxes lawfully due from it, other than taxes on ACS's net income, arising out of the Licensee's use of the ACS Products and/or the rights granted under this Agreement. The Licensee may not assign or transfer its rights under this Agreement without the express written consent of the ACS.

7. Acceptance

Signing this license constitutes acceptance by the licensee of all contents contained herein, including the attached document stipulating the Terms and Conditions under the license. Licensee warrants that they have read and understand the Terms and Conditions. ACS reserves the right to unilaterally modify or change the contents of the Terms and Conditions without notice, provided that such changes shall not materially affect the rights of the Licensee and the Licensee's Authorized Users under this Agreement.

Revised: January 2007

1. Copyright and Proprietary Rights: The entire contents of the **ACS Web Editions, ACS Legacy Archives, Chemical & Engineering News Online, Reagent Chemicals Online, and ACS Division Proceedings Online** (hereafter referred to as the “**ACS Products**”) including individual journals, articles, abstracts, book chapters, proceedings and other items within these materials are copyrighted by the ACS under the Copyright Laws of the United States Codified in Title 17 of the U.S. Code, which is party to both the Universal Copyright Convention and the Berne Copyright Convention. Licensee agrees not to remove or obscure copyright notices. ACS grants no copyright or ownership interests to Licensee for any of the material and proprietary information referred herein belonging to ACS.

2. Definitions:

a. ACS Web Editions of a journal is defined as the content for that title from 1996 to present available in the standard Internet formats using HTML and Adobe Acrobat PDF format.

b. ACS Legacy Archives consists of Adobe Acrobat PDF articles published between 1879 through 1995, includes the backfile of all ACS titles and is sold as access to a single body of research

c. A Current Subscription to the ACS Web Edition of a journal is defined as the content for that title from 1996 to present.

d. A License to an **ACS Web Edition** provides the Licensee and Authorized Users access to the Web Edition of a journal subject to the ACS Web Edition/ACS Legacy Archives Terms and Conditions of Use as amended from time to time.

e. Authorized Users: Authorized Users are those individuals officially affiliated with the Licensee for example, those serving in the capacity of employees, consultants under contract with the Licensee, faculty and other teaching staff, and persons officially registered as full or part-time students, that are located at an Authorized Site and use an Authorized Terminal. Others who are physically present in the library at the Authorized Site may use the database from an Authorized Terminal but may not connect via telecommunications from locations outside the Authorized Site.

f. Cancellation. Once a subscription to any single ACS Web Edition is canceled, access to the Web Edition for that journal title is terminated. In the event this License is terminated, access to all Web Editions is terminated.

g. Chemical & Engineering News Online (C&EN) is a product distinct from the ACS Web Editions and the ACS Legacy Archives with pricing negotiated separately. A current

subscription to C&EN Online provides access to the current volume as well as access to back issues as listed on the C&EN Online home page. A subscription to this periodical provides the Licensee and Authorized Users access to the current subscription term of C&EN Online, which are subject to the Terms and Conditions of Use as amended from time to time. Once a subscription to C&EN Online is canceled, access to C&EN Online is terminated. There are no post-cancellation provisions for access to C&EN Online. No rights of ownership or possession accrue to licensee.

h. Reagent Chemicals Online is a product distinct from the ACS Web Editions, ACS Legacy Archives and ACS Division Proceedings Online with a separate and defined pricing structure. A subscription to Reagent Chemicals Online provides the Licensee and Authorized Users with access to the contents of the currently-posted edition. Each edition will start with its posting to the ACS web site and conclude with the posting to the ACS web site of a new edition, at which time the older edition will be permanently removed.

i. ACS Division Proceedings Online is a product distinct from the ACS Web Edition, ACS Legacy Archives and Reagent Chemicals Online with a separate and defined pricing structure. A current subscription to ACS Division Proceedings Online provides access to the current participating Divisions' National Meeting proceedings as well as selected Symposium proceedings from past National Meetings.

j. Formats. ACS reserves the right to change formats with three months' notice. It is the responsibility of the Licensee/Authorized User to establish and maintain at User's expense Internet connections to the ACS, to provide and install suitable Web browsers, licenses for Adobe Acrobat, and any other software necessary to view the Products.

k. Subscription Period for the Products. A Licensee's Subscription Period begins with the first year of subscription and ends upon cancellation, e.g. if a Licensee begins their subscription in 2002 and cancels in 2007; the Subscription Period is 2002 to 2007, not 1996 to 2007.

3. Access:

a. ACS shall use reasonable commercial efforts to provide continuous availability of the licensed material through the Internet. It is understood that availability will be subject to periodic interruption due to maintenance of the server(s), installation or testing of software, loading new information files, and downtime related to equipment or services outside the control of the ACS including public and private telecommunications services or Internet nodes or facilities.

b. Access Control by IP Address: Access to the **ACS Products** from within the Authorized Site is controlled by Internet Protocol (IP) addresses. Licensee is responsible for providing valid IP addresses for their organization on Attachment B. The form of these IP addresses must be acceptable to the ACS. Only those IP addresses submitted by the Licensee and listed on Attachment B will have access to the material. Licensee is responsible for providing reasonable security to ensure that only Authorized Users have access to its internal network.

c. Access Rights for Cancelled Subscribers to ACS Web Editions, ACS Division Proceedings Online: Except for termination for cause, upon request at time of cancellation, **ACS Web Editions** and **ACS Division Proceedings Online**, Licensees will be provided access to the content from **ACS Web Editions** and **ACS Division Proceedings Online** for their Subscription Period. The content of **ACS Web Editions** will be made available via the one-time provision of

a PDF version in the form of a CD ROM. The contents of **ACS Division Proceedings Online** will be made available for material from the year of cancellation (if they have paid the subscription fee for that year), as well as from the prior years they were paid subscribers to **ACS Division Proceedings Online**. Upon cancellation of a subscription to the **ACS Products**, no additional service is provided save the aforementioned option for the ACS Web Editions.

d. Access Rights for One-Time Permanent Access payments for the ACS Legacy Archives: ACS Publications will maintain the legacy archive of journal articles published in PDF format between 1879 and 1995. In the unlikely event that it proves infeasible for the ACS to maintain the ongoing availability of the PDF legacy archive, the Society, in consultation with its Library Advisory Group, will make the archive available through an acceptable repository.

e. Archival Rights for Reagent Chemicals Online: Upon request, a CD-ROM containing the PDFs of the currently-posted version of Reagent Chemicals Online will be supplied. Only one (1) CD-ROM will be supplied, and it may be requested at any time during the life of the posted edition.

4. Permitted Use: Authorized Users may view, download, or print individual articles, individual book chapters, proceedings, Reagent Chemicals monographs or other individual items from the **ACS Products** for their personal scholarly, research, and educational use. Authorized Users may make a printed copy of individual articles, individual book chapters, proceedings, Reagent Chemical Monographs, or other individual items from the **ACS Products** for the internal or personal use of others who are Authorized Users but who are unable to personally access the database. InterLibrary Loan shall include requests to support non-commercial scholarly research by patrons of other libraries such as public, school, or college libraries. A Licensee may obtain a copy of an individual article, individual book chapters, proceedings, Reagent Chemicals monographs, or other individual items from the **ACS Products** in PDF format (Portable Document Format) and transmit it to the ILL requesting Library by mail, fax, or electronic transmission. The borrower may make up to 5 (five) free article copies of individual journal articles, proceedings, individual book chapters, Reagent Chemicals monographs or other individual items from the **ACS Products** per year for InterLibrary Loan purposes. Additional requests may be fulfilled only if the applicable single copy fees are paid either to the Copyright Clearance Center or directly to the ACS through its sales procedures for single articles, individual book chapters, proceedings, Reagent Chemicals monographs or other individual items from the **ACS Products**.

6. Prohibited Use: Except as provided in Section Five above, Licensee/Authorized User agrees not to forward, transfer, sell, rent, or otherwise knowingly distribute or provide access to the contents of **ACS Products** or any portions thereof, to any third party. Individual articles, individual book chapters, proceedings, Reagent Chemicals monographs or other individual items from the **ACS Products** and other information obtained from these services may not be used for fee-for-service purposes such as document delivery. The **ACS Products** may not be used to supply single articles, individual book chapters, proceedings, Reagent Chemicals monographs, or other individual items to InterLibrary Loan requesters that are employed by a commercial organization or by a library that belongs to a for-profit company without prior written approval of ACS.

Authorized User agrees not to modify, alter, or create derivative works of the materials contained in the **ACS Products** without prior written permission from the ACS.

Individual articles, book chapters, Reagent Chemicals monographs, and other individual items from the **ACS Products** that include information obtained as a result of access to the **ACS Products** are not to be systematically downloaded, re-published in any media, print or electronic form. Individual articles, book chapters, Reagent Chemicals monographs, or other individual items from the **ACS Products** may not be downloaded in aggregate quantities or centrally stored for later retrieval.

Licensee (Consortium or Single Institution) acknowledges that ACS may prevent Members and their patrons, as the case may be, from using, implementing, or authorizing use of any computerized or automated tool or application to search, index, test, or otherwise obtain information from Licensed Materials (including without limitation any "spidering" or web crawler application) that has a detrimental impact on the use of the services under this Agreement. Licensee agrees to assist ACS in correcting unauthorized use of such methods or applications and acknowledges that ACS may from time to time implement tools or other controls on Licensed Materials to regulate or restrict use of computerized or automated applications that are used to search, index, test, or obtain information from Licensed Materials. ACS acknowledges that Licensee may not be able to prevent its Patrons from using such methods or applications.

Licensee is required to notify ACS of any infringements of copyrights or unauthorized use of which they become aware. Licensee will cooperate with the ACS in investigating any such unauthorized uses and taking reasonable steps to prevent a reoccurrence.

7. Warranty. With respect to the **ACS Products** access being provided under this Agreement, the Licensee acknowledges that ACS makes absolutely no warranties whatsoever, express or implied, regarding the access, including any implied warranty of merchantability or fitness for a particular purpose or implied warranties arising from course of dealing or course of performance. As a result, the Licensee agrees that ACS shall not be liable to the Licensee for any claims or damages which may be suffered by the Licensee, including, but not limited to, losses or damages resulting from the loss of data as the result of delays, non-deliveries, or service interruptions caused by the fault or negligence of ACS.

Under no circumstances, including negligence, shall ACS or anyone else involved in administering the **ACS Products** access be liable for any direct, indirect, incidental, special, or consequential damages that result from the use of or inability to access the **ACS Products**; or that result in mistakes, omissions, interruptions, deletion of files, defects, viruses or delays in operation or transmission, or any failure of performance, whether or not limited to any acts of God, communications failure, theft, or destruction of records, programs, or services.

8. The American Chemical Society reserves the right to modify the terms of this Agreement by publishing amended versions that will automatically supersede prior versions. A description of these modifications can be found at <http://pubs.acs.org/journals/license.html> or another URL site that the ACS may provide from time to time. The Licensee agrees to periodically review the Terms and Conditions at a designated location on the ACS pubs.org web site, or another designated URL site, for revisions and modifications.

1. DEFINITIONS

In this Agreement, the following terms have the following meanings :

"Authentication" means the process whereby an individual establishes to a Member that he or she is an Authorized User.

"Authorized Users" means Members of the faculty and other staff of Consortium Members (whether on a permanent, temporary, contract or visiting basis), including distance learners, regardless of their physical location, who are permitted to access to the Secure Network from within the Site or from such other places where Authorized Users work or study (including but not limited to Authorized Users' offices and homes, halls of residence and student dormitories) and who have been issued by a Consortium Member with a password or other authentication together with other persons who are permitted to use a Consortium Member's library or information services and permitted to access the Secure Network.

"Licensed Works" means those product(s) (including both Subscription Products and Perpetual Access Products) set forth in the attached Exhibit A; as such Exhibit may be amended from time to time by written agreement of the parties provided herein.

"Commercial Use" means use for the purposes of monetary reward (whether by or for the Consortium or a Consortium Member or an Authorized User) by means of sale, resale, loan, transfer, hire or other form of exploitation of the Licensed Materials. For the avoidance of doubt, neither recovery of direct costs by the Consortium or any Consortium Member from Authorized Users, nor use by the Consortium or a Consortium Member or by an Authorized User of the Licensed Materials in the course of research funded by a commercial organization is deemed to be Commercial Use.

"Fair Use" Means use by the Member Organization, Members or an Authorized User (i) conforming to Paragraphs 107 and 108 of the U.S. Copyright Law as amended from time to time and (ii) conforming to the guidelines developed by the National Commission on New Technological Uses of Copyrighted Works (CONTU Guidelines).

"Hosting Period" means each twelve month period during which an Authorized User of a Perpetual Access Product is authorized to access and use the Perpetual Access products hosted by OUP, pursuant to the relevant terms and conditions of this Agreement, provided however that no Hosting Period shall continue beyond the end of the Term.

"Perpetual Access Products" means those Licensed Works designated by OUP USA in Exhibit A as being available to the Member Organization for purchase on an ongoing basis subject to the relevant terms and conditions of this Agreement including, but not limited to, payment of hosting fees in the event that such Licensed Works are, at the option of the Member Organization, hosted by OUP USA.

"Secure Network" means the Member Organization's or the Members' secure network (whether a stand-alone network or a virtual network within the Internet) that is accessible only by Authorized Users whose identities are authenticated by the Member Organization or Member, as relevant, at the time of login and periodically thereafter, the security of which is consistent with current best practices, and the Authorized Users' conduct with respect to which is subject to regulation by the Member Organization or relevant Member, as applicable. A cache server or other server or network that can be accessed by unauthorized users is not a Secure Network for these purposes.

"Server" means either OUP USA's server or a third party server designated by OUP USA on which the Licensed Works are mounted and through which the Members and their respective Authorized Users may gain access to the Licensed Works by means of the World Wide Web.

"Subscription Product" means those Licensed Works designated by OUP USA in an Exhibit A as being available to Members for subscription on an annual basis subject to the relevant terms and conditions of this Agreement.

"Subscription Period" means those periods of time during which a Member and its Authorized Users are authorized to access and use the Subscription Products pursuant to this Agreement; provided however, that no Subscription Period shall continue beyond the end of the Term.

"Term" means the Term of this Agreement, which shall begin upon OUP USA's receipt of the original, signed copy of this Agreement with the required payment and will remain in full force and effect for one (1) year thereafter. This Agreement may be renewed for successive one (1) year periods at the end of the initial term or any renewal term thereafter in accordance with this Agreement and subject to the payment of all renewal subscription fees and any other fees required hereby.

"Licensee Terms and Conditions" means the standard form institutional licence agreement (as varied from time to time) in the form set out above, by and subject to which the Licensor grants the Licensees a licence to access and use the Licensed Works.

2. RESPONSIBILITIES OF THE LICENSOR

- 2.1 The Licensor may at any time withdraw access to any Licensee which is in breach of the Licensee Terms and Conditions. For the avoidance of doubt any such denial of access will not entitle the Consortium Agent to any rebate of Charges.
- 2.2 The Licensor reserves the right at any time on 30 day notice to the Consortium Agent to withdraw from the Licensed Works content without incurring any liability to the Consortium Agent. The Licensor shall give written notice to the Licensee of such withdrawal. If withdrawn material represents more than 10% of the Licensed Works, the Licensor shall make a pro rata refund of part of the Charges, taking into account the amount of material withdrawn and the remaining un-expired portion of the Subscription Period.
- 2.3 No later than 60 days before the end of the Subscription Period or in the case of a renewed subscription the end of the period for which the subscription has been renewed ("the Renewal Date"), the Licensor will notify the Consortium Agent of the fees for renewal of this Agreement for a further twelve-month period ("Renewal Fees", together with any amendments to Schedule B (list of Journals). These fees may be higher than the Charges.
- 2.4 Upon payment of the Renewal Fees, this Agreement shall be extended for a further period of 12 months from the Effective Date. If the Licensee does not pay the Renewal Fees by the end of the current subscription period, the Licensor may terminate this Agreement immediately.
- 2.5 The Publisher agrees to grant to the Consortium the non-exclusive and non-transferable right, throughout the world, to give Consortium Members and Authorized Users access to the Licensed Materials via a Secure Network for the purposes of research, teaching and private study, subject to the terms and conditions of this License, and the Consortium agrees to pay the Fee. If an agent/agents is selected to handle subscriptions, the Agent will be responsible for processing payment of the Fee (and will be entitled to receive any refund of the Fee) on behalf of the Consortium, unless notified otherwise, in which case the Fee will be paid by the Consortium directly to the Publisher.
- 2.6 The Publisher agrees not to create or distribute any promotional release(s) announcing the Consortium's decision to license content without the explicit approval of the Consortium's staff (i.e. Executive Director, Program Officer).

- 2.8 Usage statistics should be compliant with guidelines established by groups like The International Coalition of Library Consortia (ICOLC) in particular their "Guidelines for Statistical measures of Usage "and COUNTER (Counting Online Usage of Networked Electronic Resources).

- 2.9 Publisher shall comply with the Americans with Disabilities Act (ADA), by supporting assistive software or devices such as large print interfaces, voice-activated input, and alternate keyboard or pointer interfaces in a manner consistent with the Web Content Accessibility Guidelines published by the World Wide Web Consortium's Web Accessibility Initiative, which may be found at <http://www.w3.org/WAI/GI/#Publications>.

Should the Consortium make any significant change to such information, it will notify the Publisher not less than ten business (10) days before the change takes effect.
- 3.1.7 for the purposes of establishing access to the Licensed Materials using IP addresses, the Consortium or consortium members will provide lists of IP addresses to the Publisher and is responsible for editing the lists and sending to the Publisher details of such additions, deletions or other alterations to such records as are necessary to enable the Publisher to provide Authorized Users with access to the Licensed Materials as contemplated by this License;

- 3.1.11 The Consortium shall, in consideration for the rights granted under this License, pay the Fee within ninety (90) business days of signature and, if applicable, within ninety (90) business days of receipt of invoice relating to each subsequent Subscription Period.

- 4.2 Each party shall use its best endeavors to safeguard the intellectual property, confidential information and proprietary rights of the other party.

5. TERM AND TERMINATION

- 5.1 This Agreement shall commence on the Effective Date and shall expire on the final day of the Subscription Period, unless terminated pursuant to Clause 5.2 or renewed pursuant to clause 2.4.
- 5.2 Either party may terminate this Agreement forthwith by serving written notice on the other in the event that the other party commits a material breach of this Agreement and in the case of a breach capable of remedy fails to remedy the same within 30 days of a written **or emailed (as long as email has been acknowledged by the other party)** request so to do.

- 5.7 The parties recognize that the financial performance by members of GWLA may be dependent upon the appropriation of funds by the appropriate state legislature, or the availability of funding from other sources. Should there be a failure to appropriate the necessary funds, or if appropriations are reduced during the fiscal year, or funding becomes otherwise not legally available GWLA may request mitigation member(s) site(s) for the remaining years of the Term without prejudice against other member sites.

2. GRANT OF LICENCE, USAGE RIGHTS AND LIMITATIONS ON USE

2.1 Licensors grants the Licensee the non-exclusive and non-transferable right for the Subscription Period to allow Authorised Users for the purposes of research, teaching, and private study to:

2.1.1 access the Server by means of a Secure Network in order to search the Licensed Works and to view, retrieve, and display portions thereof;

2.1.2 save and print out single copies of portions of the Licensed Works

2.1.3 incorporate links to the Licensed Works in electronic course packs and course management systems for use in connection with courses offered by the Licensee for academic credit provided that no person other than an Authorised User may use such links;

2.1.4 transmit links to single journal articles to other Authorised Users.

2.1.5 provide print or electronic copies of all or any part of the Licensed Works to national or international regulatory authorities for the purposes of or in anticipation of regulatory approval and/or trademark applications or other regulatory purposes in respect of the Licensee's products or services.

2.2 For the avoidance of doubt the Licensee and Authorised Users may not:

2.2.1 remove or alter Licensors copyright notices or other means of identification or disclaimers as they appear in the Licensed Works;

2.2.2 permit anyone other than Authorised Users to access or use the Licensed Works;

2.2.3 use all or any part of the Licensed Works for any Commercial Use.

2.3 Subject to clause 6, Interlibrary Loan must be allowed. The Consortium may supply a single copy of an individual document derived from the Licensed Materials to an Authorized User of another library UTILIZING THE PREVAILING TECHNOLOGY OF THE DAY. Consortium agrees to fulfill such requests in compliance with Section 108 of the United States Copyright Law (17 USC 108, "Limitations on exclusive rights: Reproduction by libraries and archives") and clause 3 of the Guidelines for the Proviso of Subsection 108(g)(2) prepared by the National Commission on New Technological Uses of Copyrighted Works (CONTU). Use and fulfillment of one-time DocR service requests is permitted.

3. DELIVERY

3.1 The Licensed Materials will be delivered utilizing the prevailing technology of the day. Publisher reserves the right to change these formats, as well as the access method, display or any other feature that may affect the manner in which Consortium Members and Authorized Users access and make use of the Licensed Materials, with 30 BUSINESS days advance written (i.e. electronic or USPS) notice to Consortium.

- 3.2 Publisher shall use reasonable efforts to provide continuous availability of the Licensed Materials through the Internet 98% of the time. It is understood that availability will be subject to periodic interruption due to maintenance of the server(s), installation or testing of software, the loading of new information files, and downtime related to equipment or services outside the control of Publisher, including public and private telecommunications services and Internet nodes or facilities. If the service inquiry involves the significant loss, either temporary or permanent of access to the material or portions of the material, a pro-rated reimbursement to the subscribing institution(s) should be made.
- 3.3 The Publisher reserves the right at any time to withdraw from the Licensed Materials any item or part of an item that the publisher no longer retains the right to publish, or which it has reasonable grounds to believe infringes copyright or is defamatory, obscene, unlawful or otherwise objectionable. However, should The Publisher remove 10% or more of the total content from the licensed materials, the participating Consortium Members will be reimbursed proportional to the value of the discontinued/withdrawn titles, pro-rated for the balance of the contract term. Additionally, The Consortium shall have the right to cancel the license altogether. The Publisher shall give no less than ninety (90) business days written/email notice to the Consortium of such withdrawal. The written notice shall specify those titles, volumes, or articles that are being removed from the Licensed Materials.
- 3.4 Upon request by the Consortium, the Publisher agrees to make available to the Consortium usage data in a manner consistent with applicable privacy laws and the confidentiality requirements of both parties. Usage statistics should be compliant with guidelines established by groups like The International Coalition of Library Consortia (ICOLC) in particular their "Guidelines for Statistical measures of Usage "and COUNTER (Counting Online Usage of Networked Electronic Resources).

4. ARCHIVING AND POST-CANCELLATION ACCESS

- 4.1 In the event this Agreement terminates because of expiration of the term set forth in Paragraph 14 and provided such termination is not due to a breach of the Agreement by the Consortium which the Consortium has failed to remedy; Publisher will provide to The Consortium, at The Consortium's request, continuing online archival access to that part of the Licensed Materials, which was licensed prior to expiration of this Agreement. Archiving through the Lots of Copies Keeps Stuff Safe (LOCKSS) program, or participation in Portico and/or continued availability to access hosted content are preferred approaches. Publisher may supply the Licensed Materials to the Consortium in an electronic format mutually agreed to by both parties. Publisher may allow a third party to provide continued access to the Licensed Materials without additional expenditures by The Consortium. As standards develop that describe the criteria for a trusted digital archive, the Publisher will use reasonable efforts to ensure compliance with those standards either in their own internal archiving practices or in supplying the licensed materials to a third party.
- 4.2 Publisher may make the online form of the Licensed Materials available through third-party service providers. To the extent that Publisher arranges for The Consortium to have such access through third-party services, The Consortium shall be entitled during the term of this Agreement to access the Licensed Materials by means of such services without additional charges by Publisher or third-party. All such access to the Licensed Materials via a third-party provider is subject to this Agreement. The Consortium shall also have the option to arrange for continuing online archival access as provided in clause 9. 12.

5. RESPONSIBILITIES OF THE LICENSEE

5.1 The Licensee shall:

- 5.5.1 be responsible for the confidentiality and all use of the Password(s);
- 5.5.2 use all reasonable efforts to ensure that only Authorized Users are permitted access to the Licensed Works by means of the Licensee's Secure Network;
- 5.5.3 ensure that all Authorized Users are made aware of that the Licensed Works are protected by copyright and the Authorized Users' use of the Licensed Works is subject to the restrictions and obligations contained in this Agreement
- 5.5.4 The Licensee will notify Licensors immediately if it becomes aware of any of the following: (a) any loss or theft of the Password(s); (b) any unauthorized use of any of the Password(s); or (c) any breach by an Authorized User of the terms of this Agreement.
- 5.5.5 The Licensee shall notify Licensors promptly (i) of the facts and circumstances surrounding any unauthorized access, possession, or use of the Licensed Works, or Licensors intellectual property, or any portion thereof; and (ii) on becoming aware of any claim by any third party that the Licensed Works infringes an intellectual property or proprietary right of any third party.

6. USAGE RIGHTS

6.1 The Consortium, subject to clause 5 below, may:

- 6.1.1 allow Authorized Users remote access to the Licensed Materials from the Server via the Secure Network.
- 6.1.2 make such temporary local electronic copies by means of caching {or mirrored storage} of part of the Licensed Materials as are necessary solely to ensure efficient use by Members and by Authorized Users and not to make available to Authorized Users duplicate copies of the Licensed Material.
- 6.1.3 create links between the Licensed Materials and the Consortium and/or Consortium Members own indices, third party abstracting and indexing services and other information resources such as institutional repositories utilized by the Consortium and/or Consortium Members. The Consortium is committed to the use of the OpenURL standard to allow linking to related materials in other locations. All Publisher/Content Providers should use the OpenURL standard.
- 6.1.4 provide single printed or electronic copies of single articles at the request of individual Authorized Users, pursuant to Sections 107 and 108 of the 1976 Copyright Law, which outline the guidelines for fair use.
- 6.1.5 allow authorized users to engage in text/data mining activities.

- 6.1.6 display, download or print the Licensed Materials for the purpose of internal marketing or testing or for training Authorized Users or groups of Authorized Users.

- 6.2.1 search, view, download, retrieve and display the Licensed Materials.

- 6.2.3 distribute single copies (electronic) of parts of the Licensed Materials to other Authorized Users, pursuant to sections 107 and 108 of the 1976 Copyright Law, which outline the guidelines for fair use.
- 6.2.4 electronically save individual articles, monographs or items of the Licensed Materials for personal use utilizing the prevailing technology of the day.
- 6.2.5 include limited portions of individual articles, chapters, data chunks, monographs, pursuant to sections 107 and 108 of the 1976 Copyright Law, in subsequent works as long as authorship and copyright are noted.
- 6.2.6 include limited portions, the bibliographic citation and abstract from individual articles chapters, in electronic responses to users of the Consortiums non-commercial, reference services.
- 6.3 Nothing in this License shall in any way exclude, modify or affect any of the Consortiums or any Members rights under Copyright Revision Act 1976 as amended subsequently provided that such rights are exercised in accordance with Section 108 of the Act and with the guidelines developed by the National Commission on New Technological Uses of Copyrighted Works (CONTU Guidelines) and published in U.S. Copyright Office Circular 21.

7. RESPONSIBILITIES OF LICENSOR

- 7.1 Licensor shall provide the Licensee with a customer number necessary to enable the Licensee to submit the Online Registration Materials.
- 7.2 Licensor shall use all reasonable efforts:
- 7.2.1 to make the Licensed Works available by means of the World Wide Web to the Licensee throughout the Subscription Period;
- 7.2.2 to ensure that the Server has sufficient capacity and rate of connectivity to provide the Licensee with a quality of service consistent with current standards in the World Wide Web on-line information provision industry;
- 7.2.3 to restore access to the Licensed Works as soon as possible in the event of an interruption or suspension of the service.

- 7.3 Licensors agree to make available to the Licensee a monthly COUNTER compliant usage report throughout the Subscription Period detailing the level of use of the Licensed Works by the Licensee's Authorised Users per month, but only to the extent such monthly usage reports are made available by the party hosting the Licensed Works on behalf of the Licensor. This report will not identify individual Authorised User usage, but will be provided in respect of the IP address range(s) given by the Licensee in the Online Registration Materials as a whole. The Licensor will not be able to provide accurate usage reports if the Licensee stores the Licensed Works on any cache or proxy server, or accesses the Licensed Works through an agent gateway.
- 7.4 The Licensor reserves the right to withdraw from the Licensed Works content that it no longer retains the right to provide or that it has reasonable grounds to believe is unlawful, harmful, false, or infringing.
- 7.5 The Licensor reserves the right to suspend access to the Licensed Works in the event of any unauthorised use of the Licensed Works.

8. ACKNOWLEDGMENT AND PROTECTION OF INTELLECTUAL PROPERTY RIGHTS

- 8.1 The Licensee acknowledges that all copyrights, patent rights, Licensor Trademarks, services marks, database rights, trade secrets and other intellectual property rights relating to the Licensed Works (collectively the "Licensor Intellectual Property"), are the sole and exclusive property of Licensor and that this Agreement does not convey to the Licensee any right, title, or interest therein except for the right to use the Licensed Works in accordance with the terms and conditions of this Agreement.

To the extent that Publisher arranges for The Consortium to have such access through third-party services, The Consortium shall be entitled during the term of this Agreement to access the Licensed Materials by means of such services without additional charges by Publisher or third-party. All such access to the Licensed Materials via a third-party provider is subject to this Agreement. The Consortium shall also have the option to arrange for continuing online archival access as provided in clause 4.1.

3.2 *Protection from Unauthorized Access and Use.*

The Subscriber shall use reasonable efforts to:

- ensure that access to and use of the Subscribed Products is limited to Authorized Users and that all Authorized Users are notified of and comply with the usage restrictions set forth in this Agreement;
- ensure that any passwords or credentials used to access the Subscribed Products are issued only to Authorized Users and that neither the Subscriber nor its Authorized Users divulge any passwords or credentials to any third party; and
- immediately upon becoming aware of any unauthorized use of the Subscribed Products, inform Elsevier and take appropriate steps to ensure that such activity ceases and to prevent any recurrence.

In the event of any unauthorized use of the Subscribed Products, Elsevier may suspend the access and/or require that the Subscriber suspend the access from where the unauthorized use occurred upon notice to the Subscriber. The Subscriber shall not be liable for unauthorized use of the Subscribed Products by any Authorized Users provided that the Subscriber did not intentionally assist in or encourage such unauthorized use or permit such unauthorized use to continue after having actual notice thereof.

SECTION 4. FEES AND PAYMENT TERMS.

The Subscriber shall pay to Elsevier the fees set forth in Schedule 1 (the "Fees") within sixty (60) days of date of invoice for the Fees due for first year of the term and, thereafter, no later than 15 December for the Fees due for the following year of the term, except as set forth on Schedule 1. The Fees shall be exclusive of any sales, use, value added, withholding or similar tax and the Subscriber shall be liable for any such taxes in addition to the Fees unless the Subscriber is entitled to exemption from taxation and provides to Elsevier appropriate documentation of its tax-exempt status upon Elsevier's request. Elsevier shall send a copy of Elsevier's invoice to the Subscriber's subscription agent identified as the Billing Contact on Schedule 2 (the "Agent"), and the Subscriber shall cause the Agent to pay Elsevier in accordance with the payment terms set forth above. If the Subscriber disputes, in good faith, any amount on Elsevier's invoice, the Subscriber shall provide written notice of the dispute to Elsevier along with full supporting documentation within ten (10) business days of invoicing, and the Subscriber and Elsevier will use all reasonable efforts to resolve and settle such dispute within ten (10) business days thereafter. Once the invoice dispute is resolved and settled, the Subscriber will cause the Agent to pay the amount due within thirty (30) days following resolution of dispute. If the Agent fails to pay the full amount of Elsevier's invoice on a timely basis, Elsevier may suspend the Subscriber's access to the Subscribed Products until the unpaid amounts of such invoice are paid.

SECTION 5. TERM.

5.1 *Term.*

The term of this Agreement shall commence on 1 January 2010 and continue until 31 December 2014.

5.2 *Renewal.*

This Agreement will be automatically renewed for successive one-year terms, subject to appropriate adjustments to Schedule 1, unless either party gives notice to the other by 1 October prior to the end of the then current term that it does not intend to renew. The Subscriber may access and use in perpetuity the Subject Backfile Collection(s) in accordance with the provisions of this Agreement for a one-time fee for as long as the Subscriber maintains an annual subscription on ScienceDirect online.

5.3 *Early Termination Due To Insufficient Budgetary Allotment From Government.*

The Subscriber may terminate this Agreement if sufficient funds are not provided or allotted in future government-approved budgets of the Subscriber (or reasonably available or expected to become available from other sources at the time the Subscriber's payment obligation attaches) to permit the Subscriber, in the exercise of its reasonable administrative discretion, to continue this Agreement.

SECTION 6. ELSEVIER WARRANTIES AND INDEMNITIES.

6.1 *Warranties.*

Elsevier warrants that use of the Subscribed Products in accordance with the terms and conditions herein will not infringe the intellectual property rights of any third party.

6.2 *Indemnities.*

Elsevier shall indemnify, defend and hold harmless the Subscriber and its Authorized Users from and against any loss, damage, costs, liability and expenses (including reasonable attorneys' fees) arising from or out of any third-party action or claim that use of the Subscribed Products in accordance with the terms and conditions herein infringes the intellectual property rights of such third party. If any such action or claim is made, the Subscriber will promptly notify and cooperate with Elsevier. This indemnity obligation shall survive the termination of this Agreement.

6.3 *Disclaimer.*

EXCEPT FOR THE EXPRESS WARRANTIES AND INDEMNITIES STATED HEREIN AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, ELSEVIER AND ITS SUPPLIERS PROVIDE THE SUBSCRIBED PRODUCTS "AS IS" AND MAKE NO REPRESENTATION OR WARRANTY AND EXPRESSLY DISCLAIM ANY LIABILITY FOR ANY CLAIM ARISING FROM OR OUT OF THE SUBSCRIBED PRODUCTS, INCLUDING BUT NOT LIMITED TO ANY ERRORS, INACCURACIES, OMISSIONS, OR DEFECTS CONTAINED THEREIN, AND ANY IMPLIED OR EXPRESS WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

6.4 *Limitation of Liability.*

Except for the express warranties and indemnities stated herein and to the extent permitted by applicable law, in no event shall Elsevier or its suppliers be liable for any indirect, incidental, special, consequential or punitive damages including, but not limited to, loss of data, business interruption or loss of profits, arising out of or in connection with this Agreement, or shall the liability of Elsevier and its suppliers to the Subscriber exceed a sum equal to the Fees paid by the Subscriber hereunder, even if Elsevier or any supplier has been advised of the possibility of such liability or damages.

SECTION 7. GENERAL.

7.1 Force Majeure.

Neither party's delay or failure to perform any provision of this Agreement as a result of circumstances beyond its control (including, but not limited to, war, strikes, fires, floods, governmental restrictions, power failures, telecommunications or Internet failures or damage to or destruction of any network facilities or servers) shall be deemed a breach of this Agreement.

7.2 Severability.

The invalidity or unenforceability of any provision of this Agreement shall not affect any other provisions of this Agreement.

7.3 Entire Agreement.

This Agreement contains the entire understanding and agreement of the parties and merges and supersedes any and all prior and contemporaneous agreements, communications, proposals and purchase orders, written or oral, between the parties with respect to the subject matter contained herein.

7.4 Modification.

No modification, amendment or waiver of any provision of this Agreement shall be valid unless in writing and signed by the parties.

7.5 Assignment.

The Subscriber shall not assign, transfer or license any of its rights or obligations under this Agreement unless it obtains the prior written consent of Elsevier, which consent shall not unreasonably be withheld.

7.6 Privacy.

Elsevier shall not, without the prior written consent of the Subscriber, transfer any personal information of any Authorized Users to any non-affiliated third party or use it for any purpose other than as described in this Agreement and in the online privacy policy for the relevant online service.

7.7 Notices.

All notices given pursuant to this Agreement shall be in writing and delivered to the party to whom such notice is directed at the address specified below or the facsimile number or electronic mail address as such party shall have designated by notice hereunder.

If to Elsevier: Elsevier B.V. c/o Regional Sales Office, 360 Park Avenue South, New York, NY 10010-1710, USA.

If to the Subscriber: University of Washington, University Libraries, Box 352900, Seattle, WA 98195-2900, USA.

7.8 Execution.

This Agreement and any amendment thereto may be executed in counterparts, and signatures exchanged by facsimile or other electronic means are effective to the same extent as original signatures.

IN WITNESS WHEREOF, the parties have executed this Agreement by their respective, duly authorized representatives as of the date first above written.

Option to Cancel Subscribed Titles

Notwithstanding anything to the contrary contained in this Agreement, after 31 December 2011, upon notice to Elsevier by 1 October prior to the start of the next calendar year of the term of this Agreement, the Subscriber may cancel any Subscribed Title in its Total Print Subscription and/or Total Electronic Subscription and will not be charged any additional fee for such cancelled Subscribed Title(s), effective 1 January of the next calendar year for the remainder of that year, provided that such cancelled Subscribed Title(s) decreases the Total Subscription Turnover no more than 2% during the entire term of this Agreement.

Option to Substitute Subscribed Titles

The Subscriber may substitute any of the subscribed journal titles identified on Annex A ("Subscribed Titles") with one or more journal titles of total comparable value (in current year list price) once annually upon notice to Elsevier by 1 October prior to the start of the next calendar year or at any time upon mutual agreement of the parties in writing. The foregoing does not apply to the Cell Press or Subject Backfile Collection(s) titles.

Option to Substitute or Refund Withdrawn Subscribed Titles

The Subscriber may substitute any withdrawn Subscribed Title with one or more journal titles of total comparable value (in current year list price) at any time upon notice to Elsevier. The electronic copy may not contain links and other features and functionality associated with the online version. If a particular Subscribed Title is withdrawn by Elsevier or not renewed by the Subscriber, but the Subscriber remains a ScienceDirect online subscriber, the Subscriber may continue to access online, at no additional charge, such formerly Subscribed Title for the publication years paid, provided that Elsevier continues to hold the electronic rights thereto.

Print Subscriptions and Expenditure Commitment

The Subscriber has provided to Elsevier a complete list of Subscribed Titles from its Complete Collection in print, including multiple subscriptions, the value of which, set forth above, shall be separately invoiced to and paid by the Subscriber in full no later than 31 March of each calendar year of the term of the Agreement. An "e-only" discount of ten (10%) percent off the value of the then current year list price of the Subscriber's subscriptions that are accessed electronically only will be applied to the annual subscription renewal of the next calendar year and continue for each calendar year thereafter remaining in the term of this Agreement.

ScienceDirect Interlibrary Loan Policy

[Search tips](#)

The Interlibrary Loan Policy for electronic journals is included in each institution's agreement with Elsevier for ScienceDirect. In short, the provision allows and provides for the use of electronic journal articles as a source for the fulfillment of Interlibrary Loan (ILL) requests with some provisions.

Interlibrary Loan Conditions

This grant applies only to journals published by Elsevier. Other publishers have different conditions or may not permit interlibrary loans. The licensor grants the subscriber the right to use articles from subscribed content in the case of ScienceDirect as source material for interlibrary loans subject to the following conditions:

- The ILL request comes from an academic or other non-commercial, non-corporate research library located in the same country as the subscriber.
- The requested article is printed by the subscriber mailed, faxed or transmitted by Ariel (or a similar ILL system) to the requesting library. For libraries in the U.S. complying with the [CONTU guidelines](#), it is not

necessary to first print the article and then scan it for electronic transmission.

A Note on National Boundaries

Interlibrary loan and document delivery activities, and the legal basis for such activities, vary from country to country. As an international publisher, Elsevier has worked hard to establish an international level playing field, where all libraries can provide documents to libraries on the same terms and conditions. Those terms are intended to support domestic ILL. They are also intended to reign in those libraries who have abused ILL and provide what is more accurately described as document delivery to anyone anywhere in the world in the name of ILL.

In the US, ILL operates within the [CONTU guidelines](#), which provide a balance between free ILL and payments to publishers. The responsibility for adhering to CONTU rests with the requesting, not the fulfilling, library. Requesting libraries located outside of the US are not part of the CONTU agreement and have no restriction on the number of copies requested on a free (no royalty) basis. That is not a level playing field.

Elsevier recognizes that there are less developed countries in the world and libraries that cannot afford to purchase subscriptions or individual articles. For that reason we were a founding partner in the [HINARI/AGORA/OARE](#) programs and continue to give them our strong support. Under these programs libraries in 69 countries have completely free access to Elsevier journals (and the journals of more than 110 other publishers). In an additional 44 countries, a single annual fee of \$1000 (which does not go to the publisher but

supports the program administrators)
assures access to the journals of all
publishers participating in these programs.

If a ScienceDirect subscriber library has a partner library in one of these countries, we believe that it will help that partner library the most to introduce that library to the HINARI/AGORA/OARE programs and even, if necessary, pay the annual fee on their behalf. That action opens the library to a wealth of information that they can access themselves on an unrestricted basis. We strongly believe that is in the best interest of all libraries and researchers. It is for that reason, for example, that Elsevier made a \$80,000 grant to the Medical Library Association for Hinari training. We hope others will join in this effort.

2. Payment Terms

- 2.1 Licensee shall pay the License Fee to Springer and Springer shall receive the License Fee within 30 days upon receipt of invoice.
- 2.2 In case of a multi-year agreement and automatic renewal, Licensee shall pay the License Fees for all subsequent years on or before December 31st of the preceding year. Springer shall increase the License Fee for each product by 4% during each subsequent year based on the last License Fee.
- 2.3 The fixed price increase of the License Fee for the Subscribed Journals as set out in Section 2.2 of the License Agreement (the "Fixed Price Increase") considers that some articles published in the Subscribed Journals are also published open access through Springer's Open Choice program. In this respect, at the beginning of each Subscription Year, Springer adjusts the list price of Journals at a ratio of the open access articles. If the list price of all Journals is reduced to up to more than 2 %, the Fixed Price Increase will be reduced by the percentage exceeding the 2 % during that specific year.
- 2.4 New participants may join at whichever is higher: their maximum historical spend over the past three years or at an annual minimum participation fee of \$2000 for 2014, \$2100 for 2015, and \$2200 for 2016.

3. Miscellaneous

Licensee shall send a fully executed original of this License Agreement to Springer within 30 days of Springer's commencement of Licensee's access to the Content or receipt of this License Agreement. In the event that Licensee fails to do so, Springer may discontinue access to the Content.

IN WITNESS WHEREOF, the parties have signed this License Agreement by their respective, duly authorized representatives with effect from Licensee's access to the Content.

Specific Provisions Journals

1. Journals

The journals listed in Section 6 (the "Subscribed Journal(s)" or the "Subscription") contain the volumes of previous years going back to 1997 if available (the "Complimentary Volumes").

2. Print and Electronic Journals

2.1 Intentionally deleted.

2.2 Intentionally deleted.

2.3 Intentionally deleted.

2.4 In case Licensee orders the print versions of its Subscribed Journals from Springer or from an agent in addition to its e-only-Subscription under this License Agreement, Licensee is entitled to a discount of 75% of the list price of the print version, excluding postage and handling fee ("Deep Discounted Print" or "DDP"). The order shall include the indication that Licensee orders the print versions of the Subscribed Journals under the DDP, otherwise Licensee is not entitled to any refund from Springer. This Section does not apply to Non-Subscribed Journals or Complimentary Journals.

3. Transfer, Take-Over and New Journals

3.1 If the publishing rights to a Subscribed Journal are transferred to another publisher, Springer will use its best efforts to provide Licensee or - in case of a consortium - those Participating Libraries with a respective Subscription with continuous access to those issues of the Subscribed Journal published during the Term either (a) online on Springer's Websites, (b) online on the new publisher's website, or (c) offline by providing the same on a digital storage medium. If Springer is unable to do any of the foregoing, Springer will offer those Participating Libraries access to another journal of equivalent value.

3.2 In the event that during the Subscription Year, Springer acquires a journal from a third party publisher (the "Take-Over Journal"), Participating Libraries may obtain access and rights to the Take-Over Journal under the following terms:

- a) If one or more Participating Libraries subscribed to the Take-Over Journal during the previous Subscription Year, and (i) the total number of subscriptions of the Participating Libraries to the Take-Over Journal is maintained upon transfer to Springer, and (ii) the total number of subscriptions of the Participating Libraries to the Take-Over Journal meets or exceeds the Multiplier as defined in sub-paragraph (c), Springer will provide access and rights to the Take-Over Journal to all Participating Libraries at no additional cost.
- b) If the provisions of sub-paragraph (a) are not satisfied, Licensee may add the Take-Over Journal to the title list and the License Fee for the Subscribed Journals shall be increased by the product of the Multiplier and the list price of that Take-Over Journal. If Licensee declines this option, Springer will grant access and rights to the Take-Over Journal only to those Participating Libraries that hold a subscription to that Take-Over Journal.

- c) The "Multiplier" is the average number of subscriptions per subscribed journal held by all Participating Libraries within a consortium. For example, if there are 7 Subscribed Journals, and a total of 13 subscriptions held by the Participating Libraries, the Multiplier would be 13 divided by 7, i.e. 1.86. The multiplier is based on the Subscribed Journals held by the Participating Libraries in the year prior to the current Subscription Year.

- 3.3 Electronic access to new, start-up journals initiated by Springer (the "Start-Up Journals") will be included at no additional cost during the first two years of their publication but not exceeding the Term of this License Agreement. Licensee has no rights to continuous access with regard to the Start-Up Journals.

4. Term and Duration of Access

- 4.1 The term shall begin on January 1st 2014 and shall end on December 31st 2016 (the "Subscription Year" or "Term").
- 4.2 After expiration of the Term and subject to Licensee's and Participating Libraries' compliance with it, Licensee and each Participating Library, shall be entitled to continuous access to their individually Subscribed Journals during their participation in this License Agreement. From January 1st 2019, Licensee shall pay an annual hosting fee in the amount of US \$625.00 for access to the Subscribed Journals through Springer's Websites, which will be waived during those years that Licensee and/or any Participating Library subscribes to or acquires any additional Content. Licensee and Participating Libraries shall be entitled to access the Non-Subscribed Journals and the Complimentary Volumes only during the Term.

5. Termination of Subscription

- 5.1 A Participating Library may opt out of this License Agreement due to unexpected severe financial difficulties by giving Springer notice in writing including the reasons for opting-out, by October 31st with effect for January 1st of the following year. The share of the terminating Participating Library will be deducted from the base value. In case the Participating Library does not terminate on time, it will not receive a refund of its share for the following Subscription Year. If the share of the base value (the minimum print value + electronic-fee, or the electronic-only fee) of the Participating Library(ies) represent more than 10% of the annual License Fee, Springer has the right to renegotiate the terms of this Agreement.
- 5.2 In the event, a Participating Library cancels its Subscription, Springer may restore the Subscription provided that the Participating Library restores its Subscription in the same amount of its License Fee prior to its cancellation and according to Section 2.2 of the License Agreement.

Archival Access: During the term of this License, Wiley will provide the Licensee with access to current electronic files of the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles.

Perpetual Access: Upon termination of this License, Wiley will provide the Licensee with perpetual access to current electronic files of the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles where Wiley has the rights to deliver this. Wiley, in its discretion, will either continue online access to the same material on Wiley's server or provide an archival copy in the electronic medium agreed to by both Wiley and the Licensee, at a reasonable cost-based (primarily production and media costs incurred by Wiley) fee agreed to by both parties. In the alternative, after the termination of the License, the Licensee may choose to create a single electronic copy for the purpose or archiving, for the Licensee's own internal use, and not for redistribution.

By providing such access Wiley grants to the Licensee a nonexclusive, royalty-free, license to use such material in accordance with the restrictions on use specified in Paragraph C of the Agreement, which restrictions shall survive any termination of the Agreement.

Wiley has designated both Portico and CLOCKSS as post-cancellation access providers of licensed material. If the licensed material is no longer available via Wiley Online Library, the Licensee may access the material on either Portico's or CLOCKSS' server, or from another third party post-cancellation access provider designated by Wiley as long as:

1. Wiley continues to designate Portico, CLOCKSS, or such third party as a post-cancellation provider;
2. The licensed material is available on Portico, CLOCKSS, or such third party;
3. Wiley maintains copyright over the licensed material;
4. Portico's, CLOCKSS', or such third party's procedures for providing access are followed.

Pricing:

(a) Year 1

- Core Collection Fee = 100% of current holdings value based on the current year full rate institutional online only price. Holdings are determined based on all full rate institutional subscriptions held by the Licensee in the year prior to the first year of the License.
- Total Core Collection Fee = \$1,012,924.57

(b) Year 2 and subsequent years

- Core Collection Fee = 100% of the previous year's Core Collection fee plus a price increase based on the average journal price increase but not to exceed the Price Increase Cap specified

below, plus any adjustments for new, canceled or deleted Electronic Journal titles.

- Price Increase Cap: 3%

If the average aggregate Wiley journal price increase for a calendar year is less than the Price Increase Cap, the lower percentage will be applied. The following titles are not available via this Agreement: *Econometrica*, *Quantitative Economics*, *Theoretical Economics* and *The Journal of the European Economic Association*. However, they may be ordered via Wiley's Journals Customer Service department at cs-journals@wiley.com.

If Wiley offers any new online access models for journals on Wiley Online Library, the Licensee will have the option to subscribe on mutually agreeable terms.

Electronic Journal Subscription Maintenance:

Wiley may, from time to time, cease publication of individual journals in which case the journal(s) will be removed from the Licensee's Core Collection, and the fees associated with the journal(s) will no longer be factored into the Core Collection Fee.

Except as provided above, the Licensee must maintain all online subscriptions in the Core Collection as set forth in the attached list (Appendix B(a)1).

New Titles: New Titles can be added under the following terms and conditions:

- (a) Member Institutions may add new journals to their Core Collection at the full rate institutional online only subscription price.
- (b) Subscriptions to titles transferred into Wiley from another publisher will be added to a Member Institution's Core Collection in the first year of transfer without any additional fees if added to the Core Collection after September 1st of the year of transfer and if the Member Institution has one or more subscriptions for the calendar (or subscription) year in which the title is transferred. Individually negotiated pricing for access to transferred titles will also be maintained by Wiley, subject to the other terms of this Agreement. The title will be added to the Core Collection of that Member Institution each subsequent year at the current year institutional online only price multiplied by the number of subscriptions held in the previous year. Subscriptions to titles transferred out of Wiley will be deleted from the Member Institution's Core Collection in the year of transfer and the fees associated with the journals will no longer be factored into the Core Collection Fee.
- (c) A Member Institution may add previously canceled titles at the current full rate institutional online only subscription price to its Core Collection.
- (d) Wiley reserves the right to exclude titles from inclusion in the Standard or Custom Collections, however these titles may be added to an individual Member Institution's Core Collection.

Print Subscription Pricing:

The Licensee can purchase print subscriptions to Licensed Electronic Journals which the Licensee subscribes to via a Core Collection at a deeply discounted rate. This does not apply to:

- (a) Titles new to Wiley Online Library unless subscribed to in the Licensee's Core Collection.
- (b) Titles not subscribed to by the Licensee, unless added to the Licensee's Core Collection.
- (c) Titles not available via Wiley Online Library.
- (d) Titles published in online-only format by Wiley. Print subscriptions available through any Print on Demand option are not eligible for a deeply discounted rate.

American Geophysical Union titles now published by Wiley are available at the following deeply discount rate which differs from other Wiley journals: 75% of list price.

Print subscriptions, other than subscriptions for titles available from Wiley in online-only format, should be ordered directly via the Wiley Customer Services department, or through an agent.

APPENDIX B (b) – ACCESS TO UNSUBSCRIBED JOURNALS VIA STANDARD COLLECTIONS

[Licensee: University of Washington]

Standard Collections are defined herein as predetermined collections of the online editions of Wiley journals. The available Standard Collections are:

Full Collection

Scientific, Technical and Medical Collection

Medical and Nursing Collection

Social Sciences and Humanities Collection

The complete list of titles for Standard Collections is included in Appendix B(b)1. The Licensee will obtain online access to unsubscribed Wiley journals (journals not included in the Licensee's Core Collection) by licensing a Standard Collection.

Archival Access: During the term of this License, Wiley will provide the Licensee with access to current electronic files of the unsubscribed journals in the Standard Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles.

Perpetual Access: Upon termination of this License, Wiley will provide the Licensee with perpetual access to the unsubscribed titles in the Standard Collection for the years that the Licensee has paid for access to the unsubscribed titles in the Standard Collection where Wiley has the rights to deliver this. Wiley, in its discretion, will either continue online access to the same material on Wiley's server or provide an archival copy in the electronic medium agreed to by both Wiley and the Licensee, at a reasonable cost-based (primarily production and media costs incurred by Wiley) fee agreed to by both parties. In the alternative, after the termination of the License, the Licensee may choose to create a single electronic copy for the purpose or archiving, for the Licensee's own internal use, and not for redistribution.

By providing such access Wiley grants to the Licensee a nonexclusive, royalty-free, license to use such material in accordance with the restrictions on use specified in Paragraph C of the Agreement, which restrictions shall survive any termination of the Agreement.

Wiley has designated both Portico and CLOCKSS as post-cancellation access providers of licensed material. If the licensed material is no longer available via Wiley Online Library, the Licensee may access the material on either Portico's or CLOCKSS' server, or from another third party post-cancellation access provider designated by Wiley as long as:

1. Wiley continues to designate Portico, CLOCKSS, or such third party as a post-cancellation provider;
2. The licensed material is available on Portico, CLOCKSS, or such third party;
3. Wiley maintains copyright over the licensed material;
4. Portico's, CLOCKSS', or such third party's procedures for providing access are followed.

Standard Collection Fee: Each member will pay a Collection Fee to access the Standard Collection in addition to their Core Collection Fee.

Pricing:

(a) Year 1

- Standard Collection pricing will be calculated as a percentage of the current full rate institutional

online only subscription price of the unsubscribed titles in the Collection. The percentage is set based on the Licensee's number of FTEs, and the value of the Licensee's Core Collection. For this purpose FTEs are defined as full-time equivalent students and academic faculty.

- Licensee's FTE count: 51,540
- Total Standard Collection Fee: \$43,424.22

(b) Year 2 and subsequent years

- Standard Collection Fee = Each member Institution will subscribe to the current calendar year (2015 calendar year) of their licensed Standard Collection at 100% of the previous year's Standard Collection fee plus a price increase based on the average journal price increase but not to exceed the Price Increase Cap specified below.
- Price Increase Cap: 3%
If the average aggregate Wiley journal price increase for a calendar year is less than the Price Increase Cap, the lower percentage will be applied.

A. **DEFINITIONS**

The following terms shall be deemed to have the meaning as set forth below:

1. **Wiley Online Library** - The online service (or any successor thereto) available from Wiley or its affiliates on the Worldwide Web including all products, services and features offered via the service. Certain products and services under this License may be delivered from other platforms as noted in the Appendices. The term "Licensee" shall be deemed to include each such participating Member Institution in the singular and all such participating Member Institutions and their affiliated campuses, as well as the Consortium signing on their collective behalf. For the avoidance of doubt, when Member Institutions and their affiliated campuses of the Consortium agree in writing to the terms of their participation in this License by executing the Sign-Up Letter in the form attached hereto as Appendix L, they are deemed to be participating parties to this Agreement. Also, Wiley agrees that, as between it and a Member Institution, the Member Institution-specific language that appears in Appendix L is part of the Agreement.

Appendix A will include information on IP addresses for the Secure Network which are covered by this License and contacts for each such Member Institution and their affiliated campuses. Each Appendix for a Licensed Electronic Product will specify financial terms for each Member Institution and their affiliated campuses.

3. **Authorized Users** - Those persons who are authorized by the Licensee to have access to Wiley Online Library. Authorized Users must be current faculty members (whether on a permanent, temporary, contract or visiting basis), fulltime and part-time students, including registered long distance learners, researchers, staff members, librarians, executives or employees of the Licensee, or contractors engaged by the Licensee, provided such contractors have been informed of, and agree to abide by, the Terms and Conditions of Use set forth herein and they access Wiley Online Library via the Licensee's Secure Network regardless of their physical location. C. TERMS AND CONDITIONS OF USE

1. The rights and restrictions governing access to Wiley Online Library and the Electronic Products by the Licensee and its Authorized Users are outlined in the Terms and Conditions of Use below.
 - a. Authorized Users may download, search, retrieve, display and view, copy and save to hard disk or diskette, flash or thumb drive or by caching (or mirrored storage) and store or print out single copies of portions of journal issues, books or other content in the Licensed Electronic Products for the Authorized User's own personal use, scholarly, educational or scientific research or internal business use. Authorized Users may also transmit such material to a third-party colleague in hard copy or electronically, for personal use or scholarly, educational, or scientific research or professional use but in no case for re-sale, systematic redistribution, or for any other use. In addition, Authorized Users have the right to use, with appropriate credit, figures, tables and brief excerpts from individual articles, chapters or other entries from the Licensed Electronic Products in the Authorized User's own scientific, scholarly and educational works such as books and articles.
 - b. All Authorized Users have the option to create a My Profile Page which will allow them to create data files and links to articles, chapters and entries of interest in the Licensed Electronic Products, and search criteria which may be reused by them. In order to do so, the Authorized User will have to select and register a user name and password which the Authorized User must keep confidential and not disclose to or share with anyone else.
 - c. The Licensee and its Authorized Users may create links to Wiley Online Library from their Online Public Access Catalog (OPAC) records, own records, library catalogs, link resolvers, and the Licensee's or its Member Institutions' own indices, locally hosted databases or library web pages, provided those links are operated by the Licensee on a Secure Network, do not result in access to licensed

content by anyone other than Authorized Users and are not used in connection with any paid or commercial service or for any other commercial use whatsoever. Wiley Online Library supports OpenURL version 1.0.

- d. Authorized Users who are members of the Licensee's faculty or staff may incorporate any part of the Licensed Electronic Products in course packs, electronic reserve collections and in campus systems for classroom management to be distributed to students at the Licensee's institution free of charge or at a cost-based fee without the prior written permission of Wiley as long as i) access is restricted to Authorized Users and ii) best efforts will be made to by the Licensee to ensure that copies created for the purpose of course packs or electronic reserves or for classroom management systems, either in print or electronic format, are to be removed and deleted when the relevant course ends. Any other use of the Licensed Electronic Products included in course packs or electronic reserves shall require prior written permission from Wiley, which may set out further terms and conditions for such use. Material from Licensed Electronic Products may also be stored in electronic format in secure electronic data files for access by Authorized Users who are students at the Licensee's institution, as part of their course work, so long as reasonable access control methods are employed such as user name and password.
- e. The Licensee's library staff may supply to an authorized user of another library a single copy or a PDF copy of an electronic original of an individual document from the License Electronic Products utilizing the prevailing technology of the day for the purposes of research or personal study, if the digital copy is immediately deleted after one use. The Consortium and the Member Institutions agree to fulfill interlibrary loan requests in compliance with Section §108 of the United States Copyright Act (17 USC §108). This right shall apply to traditional ILL functions and shall not apply to the extent it is used with centralized ordering facilities, such as document delivery services or for any other commercial or systematic distribution.
- f. Nothing in this License shall in any way exclude, modify or affect any of the Consortium's or any Member Institution's rights under The Copyright Act of 1976, as amended.
- g. The Licensee is permitted to host self-archived articles authored by its Authorized Users in the Licensee's institutional repository, subject to the following provisions. Authorized Users who are authors or co-authors of articles in journals published by Wiley during the Term may deposit the peer reviewed and accepted version of their articles in the Licensee's institutional repository for public access twelve (12) months after the beginning of the month of first publication, whether as an EarlyView article or in an online issue of a journal published by Wiley. The self-archiving right shall commence on January 1, 2014 and shall apply to articles published from October 1, 2012 and throughout the term and any renewals, subject to the twelve month embargo period. The deposited version must link to the final article on Wiley Online Library, must indicate that the deposited version is the peer reviewed version, and must include a citation to the final published version – for example, by including the following notice: „This is the peer reviewed version of the following article:

FULL CITE, which has been published in final form at [link to final article]". The Licensee may not redistribute such self-archived articles except as permitted in this paragraph, whether for commercial or non-commercial purposes. This provision does not give Licensee or any Authorized User the right to incorporate into any institutional or other repository Wiley's final published version from the Licensed Electronic Products (as distinct from the version of the article accepted for publication including the revisions from the peer review process). For clarity, nothing in this paragraph shall eliminate or limit any other rights that Licensee or any Authorized User may have to deposit, host or make available articles published in Wiley journals.

2. Except as provided in Paragraph C.1 above, Authorized Users may not copy, distribute, transmit or otherwise reproduce, sell, or resell material from the Electronic Products; store such material in any form or medium in a retrieval system; or transmit such material, directly or indirectly, for use in any paid service such as document delivery or list serve, or for use by any information brokerage or for systematic distribution, whether or not for commercial or non-profit use, or for a fee or free of charge.
3. The Licensee and its Authorized Users may not remove, obscure or modify any copyright or proprietary notices, author attribution or any disclaimer as they appear on Wiley Online Library. Authorized Users may not integrate material from the Electronic Products with other material or otherwise create derivative works in any medium. However, brief quotations for purposes of comment, criticism or similar scholarly purposes are not prohibited herein.
4. Authorized Users may not do anything to restrict or inhibit any other Authorized User's access to or use of Wiley Online Library and the Licensed Electronic Products.
5. If an Authorized User fails to abide by these Terms and Conditions of Use or other terms of this License, Wiley reserves the right in its sole discretion to suspend or terminate such Authorized User's access to Wiley Online Library and the Licensed Electronic Products immediately without notice, in addition to any other available remedies. Except in the case of a material breach which Wiley deems dangerous to the integrity and security of Wiley Online Library, or for a breach which, if not immediately remedied, is likely in Wiley's opinion to continue to cause damage, Wiley shall give prior written notice whether by email or U.S. post mail to the Licensee of its intention to terminate such Authorized User's access and shall allow the Licensee and/or the Authorized User 30 business days after receipt of such notice to cure the breach or agree to abide by the terms and conditions of this License.

D. FEES AND CHARGES

1. License Fees and other charges for online access to the Licensed Electronic Products by the Licensee and its Authorized Users, and other services provided by Wiley Online Library, are specified in Appendices attached hereto, and shall be due within thirty (30) days after receipt of invoice and after the Agreement has been signed and executed by both parties.
2. The Licensee is responsible for any charges associated with accessing Wiley Online Library and the Licensed Electronic Products, including, but not limited to, any computer equipment, telephone or Internet connections and access software.

3. The Licensee is responsible for ensuring that any third party authorized by the Licensee to make payments on its behalf shall promptly pay Wiley the full amounts due under this License.
4. Wiley shall use best efforts to annually send the Licensee and its Member Institutions an Invoice Agreement Letter no later than October 31st of the year prior to each renewal. Should Wiley be unable to provide an Invoice Agreement Letter by October 31st, Wiley agrees to cooperate with the Licensee to meet a mutually agreeable revised timeframe.. Upon the Licensee's authorized signatory's signature on the Invoice Agreement Letter and payment of fees set forth therein, this License shall apply, or shall renew for the period set forth in the Invoice Agreement Letter. Except as specifically set forth in the Invoice Agreement Letter, the terms and conditions of this Agreement (including updated Appendices) shall continue to apply.

E. **MUTUAL OBLIGATIONS**

1. Wiley will:
 - a. make reasonable efforts to ensure uninterrupted online access to and continuous availability of the Licensed Electronic Products to Authorized Users in accordance with this License, and to restore access to such Licensed Electronic Products as promptly as possible in the event of an interruption or suspension of the Wiley Online Library service which is not attributable to any third-party service provider over which Wiley has no control (e.g., an Internet or telecommunications service provider);
 - b. provide aggregate usage statistics to the Licensee which are compliant with COUNTER Codes of Practice or conform to the then-prevailing industry standard (except as otherwise specified in the attached Appendices) about the use of the Licensed Electronic Products by the Licensee's Authorized Users, consistent with applicable privacy laws and confidentiality requirements. Except for disclosure to the Licensee pursuant to this paragraph E(1)(b), Wiley agrees to keep such statistics confidential (i.e., disclosure limited only to Wiley's employees with a need to know), during the term of the Agreement and forever thereafter, unless the Licensee gives its advance written authorization for disclosure. Wiley shall not use such statistics for any commercial purpose or financial gain other than to provide services to the Licensee.
 - c. perform scheduled down-time at a time to minimize inconvenience to the Licensee and its Authorized Users, and notify Licensee in a timely manner of all instances of system unavailability that occur outside of Wiley's normal maintenance window and use reasonable effort to provide advance notice of hardware or software changes that may affect system performance.
 - d. support assistive software or devices and interfaces and design to aid persons with various sight or hearing impairments in compliance with the Americans with Disabilities Act (ADA) and other requirements. Wiley Online Library endeavors to conform to level Double-A of the World Wide Web Consortium (W3C) Web Content Accessibility Guidelines 2.0 and to section 508 of the US Rehabilitation Act. Wiley endeavors to provide Licensed Electronic Products

that are accessible to Authorized Users with disabilities in compliance with Section 504 of the Rehabilitation Act and Americans with Disabilities Act, and incorporate web content accessibility guidelines including, but not limited to, Section 508 of the Rehabilitation Act and the World Wide Web Consortium standards. The Licensee may reproduce material from Licensed Electronic Products in non-electronic perceptible forms, such as audio or Braille, to accommodate Authorized Users with disabilities.

2. The Licensee will:

- a. take all reasonable measures to inform Authorized Users of the Terms and Conditions of Use governing access to Wiley Online Library and to emphasize to such Authorized Users the need to comply with whatever restrictions on access, use, reproduction and transmission are included therein;
- b. make access available to Authorized Users only through the Licensee's Secure Network and from valid IP addresses or other secure authentication methods as described in the appropriate Appendix; undertake reasonable measures within its control to prevent access to and improper use of the Licensed Electronic Products and Wiley Online Library by unauthorized persons; and take responsibility for terminating any unauthorized access of which it has actual notice or knowledge;
- c. provide Wiley with information about the Licensee's IP addresses which can be used by Wiley to authenticate Authorized Users. The Licensee represents that all such IP addresses shall be limited to the Licensee's Secure Network, and shall be listed in Appendix A as updated from time to time. The Licensee shall be responsible for ensuring that all IP addresses on Appendix A or otherwise provided to Wiley correspond with the Licensee's IP addresses and are limited to the physical addresses specified in this Agreement. Without limiting the Licensee's obligations hereunder or Wiley's rights and remedies in the event of breach, the Licensee agrees to pay Wiley, if Wiley so elects, for any access to Wiley Online Library for IP addresses that do not meet the preceding criteria.
- d. use all reasonable efforts to monitor compliance with the Terms of Use and promptly notify Wiley of any copyright infringement or unauthorized usage of the Electronic Products which comes to the Licensee's attention; and cooperate fully with Wiley in the investigation of such infringement or unauthorized use and in any action which Wiley takes to enforce its copyright and other Intellectual Property Rights, at Wiley's expense. Notwithstanding the above, the Licensee shall not be responsible for such unauthorized use which is without the express or implied consent of the Licensee, provided that the Licensee has taken reasonable steps to prevent such misuse and, upon learning of it, uses all reasonable efforts to ensure that such activity ceases, and notifies Wiley promptly of any such breach or infringement.

F. **PRIVACY AND DATA PROTECTION POLICY**

Wiley recognizes the importance of protecting the information it collects in the operation of Wiley Online Library and will act in compliance with the Privacy Policy posted at <http://onlinelibrary.wiley.com/privacyPolicy>.

G. TERM AND TERMINATION

1. The Term of this License shall commence on January 1, 2014 and end on December 31, 2015.
2. Wiley shall have the right to request the Licensee to terminate access to Wiley Online Library by an Authorized User who breaches Wiley's Terms and Conditions of Use or infringes the copyright or other Intellectual Property Rights in the Electronic Products or Wiley Online Library.
3. Either party may terminate this License if the other party materially breaches its obligations under this License and fails to cure such material breach, provided that the non-breaching party shall give written notice of its intention to terminate and shall allow the breaching party 30 business days after receipt of such notice to remedy the breach.
4. Either party may terminate this License upon written notice if the other party becomes the subject of a voluntary petition in bankruptcy or any similar proceeding relating to insolvency, receivership or reorganization and if such petition or proceeding is not dismissed within sixty (60) days of filing. If such proceeding is involuntary and is contested in good faith, this Agreement shall terminate only after the passage of one hundred twenty (120) days without the dismissal of such proceeding.
5. The Member Institution and its affiliated campuses may terminate this Agreement if sufficient funds are not provided or allotted in future government-approved budgets of the Member Institution and its affiliated campuses (or reasonably available or expected to become available from other sources at the time the Member Institution and its affiliated campuses payment obligation attaches) to permit the Member Institution and its affiliated campuses, in the exercise of its reasonable administrative discretion, to continue this Agreement. Member Institution and its affiliated campuses may elect to renegotiate the Agreement if appropriate or terminate the Agreement on a calendar year basis effective January 1 of the year following notification without further duty or obligation. Member Institution and its affiliated campuses agrees to notify the GWLA Consortium and Wiley as soon as reasonably possible after the unavailability of said funds comes to the Member Institution and its affiliated campuses' attention, but no later than November 1 of the year preceding cancellation. If a Member Institution and its affiliated campuses executes this option, no refund of payment already received by Wiley will be owed.
6. Notwithstanding subparagraph G.3 above, either party's failure to perform any term or condition of this Agreement as a result of conditions beyond its control such as, but not limited to, war, strikes, fires, floods, tsunamis, governmental restrictions, acts of terrorism, public health emergencies including pandemics, power failures, or damage to or destruction of any network facilities or servers, shall not be deemed a breach of this Agreement.

H. WARRANTY AND DISCLAIMERS BY WILEY

1. Wiley warrants to the Licensee that the Licensed Electronic Products used as contemplated by this Agreement do not infringe the copyright or any other proprietary or intellectual property rights of any person. In no case shall Wiley's liability exceed the fee paid by the Licensee to Wiley under this Agreement in respect of the term, during which such claim, loss or damage occurred. The foregoing limitation of liability and exclusion of certain damages shall apply regardless of the success or effectiveness of other remedies.
2. Wiley Online Library may provide Authorized Users with links to third-party websites. Where such links exist, Wiley disclaims all responsibility and liability for the content of such third-party websites. Authorized Users assume sole responsibility for the accessing of third-party websites and the use of any content on such websites.
3. Except for the warranties provided by Wiley in paragraph H.1 above,
 - a. THE LICENSED ELECTRONIC PRODUCTS ARE PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF PERFORMANCE, OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, OR WARRANTIES AS TO THE ACCURACY OF OR COMPLETENESS OF THE LICENSED MATERIALS;
 - b. THE USE OF THE ELECTRONIC PRODUCTS, WILEY ONLINE LIBRARY AND ALL MATERIALS IS AT THE AUTHORIZED USER'S OWN RISK;
 - c. ACCESS TO WILEY ONLINE LIBRARY AND THE ELECTRONIC PRODUCTS MAY BE INTERRUPTED AND MAY NOT BE ERROR FREE; AND
 - d. NEITHER WILEY NOR ANYONE ELSE INVOLVED IN CREATING, PRODUCING OR DELIVERING WILEY ONLINE LIBRARY, THE ELECTRONIC PRODUCTS, OR THE MATERIALS CONTAINED IN WILEY ONLINE LIBRARY, SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES ARISING OUT OF THE AUTHORIZED USER'S USE OF OR INABILITY TO USE WILEY ONLINE LIBRARY, THE ELECTRONIC PRODUCTS AND ALL MATERIALS CONTAINED THEREIN.
4. Wiley shall indemnify and hold the Licensee harmless from and against any damages, costs and fees (including reasonable attorney's fees) resulting from any judgment against the Licensee arising out of the claim of a third party that Wiley's license of the Licensed Electronic Products or the Licensee's use thereof constitutes an infringement of any copyright, patent, trade secret or other proprietary right of any such third party. This indemnity shall survive termination of the Agreement for two (2) years. This indemnity shall not apply if the claim involves content which has been modified or used in a manner not permitted under this Agreement or if the Licensee has failed to comply with other material terms of this Agreement.

The Licensee shall give prompt notice of an infringement claim to Wiley, shall provide such cooperation and assistance to Wiley as is reasonably necessary to defend the claim, and shall allow Wiley to have the sole control of the defense,

provided, however, that the Licensee retains the right to participate in the defense at its own expense.

Wiley agrees not to create or distribute any promotional release(s) announcing the Consortium's decision to license content without the explicit approval of the Consortium's staff (i.e. Executive Director, Program Officer). Any inadvertent failure to obtain such prior written consent shall not be deemed a breach of the Agreement.

J. **GENERAL PROVISIONS**

1. Wiley may assign this Agreement to its successors, subsidiaries or assigns. This Agreement may not be assigned by the Licensee except with the prior written consent of Wiley.
2. In the event of a material breach of the terms and conditions of this Agreement by either party, the non-breaching party shall be entitled, in addition to any other remedies available pursuant to this Agreement or at law, to equitable, including injunctive, relief.

or mailed or delivered to such other address as each party may designate by notice given in like manner, and any such notice, request, statement or other communication, shall be deemed to have been given when received, except that if mailed by registered or certified mail, return receipt requested, or delivered by overnight courier service, it shall be deemed to have been given when mailed as aforesaid or when delivered and signed for by Licensee's legal signatory.

4. This Agreement constitutes the complete understanding of the parties and supersedes all prior understandings between the parties with respect to the subject matter of this

Agreement. No modification, amendment, or waiver of any provisions shall be valid unless in writing and signed by both parties legal signatory. Any waiver in one or more instances by either of the parties of any breach by the other of any terms or provisions contained in this Agreement shall not be considered a waiver of any succeeding or preceding breach. APPENDIX B (a) – LICENSED ELECTRONIC JOURNALS - CORE COLLECTIONS OF SUBSCRIBED TITLES

[Licensee: GWLA: The Greater Western Library Alliance]

The Core Collection is defined herein as the complete collection of Wiley journals to which the Licensee subscribes and will pay full rate institutional online only subscription fees to obtain online access.

Archival Access: During the term of this License, Wiley will provide the Licensee with access to current electronic files of the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles.

Perpetual Access: Upon termination of this License, Wiley will provide the Licensee with perpetual access to current electronic files of the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles where Wiley has the rights to deliver this. Wiley, in its discretion, will either continue online access to the same material on Wiley's server or provide an archival copy in the electronic medium agreed to by both Wiley and the Licensee, at a reasonable cost-based (primarily production and media costs incurred by Wiley) fee agreed to by both parties. In the alternative, after the termination of the License, the Licensee may choose to create a single electronic copy for the purpose of archiving, for the Licensee's own internal use, and not for redistribution.

By providing such access Wiley grants to the Licensee a nonexclusive, royalty-free, license to use such material in accordance with the restrictions on use specified in Paragraph C of the Agreement, which restrictions shall survive any termination of the Agreement.

Wiley has designated both Portico and CLOCKSS as post-cancellation access providers of licensed material. If the licensed material is no longer available via Wiley Online Library, the Licensee may access the material on either Portico's or CLOCKSS' server, or from another third party post-cancellation access provider designated by Wiley as long as:

1. Wiley continues to designate Portico, CLOCKSS, or such third party as a post-cancellation provider;
2. The licensed material is available on Portico, CLOCKSS, or such third party;
3. Wiley maintains copyright over the licensed material;
4. Portico's, CLOCKSS', or such third party's procedures for providing access are followed.

Pricing:

(a) Year 1

- Core Collection Fee = 100% of current holdings value based on the current year full rate institutional online only price. Holdings are determined based on all full rate institutional subscriptions held by the Licensee in the year prior to the first year of the License.
- Total Core Collection Fee = To be provided at a later date

(b) Year 2 and subsequent years

- Core Collection Fee = 100% of the previous year's Core Collection fee plus a price increase based on the average journal price increase but not to exceed the Price Increase Cap specified

below, plus any adjustments for new, canceled or deleted Electronic Journal titles.

• **Price Increase Cap: 3%**

If the average aggregate Wiley journal price increase for a calendar year is less than the Price Increase Cap, the lower percentage will be applied. The following titles are not available via this Agreement: *Econometrica*, *Quantitative Economics*, *Theoretical Economics* and *The Journal of the European Economic Association*. However, they may be ordered via Wiley's Journals Customer Service department at cs-journals@wiley.com.

If Wiley offers any new online access models for journals on Wiley Online Library, the Licensee will have the option to subscribe on mutually agreeable terms.

Electronic Journal Subscription Maintenance:

Wiley may, from time to time, cease publication of individual journals in which case the journal(s) will be removed from the Licensee's Core Collection, and the fees associated with the journal(s) will no longer be factored into the Core Collection Fee.

Except as provided above, the Licensee must maintain all online subscriptions in the Core Collection as set forth in the attached list (Appendix B(a)1).

New Titles: New Titles can be added under the following terms and conditions:

- (a) Member Institutions may add new journals to their Core Collection at the full rate institutional online only subscription price.
- (b) Subscriptions to titles transferred into Wiley from another publisher will be added to a Member Institution's Core Collection in the first year of transfer without any additional fees if added to the Core Collection after September 1st of the year of transfer and if the Member Institution has one or more subscriptions for the calendar (or subscription) year in which the title is transferred. Individually negotiated pricing for access to transferred titles will also be maintained by Wiley, subject to the other terms of this Agreement. The title will be added to the Core Collection of that Member Institution each subsequent year at the current year institutional online only price multiplied by the number of subscriptions held in the previous year. Subscriptions to titles transferred out of Wiley will be deleted from the Member Institution's Core Collection in the year of transfer and the fees associated with the journals will no longer be factored into the Core Collection Fee.
- (c) A Member Institution may add previously canceled titles at the current full rate institutional online only subscription price to its Core Collection.
- (d) Wiley reserves the right to exclude titles from inclusion in the Standard or Custom Collections, however these titles may be added to an individual Member Institution's Core Collection.

Print Subscription Pricing:

The Licensee can purchase print subscriptions to Licensed Electronic Journals which the Licensee subscribes to via a Core Collection at a deeply discounted rate. This does not apply to:

- (a) Titles new to Wiley Online Library unless subscribed to in the Licensee's Core Collection.
- (b) Titles not subscribed to by the Licensee, unless added to the Licensee's Core Collection.
- (c) Titles not available via Wiley Online Library.
- (d) Titles published in online-only format by Wiley. Print subscriptions available through any Print on Demand option are not eligible for a deeply discounted rate.

American Geophysical Union titles now published by Wiley are available at the following deeply discount rate which differs from other Wiley journals: 75% of list price.

Print subscriptions, other than subscriptions for titles available from Wiley in online-only format, should be ordered directly via the Wiley Customer Services department, or through an agent.

Medical and Nursing Collection

Social Sciences and Humanities Collection

The complete list of titles for Standard Collections is included in Appendix B(b)1. The Licensee will obtain online access to unsubscribed Wiley journals (journals not included in the Licensee's Core Collection) by licensing a Standard Collection.

Archival Access: During the term of this License, Wiley will provide the Licensee with access to current electronic files of the unsubscribed journals in the Standard Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles.

Perpetual Access: Upon termination of this License, Wiley will provide the Licensee with perpetual access to the unsubscribed titles in the Standard Collection for the years that the Licensee has paid for access to the unsubscribed titles in the Standard Collection where Wiley has the rights to deliver this. Wiley, in its discretion, will either continue online access to the same material on Wiley's server or provide an archival copy in the electronic medium agreed to by both Wiley and the Licensee, at a reasonable cost-based (primarily production and media costs incurred by Wiley) fee agreed to by both parties. In the alternative, after the termination of the License, the Licensee may choose to create a single electronic copy for the purpose or archiving, for the Licensee's own internal use, and not for redistribution.

By providing such access Wiley grants to the Licensee a nonexclusive, royalty-free, license to use such material in accordance with the restrictions on use specified in Paragraph C of the Agreement, which restrictions shall survive any termination of the Agreement.

Wiley has designated both Portico and CLOCKSS as post-cancellation access providers of licensed material. If the licensed material is no longer available via Wiley Online Library, the Licensee may access the material on either Portico's or CLOCKSS' server, or from another third party post-cancellation access provider designated by Wiley as long as:

1. Wiley continues to designate Portico, CLOCKSS, or such third party as a post-cancellation provider;
2. The licensed material is available on Portico, CLOCKSS, or such third party;
3. Wiley maintains copyright over the licensed material;
4. Portico's, CLOCKSS', or such third party's procedures for providing access are followed.

A Consortium shall supply to ACS a list of all its members and all their Authorized Sites to be attached to this Agreement as hereinafter defined. A Consortium shall notify ACS of any additions or deletions to this list of members and acknowledges that such changes may necessitate a change in the fees due under this Agreement. The designated Licensee is signing on behalf of all members of the Consortium and shall be responsible for compliance with all terms of this Agreement by all members of the Consortium. All references to “Licensee” in this Agreement shall apply equally and fully to the Consortium and each of its members. The Licensee warrants it has the right to enter into this Agreement on behalf of the Consortium.

b. Copyright Indemnification: ACS shall defend, indemnify and hold Licensee harmless from all damages, costs, fees (including reasonable attorney’s fees) resulting from any judgment or settlement agreement arising out of the claim by a third party that Licensee’s use of the ACS Web Editions, as permitted herein, constitutes an infringement of any the copyright or other proprietary or intellectual property rights of any third party. Licensee shall give prompt notice of an infringement claim to ACS, provide such cooperation and assistance to ACS as is reasonably necessary to defend the claim, and shall allow ACS to have sole control of the defense, provided, however, that Licensee retains the right to participate in the defense at its own expense. The foregoing indemnity obligation shall not apply with respect to any claim of infringement of materials contained in ACS Web Editions which have been modified by Licensee without the prior authorization of ACS.

c. See Attachment C for fees for the initial term. Subsequent renewal fees and participants will be represented in Purchase Order with its Attachment A from Licensee.

d. Attachment B. Licensee shall supply the complete names and addresses of all locations that are participating in this Sales Agreement (Authorized Sites), plus their ACS account numbers (if available). ACS will send Licensee an invoice for the License fee for the ACS Products. A location that has no Current Print Subscriptions may still participate in this Sales Agreement as an Authorized Site so long as it is identified as provided above. These sites will be subject to a minimum participation fee. (see last paragraph in this agreement) All Authorized Sites will have access to the ACS Products, and the collective holdings of all journal titles as selected in Attachment A and subscribed to by the Licensee. The

Licensee agrees to be liable for all fees charged under this Agreement, and to advise of any additions to the list of Authorized Sites.

e. Sales Agreement Administrator: Licensee agrees to designate a single person to be the administrator of this Agreement for all Authorized Sites. The name, address, phone number, and e-mail address of the Sales Agreement administrator shall be listed in Attachment B. Licensee shall notify ACS of any changes to the assigned administrator or contact information. In addition, each Authorized Site of the Consortium must supply a contact person with e-mail address, mail address, and phone, to be used for supplying customer information and in case troubleshooting access becomes necessary.

f. Force Majeure: Neither party shall be liable in damages or have the right to terminate this Agreement for any delay or default in performing hereunder if such delay or default is caused by conditions beyond its control including, but not limited to Acts of God, Government restrictions (including the denial or cancellation of any export or other necessary license), wars, insurrections and/or any other cause beyond the reasonable control of the party whose performance is affected.

3. Agreement Definition, Duration and Payment

a. Initial term: The initial term of this Agreement shall be until December 31, 2009. This Agreement shall then automatically renew for one-year terms unless otherwise terminated as provided for herein. The term of this Agreement for Reagent Chemicals Online will commence with access to the current Reagent Chemicals Online site and conclude with the posting to the ACS web site of a new edition, at which time the older edition will be permanently removed. The Licensee agrees to pay ACS the appropriate License fee specified on the invoice for a term of one calendar year starting on January 1 of the current year and ending December 31. Upon receipt of a completed, signed Sales Agreement, access to the ACS Products will be activated. All License fees shall be paid within 30 days of invoicing. The Licensee agrees to pay ACS the appropriate License fee specified on supplemental invoices received when the Licensee adds Consortium members, Authorized Sites, ACS titles in print or Web Edition formats, or other electronic products to this agreement.

b. Renewals: ACS will provide renewal pricing information at least 60 days prior to the end of the subscription period. At the end of a calendar year, if renewal payment for the ACS Web Editions and/or ACS Division Proceedings Online is not received within 30 days after the end of the calendar year, access to the ACS Web Editions and/or ACS Division Proceedings Online and/or Chemical & Engineering News Online will be discontinued. At the end of a calendar year, if renewal payment or annual access fee for the one-time purchase of the ACS Legacy Archives is not received within 30 days after the end of the calendar year, access to the ACS Legacy Archives will be discontinued. ACS reserves the right to modify the terms of this Agreement for any renewal period or to adjust the License fee or pricing model for any renewal period upon sixty days prior written notice.

c. Usage Reports: ACS agrees to provide the Licensee COUNTER-compliant usage reports on a monthly basis for applicable ACS Products subscribed to by the Licensee.

4. Remote access through a secured proxy server is allowed to Authorized Users.

5. Termination

a. Termination for Default: If either party breaches a term of this Agreement, the other may send written notice of the breach, including a reasonable cure period not less than seven (7) business days. If the breach is not cured within that time, or if the parties do not reach a satisfactory agreement on extending the cure period, then the non-breaching party may terminate this Agreement effective immediately upon written notice.

b. Termination for Convenience: Either Party may cancel this Agreement at any time by providing the other party with sixty (60) days prior written notice. In the event of such a termination by the Licensee, the Licensee shall not receive a pro-rated refund of the unused License fee, and in the event of such a termination by ACS, the Licensee shall be entitled to receive a pro-rated refund of the unused License Fee.

c. The suspension or termination of access for any individual member(s) of the Consortium found in breach of the ACS Terms and Conditions or this Agreement shall not affect the access of non-breaching members, assuming the Consortium itself is not in breach of the ACS Terms and Conditions or this Agreement.

6. General

This Agreement sets forth the entire understanding of the parties and may not be modified without the express written consent of both parties. Delivery of the ACS Products is in the District of Columbia. The Licensee must pay any taxes lawfully due from it, other than taxes on ACS's net income, arising out of the Licensee's use of the ACS Products and/or the rights granted under this Agreement. The Licensee may not assign or transfer its rights under this Agreement without the express written consent of the ACS.

7. Acceptance

Signing this license constitutes acceptance by the licensee of all contents contained herein, including the attached document stipulating the Terms and Conditions under the license. Licensee warrants that they have read and understand the Terms and Conditions. ACS reserves the right to unilaterally modify or change the contents of the Terms and Conditions without notice, provided that such changes shall not materially affect the rights of the Licensee and the Licensee's Authorized Users under this Agreement.

f. Cancellation. Once a subscription to any single ACS Web Edition is canceled, access to the Web Edition for that journal title is terminated. In the event this License is terminated, access to all Web Editions is terminated.

g. Chemical & Engineering News Online (C&EN) is a product distinct from the ACS Web Editions and the ACS Legacy Archives with pricing negotiated separately. A current

subscription to C&EN Online provides access to the current volume as well as access to back issues as listed on the C&EN Online home page. A subscription to this periodical provides the Licensee and Authorized Users access to the current subscription term of C&EN Online, which are subject to the Terms and Conditions of Use as amended from time to time. RE: Public Records Request: PR-2014-00376 (Bergstrom)

Please find on the accompanying flash drive the University Libraries response to Professor Bergstrom's requests for copies of the UW Libraries bundled site license contracts named in his July 22, 2014 letter. UW has contracts with eight of the ten named publishers.

The contracts fall into four categories. Two of the contracts were negotiated by the UW Libraries for UW users. Two were negotiated on behalf of members by our consortial partners in the Greater Western Library Association and four were negotiated by the Orbis Cascade Alliance. There are two publishers with whom UW Libraries does not have a bundled "big deal" contract.

Here is a list of the publishers for whom we are providing copies of site license contracts, arranged by category:

- UW-ONLY LICENSE – negotiated by the UW Libraries for UW-Seattle, UW-Bothell, and UW-Tacoma
 - *Elsevier*
 - *Nature*
- GWLA CONSORTIAL LICENSE – Negotiated by the Greater Western Library Association on behalf of its members.
 - *Oxford University Press*
 - *Wiley-Blackwell*
- ORBIS CASCADE CONSORTIAL LICENSE – Negotiated by the Orbis Cascade Alliance on behalf of its members.
 - *ACS*
 - *Cambridge University Press*
 - *Sage*
 - *Springer*
- N/A (NO BUNDLED SITE LICENSE) – UW subscribes title by title, we have no bundled site license contract
 - *Emerald*
 - *Taylor & Francis*
