APPENDIX B (a) – LICENSED ELECTRONIC JOURNALS – CORE COLLECTIONS OF SUBSCRIBED TITLES

University of Mississippi

The Core Collection is defined herein as the complete collection of Wiley journals to which the Licensee subscribes and will pay full rate institutional online only subscription fees to obtain online access.

Archival Access: During the term of this License, Wiley will provide the Licensee with access to current electronic files of the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles.

Perpetual Access: Upon termination of this License, Wiley will provide the Licensee with perpetual access to current electronic files of the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles where Wiley has the rights to deliver this. Wiley, in its discretion, will either continue online access to the same material on Wiley's server or provide an archival copy in the electronic medium selected by Wiley, at a reasonable cost-based fee.

By providing such access Wiley grants to the Licensee a nonexclusive, royalty-free, license to use such material in accordance with the restrictions on use specified in Paragraph C of the Agreement, which restrictions shall survive any termination of the Agreement.

Pricing:

(a) Year 1

- Core Collection Fee = 100% of current holdings value based on the current year full rate institutional online only price. Holdings are determined based on all full rate institutional subscriptions held by the Licensee in the year prior to the first year of the License.
Total Core Collection Fee = \$460,449.43 (Minimum Total Core Collection Fee: \$10,000)

Electronic Journal Subscription Maintenance and Swapping: The Licensee may swap subscribed online journals in the Core Collection without penalty provided that such changes do not exceed 5% of the value of the total Core Collection for any calendar year. These changes will be reflected in amendments to this Appendix. Swapping will be accepted at the title level or for duplicate subscriptions. Swapping will only be accepted on a calendar year basis and Wiley must be notified of any changes in writing no later than the preceding November 1st.

Wiley may, from time to time, cease publication of individual journals in which case the journal(s) will be removed from the Licensee's Core Collection, and the fees associated with the journal(s) will no longer be factored into the Core Collection Fee.

Except as provided above, the Licensee must maintain all online subscriptions in the Core Collection as set forth in the attached list (Appendix B(a)1).

New Titles: New Titles can be added under the following terms and conditions:

- (a) The Licensee may add new journals to its Core Collection at the full rate institutional online only subscription price.

- (b) Subscriptions to titles transferred into Wiley from another publisher will be added to the Licensee's Core Collection in the first year of transfer if the Licensee has one or more subscriptions for the calendar (or subscription) year in which the title is transferred. Individually negotiated pricing for access to transferred titles will also be maintained by Wiley, subject to the other terms of this Agreement. Subscriptions to titles transferred out of Wiley will be deleted from the Licensee's Core Collection in the year of transfer.
- (c) The Licensee may add previously canceled titles at the current full rate institutional online only subscription price to its Core Collection.
- (d) Wiley reserves the right to exclude titles from inclusion in the Standard or Custom Collections, however these titles may be added to the Licensee's Core Collection.

Print Subscription Pricing:

The Licensee can purchase print subscriptions to Licensed Electronic Journals which the Licensee subscribes to via a Core Collection at a deeply discounted rate. This does not apply to:

- (a) Titles new to Wiley Online Library unless subscribed to in the Licensee's Core, Standard, or Custom Collection.
- (b) Titles not subscribed to by the Licensee, unless added to the Licensee's Core, Standard, or Custom Collection.
- (c) Titles not available via Wiley Online Library.
- (d) Titles published in online-only format by Wiley. Print subscriptions available through any Print on Demand option are not eligible for a deeply discounted rate.

American Geophysical Union titles now published by Wiley are available at the following deeply discount rate which differs from other Wiley journals: 75% of list price.

Print subscriptions, other than subscriptions for titles available from Wiley in online-only format, should be ordered directly via the Wiley Customer Services department, or through an agent.
