AMENDMENT TO WILEY ONLINE LICENSE

Amendment as of **January 1, 2013** to the License (the ""License" and/or "Agreement ") dated **January 1, 2010**, by and between Wiley Subscription Services, Inc. ("Wiley") and **Committee on Institutional Cooperation (CIC)** (the "Licensee").

In signing this Amendment, the parties agree that the following terms shall amend and supersede the terms of said Agreement as follows:

- 1. Paragraph G.1. "Term and Termination" is amended and the term of the License is extended to end on **December 31, 2014.**
- 2. All applicable Product Appendices are amended to reflect the Licensed Electronic Products for the 2013 calendar year and the respective pricing for 2013.
- 3. Appendix B(a) is amended as attached.
- 4. Appendix B(a)1 is amended as attached.

Except as provided by the Amendment herein stated, all terms and conditions of the Agreement shall remain in full force and effect.

APPENDIX B (a) – Journal License Pilot Agreement [Licensee: Committee on Institutional Cooperation]

The Licensee agrees to participate in a pilot project to test the feasibility of offering online access to journals on Wiley Online Library in predefined databases.

The Pilot:

The Licensee will select a predefined database of journals to subscribe to on an annual basis. The databases will comprise all relevant titles on Wiley Online Library including titles previously excluded from collections, transfer titles and newly launched journals. The only exceptions are *Econometrica (ECTA)*, *Quantitative Economics, Theoretical Economics and The Journal of the European Economic Association*, which are excluded from this Agreement under the terms of Wiley's agreement with the journals' society sponsor.

The Database the Licensee will subscribe to is: Database for 2013.

The complete list of titles included for 2013 in the Database selected by the Licensee is attached in Appendix B(a)1. This list may change for 2014 if Wiley begins publication of relevant titles or ceases publication of titles currently included in the Database. The Licensee is subscribing to the Database in its entirety and cannot deselect or cancel specific titles in the Database. Wiley will provide the Licensee with notice of any changes for 2014 by October 31, 2013.

The subscription will entitle the Licensee to online access to the electronic files of all content published in the journals that comprise the selected Database during the term of the subscription and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley. For the avoidance of doubt, this does not include any material included in Backfiles for the same journals.

The pilot project will run for two years, from January 1, 2013 – December 31, 2014.

If, at the end of the pilot, Wiley decides not to offer the database model in the future, Wiley will provide the Licensee with perpetual access to the electronic files of all content published in the journals that comprise the selected Database during the term of the subscription and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley where Wiley has the rights to deliver this. For the avoidance of doubt, this does not include any material included in Backfiles for the same journals. Wiley, in its discretion, will either continue online access to the same material on Wiley's server or provide an archival copy in the electronic medium selected by Wiley. By providing such access Wiley grants to the Licensee a nonexclusive, royalty-free, license to use such material in accordance with the restrictions on use specified in Paragraph C of the Agreement, which restrictions shall survive any termination of the Agreement.

If, at the end of the pilot, Wiley decides not to offer the database model in the future, the Licensee will be able to negotiate a new agreement for 2015 and future years.

Pricing:

(a) Year 1

• The price for the Database will be calculated as Licensee spending in 2012 on Wiley electronic journals + a price increase.

Licensee Spending in 2012 includes:

- Spending on journals in Core Collection
- Spending for access to unsubscribed titles in Standard and/or Custom Collections
- Spending on titles excluded from 2012 Collections but included in the 2013 Database (excepting *Econometrica (ECTA)*, *Quantitative Economics*, *Theoretical Economics and The Journal of the European Economic Association*)
- Spending on titles transferring to Wiley for 2013

- The 2014 Subscription fee may change if there is a significant change to the number and value of the titles included in the Database subscribed to by the Licensee. In this context, a 'significant change' shall mean:
 - the addition of new or the deletion of existing titles leading to an increase or decrease of 5% or more in the number of titles in the Database;
 - the addition of new or the deletion of existing titles leading to an increase or decrease of 5% or more in Wiley's financial value (based on institutional e-only subscription price) of the titles in the Database;
 - the deletion of titles of particular value to the Licensee, based on usage of the title, from the Database.

Wiley will submit to the Licensee by October 31, 2013 a list of the online editions of all Wiley journals in the Database that will be made available at Wiley Online Library in the following year including all confirmed new and transfer titles.

In the event of a "significant change" as described above, both parties agree to negotiate in good faith an appropriate amount as a fair compensation for such "significant change".

<u>Subscriptions to Journals not included in the Database:</u> The Licensee may subscribe to journals not included in the database by placing orders directly via Wiley's Journal Customer Service Department at <u>cs-journals@wiley.com</u> or via a subscription agent. These subscriptions will not be covered by the terms of this Agreement.

Print Subscription Pricing:

The Licensee can purchase print subscriptions to journals in the Database to which the Licensee subscribes at a deeply discounted rate for 2013. This does not apply to:

- (a) Titles published in e-only format by Wiley.
- (b) Titles for which print subscriptions are only available through a Print-on-Demand option. Print on Demand subscriptions are not eligible for any discount.

American Geophysical Union titles now published by Wiley are available at the following deeply discount rate which differs from other Wiley journals: 75% of list price.

Print subscriptions should be ordered directly via the Wiley Customer Services department, or through an agent.

For 2014, Wiley will be evaluating the Deep Discount Pricing option. Pilot participants will be eligible to participate if the option is extended.
