This License Agreement (the "Agreement") is effective as of January 1, 2007 (the "Effective Date") and is entered into by and between SAGE Publications, Inc., a Delaware Corporation, located at 2455 Teller Road, Thousand Oaks, California ("SAGE"), and Greater Western Library Alliance, a library consortium, with its principal offices located at Linda Hall Library, 5109 Cherry Street, Kansas City, MO 64110, ("Licensee") (collectively referred to herein as the "Parties").

I. DEFINITIONS

The following terms shall have the following meanings:

"Licensed Materials" shall mean the materials that are subject to this Agreement and shall consist solely of the electronic information published by SAGE as set forth on Exhibit 1 attached hereto and incorporated herein by reference. Persons who are not a current student, member of staff or a contractor of the Licensee, but who are permitted to access the Licensee's information services from computer terminals within the physical premises of the Licensee ["Walk-In Users"] are also deemed to be Authorized Users, only for the time they are within the physical premises of the Licensee. Walk-In Users may not be given means to access the Licensed Material when they are not within the physical premises of the Licensee.

"Intellectual Property Rights" shall mean patents, trademarks, trade names, design rights, copyright (including rights in computer software and moral rights), database rights, rights in know-how and other intellectual property rights, in each case whether registered or unregistered and including applications for the grant of any of the foregoing and all rights or forms of protection having equivalent or similar effect to any of the foregoing which may subsist anywhere in the world.

"Educational Purposes" shall mean for the purpose of education, teaching, distance learning, private study and/or research.

"Fees" shall mean the fees as set out in Exhibit 3.

"Secure Authentication" shall mean access to the Licensed Material by Internet Protocol ("IP") ranges or by another means of authentication agreed between the Publisher and Institution from time to time.

II. GRANT OF LICENSE

SAGE hereby grants to Licensee on its own behalf, and on behalf of the Institutions, a License to access and use the Licensed Materials and all updates thereto via SJO in a manner consistent with the Agreement. This License Agreement (this "Agreement") is made effective as of January 1, 2008 (the "Effective Date") between the Licensee and Springer.

In consideration of the mutual promises contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

PREAMBLE

Springer offers electronic versions of copyrighted material over the Internet. This material consists of electronic journals with multimedia supplements, electronic reference works, electronic books, and books with electronic components (hereinafter called "Springer Published Content"). The material is made available on the SpringerLink Information System (hereinafter called "SpringerLink") on behalf of the Springer Group of Publishers and its cooperating companies (hereinafter called "Springer Group"). By signing this Agreement, Licensee hereby confirms that any other Springer company can act as contracting party, whereby the terms of this Agreement will remain applicable. Springer will inform Licensee in writing of any change of the contracting party.

Section 1. CONTENT OF LICENSED MATERIALS; GRANT OF LICENSE

1.1 The materials that are the subject of this Agreement are specified in Attachment 3.1 and Attachment 3.2 appended to this Agreement (hereinafter referred to as the "Licensed Materials"). Licensed Materials consist of the "Subscribed Materials" listed in Attachment 3.1 and "Non-subscribed Materials" listed in Attachment 3.2. Subscribed Materials are fully paid. Non-subscribed Materials are those which Springer makes available for use through non-monetary considerations or under specially discounted conditions as described in Attachment 1 of this Agreement. These titles do not differ in terms of availability to the Licensee, allowed uses, or restrictions, but solely in terms of the Archival Rights (as hereinafter defined) granted by Springer and described in this Agreement.

1.2 Licensee is acting on behalf of a group of libraries hereinafter known as the "Participating Libraries." Rights and responsibilities referenced in this Agreement in regard to "Licensee" shall apply to all the Participating Libraries covered under this Agreement; however, Licensee is responsible only for fulfillment of its individual responsibilities under this Agreement. Neither Licensee nor any other Participating Library shall be liable for any breach or default of another Participating Library. Participating Libraries (which include Licensee) are listed in Attachment 2.

1.3 For the purpose of this Agreement the "Authorized Users" of the Participating Libraries are defined as faculty members (including temporary or exchange faculty for the duration of their assignment); graduate and undergraduate students and staff members and those individuals employed by or otherwise engaged by the Participating Libraries in research and development in furtherance of the Participating Libraries' business including employees, contractors, subcontractors, consultants and students. Remote access is only permitted to Authorized users of Participating Libraries. No other form of remote access is permitted.

1.4 Springer hereby grants to Licensee a non-exclusive license to use the Licensed Materials and to provide the Licensed Materials to Authorized Users via Licensee's secure network in accordance with this Agreement.

1.5 Licensee acknowledges that Springer represents that the Licensed Materials are protected by copyright. All rights not specifically granted to Licensee are expressly reserved.

1.6 Participating Libraries that provide public access to their library collection may also provide access to and permit copying from the Licensed Materials by members of the public for their scholarly, research and personal use from workstations on Participating Library premises. Any form of remote access to the Licensed Materials by members of the public is not permitted.

Section 2. DESCRIPTION OF ACCESS AND PERMITTED USE

2.1 Springer offers controlled access to the Licensed Materials through the use of domain name(s) or IP addresses of the Participating Libraries listed in Attachment 2.

2.2 Springer permits Authorized Users to browse, search, retrieve, display, download, print, and store individual articles or book chapters for scholarly research, educational and personal use as long as such use is consistent with the Fair Use provisions of United States and international copyright laws. Subscriber may not use routines designed to continuously and automatically search and index the service, such as web-crawling or spider programs, with the exception of CLOCKSS technology as specified in Section 3.2.

2.3 Incidental and non-systematic sharing by Authorized Users with non-authorized individuals of limited amounts of Licensed Material for collaborative research and scholarly purposes, and not for re-transmission, is permitted.

2.4 Copying and storing is limited to single copies of a reasonable number of individual articles. Copying and storing of entire issues by Authorized Users is not permitted.

2.5 Authorized Users may obtain remote access to the Licensed Materials through secure access procedures established by the Licensee.

2.6 This section seems to repeat 2.3. Participating Libraries and their Authorized Users may use a reasonable portion of the Licensed Materials in the preparation of course packs or other educational materials, including e-reserves and access-controlled websites.

2.7 The electronic form of the Licensed Materials may be used as a source for Inter-Library Loan ("ILL") whereby articles can be printed and these print copies can be delivered via postal mail, fax, or fax-based service to fulfil ILL requests from an academic, research, or other non-commercial library. Requests received from for-profit companies or directly from individuals may not be honored. Fulfillment of Loansome Doc® service requests is permitted. ILL through secure electronic transmission, as demonstrated by the ARIEL and Prospero systems, is permitted. Files transmitted in this manner must carry copyright notices. Licensee and Participating Libraries agree to fulfill ILL requests in compliance with Section 108 of the United States Copyright Law (17 USC § 108, "Limitations on exclusive rights: Reproduction by libraries and archives") and clause 3 of the Guidelines for the Proviso of Subsection 108 (g)(2) prepared by the National Commission on New Technological Uses of Copyrighted Works.

Section 3. ARCHIVAL RIGHTS

3.1 Springer recognizes the right of the Participating Libraries to own and possess in perpetuity their Subscribed Materials as described in this Agreement and listed in **Attachment 3.1**. Further, Springer makes provision for the Participating Libraries to self-archive the Non-subscribed Materials listed in **Attachment 3.2**. These rights and the methods by which they may be exercised are described below (hereinafter referred to as "Archival Rights").

3.2 Participating Libraries may make one (1) electronic copy of all the Licensed Materials, as well as one (1) copy in print, from the electronic versions of the Licensed Materials to be maintained as a backup or for archival purposes. Use of CLOCKSS technology¹ for backup and archival purposes is permitted. This local archiving right is permitted for both the Subscribed Materials listed in **Attachment 3.1** and the Non-subscribed Materials listed in **Attachment 3.2**.

3.3 In the event of cancellation of selected portions of the Subscribed Materials by any of the Participating Libraries, the previously subscribed content may be made available to their Authorized Users under the same terms and conditions set forth in **Section 2**. Springer agrees to provide continuing access via SpringerLink to previously subscribed content for as long as Springer retains rights to do so and the Participating Library remains a Party to this Agreement (i.e. the Participating Library retains subscribed access to some portion of the Licensed Materials under the terms of this Agreement).

¹ Described at <http://www.lockss.org/clockss/home>

3.4 In the event that Licensee terminates this Agreement and thereby discontinues paid access to Springer Published Content, Springer shall provide continuing access to Licensee and its Authorized Users to that portion of the Subscribed Licensed Materials which was published within the subscription year(s) for two (2) additional years, with continuing access in subsequent years to be arranged according to the following options available to Licensee: 1) Licensee may elect to receive an archival digital copy on a mutually agreed-upon digital storage medium for a nominal service plus handling fee, and/or 2) Licensee may elect to pay a negotiated fee per title per year for ongoing online access to the Licensed Materials, 3) Licensee may retain all years of locally loaded content received up to date of termination. The foregoing shall be provided as long as Licensee and the Participating Libraries continue to observe their obligations with respect to security and restriction on usage set forth in this Agreement and as provided under applicable law.

3.5 Springer will not provide full text files or media for the Non-subscribed Materials listed in Attachment 3.2, though the Licensee may elect to pay a negotiated maintenance fee per title per year for online access to the previously accessible years of such Non-subscribed Materials from Springer. Licensees who locally load content may elect to pay a negotiated one-time fee for previously accessible years of Non-subscribed Materials.

3.6 In the event that there cease to be rights holders for the Licensed Materials, Springer has provided for ongoing public access to the content through agreements with a selection of libraries situated throughout the world.

Section 4. SPECIFIC RESTRICTIONS ON USE OF LICENSED MATERIALS

4.1 Neither Licensee, the other Participating Libraries nor their respective Authorized Users may modify, adapt, transform, translate or create any derivative work in any medium based on or including any materials in the Licensed Materials, or otherwise use any such materials in a manner that would infringe the copyright or other proprietary rights therein. No copyright notices, trademark or proprietary notices, author attributions or other notices or disclaimers included by Springer or any member of the Springer Group in the Licensed Materials may be removed, obscured or modified in any way. Licensee shall post appropriate notices and take reasonable measures to ensure that Authorized Users are informed of the applicability of copyright law and the restrictions in this Agreement with respect to the reproduction, use and transmission of the Licensed Materials. In the event of violation of the terms and conditions of this Agreement or of applicable copyright law, Springer and Licensee agree to take immediate action to suspend access to the Licensed Materials by any Authorized User violating these restrictions on use and shall consider other restrictions on access to and retrieval of the Licensed Materials, including additional limitations on printing and downloading.

4.2 Posting complete articles, chapters, issues, or books on personal or institutional websites is not allowed. Posting materials is allowed as defined in 2.6 or 2.3.

4.3 The Licensed Materials may not, directly or indirectly, be used for any of the following purposes:

4.3.1 Substantial or systematic reproduction whether for commercial or non-profit use or for a fee or free of charge.

4.3.2 Re-distribution, re-selling or sub-licensing in any manner including in connection with fee-for-service use except as described in Attachment 2.

4.3.3 Systematic supply or distribution of single or multiple copies in any form to anyone other than an Authorized User.

4.3.4 Distribution of any part of the Licensed Material on any electronic network, other than the Licensee's secure network, except as stated in 2.7.

4.4 Springer's explicit written permission must be obtained in order to use all or any part of the Licensed Materials for the purpose of monetary reward (whether by Licensee, any other Participating Library or any Authorized User) by means of sale, transfer or other form of exploitation of the Licensed Materials. Bulk reproduction or distribution of electronic or print copies of Licensed Materials for sales/promotional purposes is specifically prohibited.

Section 5. OBLIGATIONS OF SPRINGER

5.1 Upon the start of the subscription term, Springer shall make the Licensed Materials available in digital form to Licensee and Authorized Users.

5.2 Springer shall make all reasonable efforts to ensure uninterrupted online access to and continuous availability of the Licensed Materials to Participating Libraries in accordance with this Agreement and to restore access to the Licensed Materials as promptly as possible in the event of an interruption or suspension of the SpringerLink service caused by failure of Springer's server.

5.3 Springer reserves the right to withdraw from the Licensed Materials any item or part of an item to which it no longer retains the right to publish or it has reasonable grounds to believe infringes copyright or is otherwise unlawful. Springer shall provide written notice of such withdrawal. If the withdrawal represents more than ten (10%) percent of the total Licensed Materials, the Licensor shall refund that part of the fee that is in proportion to the amount of materials withdrawn and the remaining unexpired part of the term.

5.4 Springer offers Authorized Users support and Helpdesk via online FAQ (Frequently Asked Questions), telephone, fax and e-mail in New York during official office hours (9:00 AM to 5:00 PM EST).

Section 6. LICENSE FEE

6.1 Licensee agree(s) to make payment to Springer for use of the Licensed Material as set out in **Attachment 1**. Licensee acknowledges that the license fee, or any portion thereof, may be invoiced by another Springer company than the contract party.

6.2 Licensee may, in its discretion, elect to include in this Agreement the electronic form of other publications of Springer which may be available electronically which are not otherwise included in **Attachment 3** by notifying Springer and paying the applicable license fee. This license fee will be set forth in an amendment to **Attachment 1** of this Agreement and the added Licensed Materials will be set forth in **Attachment 4**.

Section 7. SECURITY AND REPORTING

7.1 Licensee recognises that maintaining the integrity of the Licensed Materials delivered by Springer, including the restrictions on reproduction, use and transmission as provided herein, and ensuring that use of the Licensed Materials is limited to Authorized Users, are important obligations, and that Springer may terminate this Agreement in its sole discretion if violations of these security principles or Springer's intellectual property rights occur.

7.2 Participating Libraries shall make reasonable efforts to provide Authorized Users with notice of any applicable intellectual property or other rights applicable to the Licensed Materials. Participating Libraries shall make reasonable efforts to prevent the infringement of any intellectual property or other rights of Springer in the Licensed Materials. Participating Libraries shall promptly notify Springer of any infringement that comes to their attention, and take appropriate steps to prevent its recurrence.

7.3 Springer reserves the right to monitor access to and use of the Licensed Materials via SpringerLink to detect misuse of the Licensed Materials and for the purpose of informing the Participating Library and the Licensee. In the event of any unauthorized use of the Licensed Materials by an Authorized User, (a) Springer may terminate the access of the Internet Protocol ("IP") address(es) from which such unauthorized use occurred, and/or (b) Licensee shall terminate such Authorized User's access to the Licensed Materials upon Springer's request. Springer shall take none of the steps described in this paragraph without providing reasonable notice to the Licensee.

7.4 Collection and analysis of data on usage of the Licensed Materials will assist both Springer and Licensee to understand the impact of this Agreement, the infrastructure provided by Springer, and possible improvements in the program. Such usage data will be compiled by Springer on a monthly basis and shared with the Licensee and Participating Libraries, consistent with applicable privacy laws and written confidentiality requirements of the parties. The data will be made available on the Internet through a site accessible by username and password. The usage data to be shared will be COUNTER compliant.²

Section 8. TERM AND TERMINATION

8.1 The initial term of this Agreement commences with the subscription year identified in **Attachment 1** and expires with the completion of the last subscription year identified in **Attachment 1**. This Agreement may be extended for additional term(s) upon mutual agreement of Springer and Licensee by amendment of **Attachment 1** to reflect the new subscription years and applicable license fees.

8.2 In the event that either party believes that the other materially has breached any obligations under this Agreement, or if Springer believes that Licensee has exceeded the scope of this Agreement, such party shall so notify the breaching party in writing. The breaching party shall have thirty (30) days from the receipt of notice to cure the alleged breach and to notify the non-breaching party in writing that cure has been effected. If the breach is not cured within the thirty- (30)-day period, the non-breaching party shall have the right to terminate this Agreement without further notice.

8.3 Online access to the Licensed Materials by shall be terminated upon recognition of a breach to this Agreement. The termination of access shall be limited to the Participant or Participants in breach of this Agreement, and their Authorized Users.

² Described at <http://www.projectcounter.org/index.html>

8.4 Upon normal termination of this Agreement, Springer shall provide continuing access to Licensee, the other Participating Libraries and its Authorized Users to that portion of the Licensed Material to which the Licensee was lawfully entitled up until termination of this Agreement. Continuing access will be provided without additional cost from Springer's server for up to two years, and thereafter may be arranged through a server maintenance fee to Springer, or through a third party, or by supplying electronic files to the Licensee, provided the Licensee continues to observe its obligations with respect to security and restriction on usage.

Section 9. MUTUAL PERFORMANCE OBLIGATIONS

9.1 Licensee shall use reasonable efforts to safeguard the intellectual property, confidential information and proprietary rights of Springer.

9.2 Neither party shall disclose the terms and conditions or the subject matter of this Agreement (including without limitation, the content of the attachments, fees, and any usage data compiled and supplied under Section 7.4, usage statistics or any other information about the other party's business) to any third party without the prior written consent of the other. This provision shall survive the termination of this Agreement, and any information obtained or received which comes within these restrictions shall remain confidential, PROVIDED always that this obligation shall not apply to any information which at the time of disclosure is in the public domain or is made available at any time by an independent third party which has not obtained it directly or indirectly in breach of any confidentiality agreement with the party whose information was so disclosed.

Section 10. REPRESENTATIONS, WARRANTIES AND INDEMNITIES

10.1 Springer warrants that it will use commercially reasonable efforts in its production of tapes or optical media for delivery of the Licensed Materials to the Licensee and that, to the best of its knowledge, use by Licensee of the Licensed Materials pursuant to the terms and conditions of this Agreement will not infringe the rights of third parties. Springer agrees to indemnify Licensee for all costs and expenses arising out of a breach of these warranties.

10.2 Licensee warrants that it will use reasonable efforts to ensure the integrity of the Licensed Materials and the security of the SpringerLink network especially as regards access by parties other than Authorized Users.

10.3 Licensee represents that it is authorized to act on behalf of the Participating Libraries.

10.4 Notwithstanding the foregoing, however, Springer will not be responsible for any claim, loss or liability attributable to errors, inaccuracies or other defects in the Licensed Materials or any part thereof arising from any act or omission or (to the maximum extent permitted by relevant laws) any negligence and BOTH PARTIES EXPRESSLY EXCLUDE ANY LIABILITY FOR BREACH OF ANY IMPLIED OR EXPRESS WARRANTY AS TO TITLE, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR SHALL SPRINGER BE LIABLE FOR ANY DIRECT OR INDIRECT, INCIDENTAL, SPECIAL CONSEQUENTIAL OR PUNITIVE DAMAGES ARISING OUT OF USE OF THE LICENSED MATERIALS, save that Springer will replace any defective media delivered by it to Licensee or other Participating Libraries under this Agreement. Licensee and the other Participating Libraries shall not be liable to Springer for breach of the terms of this Agreement by any Authorized User so long as Licensee or the other Participating Libraries did not intentionally or through gross negligence assist in or encourage such breach or permit such breach to continue after having actual notice thereof.

Section 11. SPRINGER'S TRADEMARKS

11.1 During the term of this Agreement, the titles of any publications licensed hereunder, along with any trademarks, logos and colophons owned by or licensed to Springer or affiliated societies, which appear on the Licensed Materials shall be posted as provided therein and may not be deleted or modified by Licensee or the Authorized Users of the Participating Libraries.

11.3 All rights with respect to the publication titles, trademarks, logos, society names and colophons are expressly and exclusively reserved.

Section 12. GENERAL

12.1 Licensee may not assign or transfer, directly or indirectly, all or part of the rights or obligations under this Agreement without prior written consent from Springer. Springer may assign this Agreement.

12.2 Springer's failure to perform any term or condition of this Agreement as a result of conditions beyond its control such as, but not limited to, war, strikes, fires, floods, governmental restrictions, power failures, or damage or destruction of any network facilities or servers, shall not be deemed a breach of this Agreement.

12.3 In the event that any one or more of the provisions contained herein shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions of this Agreement, but this Agreement shall be construed as if such invalid, illegal or unenforceable provisions have never been contained herein, unless the deletion of such provision or provisions would result in such a material change so as to cause completion of the transactions contemplated herein to be unreasonable.

12.4 This Agreement constitutes the entire agreement of the parties and supersedes all prior communications, understandings and agreements relating to the subject matter hereof, whether written or oral.

12.5 No modification or claimed waiver of any provision of this Agreement shall be valid except by written amendment signed by authorized representatives of Springer and Licensee.

12.6 Waiver of any provision herein shall not be deemed to be a waiver of any other provision herein, nor shall waiver of any breach of this Agreement be construed as a continuing waiver of other breaches of the same or other provisions of this Agreement.

12.7 All amounts payable by Licensee and other Participating Libraries hereunder shall be exclusive of any sales, use, withholding, value added or similar taxes, government fees or levies or other assessments which shall be the sole responsibility of the Licensee and the other Participating Libraries.

Third-party distributed titles are not included in this list.

A.1.8 Payment of Fees

A.1.8.1 Payment of fees described in **Attachment 1** entitles the Participating Libraries listed in **Attachment 2** to electronic access to materials listed in **Attachments 3.1 , 3.2 and 3.3**.

A.1.8.2 Springer will invoice the consortium directly for all dual access fees, minimum participation fees and new journal access fees.

A.1.8.3 Participating Libraries have the option to pay their subscription fee amount through the Licensee.

A.1.8.4 Payment will be remitted directly to Springer within 30 days of the Licensee's or Participating Library's receipt of invoice from Springer. In the event all, or any portion, of the sum invoiced is not paid when due, Springer has the right to terminate this Agreement without notice. Springer reserves the right to charge interest on any outstanding fees due under this Agreement at prevailing interest rates.

A.1.8.5 Springer will provide invoicing in US dollar currency. Participating Libraries will remit payment in US dollars.

A.1.9 Substitution of Journal Titles:

A.1.9.1 Subscriber may substitute journal titles with journal titles of comparable value (in current year list price) to or from the Licensed Materials no more than once annually by giving Licensor notice by August 1 prior to the start of the next calendar year. Springer reserves the right at any time to withdraw from the Licensed Materials any journal title or content that it no longer retains the right to publish.

A.1.9.2 In the event that a journal title identified on **Attachment 3.1, 3.2, or 4** is no longer included in the Springer online service, Subscriber may substitute such journal title with a journal title of comparable value (in current year list price) in such Licensed Materials at any time upon notice to Licensor. Notwithstanding the foregoing or anything to the contrary contained in this agreement, within ninety (90) days of execution of this Agreement and by March 31 after the start of each calendar year of the term thereafter, Subscriber may substitute journal titles identified on **Attachment 3.1, 3.2, or 4** upon mutual agreement of the parties in writing.

A.1.10 Removal of Titles

A.1.10.1 Titles that are discontinued or no longer published by Licensor will have their respective values removed from the Base Value times the number of combined subscriptions held in Year 1 of the agreement. However, such titles (and their respective back files) will remain as Licensed Materials as described herein.

A.1.10.2 If ownership of a Springer Journal is sold or otherwise transferred to another publisher, the Licensor will use reasonable efforts to retain a non-exclusive copy of the volumes published and make them available through the Springer online service to existing subscribers.

A.1.11 Access to Back Files

Springer will grant access to the Back Volumes of the Licensed Materials starting in 1997 (as the electronic versions become available) to those titles listed in **Attachment 3.1, 3.2, 3.3 and 4**, for no additional charge.

A.1.12 Third Party Publisher Collection

A.1.12.1 The Licensor is authorized to electronically distribute many journals owned by third parties (such as scientific societies). To the extent the Licensor has the right to do so, these journals will be made available as Licensed Materials; and to the extent the electronic versions of such journals are in appropriate technical format, the Licensor will maintain them in its digital archives in the same manner in which it maintains the Springer Journals.

A.1.12.2 Should Springer cease to be the publisher for such a journal or cease to have electronic rights, Springer has agreed that it will use reasonable efforts to ensure that either the volumes published by it remain available through the Springer online service or that the owner makes them available on the same access terms via a new host.

A.1.12.3 Participating Libraries are granted Electronic access to the full text of articles classified as Third Party Subscriptions, as identified on **Attachment 3.3**, for the duration of this agreement, and as per the agreement with the Third Party Publisher. Subscriber acknowledges that it either maintains an existing print or electronic subscription in good standing.

A.1.12.4 The value of the Third Party Publisher Collection is not considered to be part of the Base Value of the contract as established in A.1.1.1.

A.1.13 Cancellations

During the Term of this Agreement, Licensee's members may cancel up to 2% of the Base Value during the term of the agreement. Licensee must inform Licensor of which titles are being cancelled by November 1 of each year. The Base Value will be adjusted accordingly.

A.1.14 New Members

New Members may become party to this Agreement during the term of this Agreement. Upon such time when a New Member(s) would like to join the Agreement, the Licensor and Licensee will sign an Annex to this Agreement which will establish: the New Member's contribution to the Base Value; Minimum Participation (if applicable); any and all necessary electronic charges; and the New Member(s) full contact and authentication information.

A.1.15 Minimum Participation

Minimum Participation Fee is \$7,500.00 USD. Each participating member whose total print subscription base value is below \$7,500.00 USD will pay the Licensor a Participation Fee equal to the difference between their total print subscription base value and \$7,500.00 USD.

A.1.16 Termination

Participating Libraries may terminate their participation in this Agreement without penalty if sufficient funds are not made available via their government-approved budgets for the purpose of this program. Participating Libraries must notify Springer by November 1 of each year, or as soon as this information is available, about any such terminations.

A.1.17 Subscription Years

Access to subscribed titles will be on the basis of a "subscription year" rather than a calendar year, i.e., if any issues are delayed, access to these will remain open for sixty (60) days after publication, even if that date is later than the termination date of this Agreement.

A.1.18 Term

The term of this agreement shall be for Three (3) subscription years, beginning January 1, 2008 and ending on December 31, 2010.
