

WILEY ONLINE CONSORTIUM LICENSE

This License ("License" or "Agreement") sets forth the terms and conditions under which

Wiley Subscription Services, Inc. ("Wiley"), a Delaware corporation, Federal Tax Identification Number: 13-3830415, will provide both of the following "Licensees":

The University of Texas System for and on behalf of the Board of Regents of The University of Texas System (the "UT System" or "University"), a state agency and institution of higher education organized under the laws of the State of Texas, with its principal offices at 601 Colorado Street, Austin, Texas 78701-2982, and

The Houston Academy of Medicine ("HAM"), a Texas non-profit corporation, with its principal offices at 1515 Herman Drive, Houston, Texas 77004-71276,

with access to the Electronic Products and Services subscribed to by the Licensees via Wiley InterScience as more specifically set forth in this Agreement.

The UT System and the Houston Academy of Medicine are sometimes collectively referred to as "Licensees" or "Licensing Parties" or individually as "Licensee" or "Licensing Party."

The parties hereto have previously entered into an "Enhanced Access License (EAL) for Wiley InterScience Consortium Customers" agreement dated January 1, 2007 (the "2007 Agreement"), and wish to replace such 2007 Agreement now. Therefore, except as otherwise provided in Appendix B(f) attached to this License, this License completely replaces the 2007 Agreement.

A. **DEFINITIONS**

The following terms shall be deemed to have the meaning as set forth below:

1. **Wiley InterScience** - The online service (or any successor thereto) available from Wiley or its affiliates on the Worldwide Web including all products, services and features offered via the service. Certain products and services under this License may be delivered from other platforms as noted in the Appendices. The terms and conditions hereof are equally applicable to those products and services.
2. **Licensee** – Each Consortium (UT System and HAM), which has been authorized to sign this License by agreement with and on behalf of its member institutions ("Member Institutions") listed in Appendix A, who have agreed to participate in this License as part of the respective Consortium with which the Member Institution is identified. Each such participating Member Institution shall provide access to Wiley InterScience via its Secure Network for its Authorized Users as defined in this Agreement, and is responsible for the payments specified in the attached Appendices and for the implementation of the License. "Secure Network" as used herein means the network which provides access to Wiley InterScience for Authorized Users via the Member Institution's Internet Protocol (IP) addresses.

The term "Licensee" shall be deemed to include each such participating Member Institution in the singular and all such participating Member Institutions, as the case may be, as well as the Consortium signing on their collective behalf.

Appendix A will include information on IP addresses for the Secure Network which are covered by this License and contacts for each such Member Institution. Each Appendix

for a Licensed Electronic Product will specify financial terms for each Member Institution.

3. **Authorized Users** - Those persons who are authorized by the Licensee to have access to Wiley InterScience. Authorized Users must be current bona fide faculty members, students, researchers, staff members, librarians, executives or employees of the Licensee, or contractors engaged by the Licensee, provided such contractors have been informed of, and agree to abide by, the Terms and Conditions of Use set forth in Section C herein and they access Wiley InterScience via the Licensee's Secure Network. Walk-in Users from the general public or business invitees may also be permitted by the Licensee to access Wiley InterScience from designated terminals with a Licensee-controlled IP address. These designated terminals shall be physically located in libraries or similar physical premises directly controlled by the Licensee.
4. **Intellectual Property Rights** - These rights include, without limitation, patents, trademarks, trade names, design rights, copyright (including rights in computer software), database rights, rights in know-how and other intellectual property rights, in each case whether registered or unregistered, which may subsist anywhere in the world.
5. **Electronic Products** - All products, services and content available in Wiley InterScience shall be deemed included within the definition of Electronic Products. Details specific to the type of electronic products or services licensed hereunder as well as pricing and the Licensee's access rights are provided in the appropriate Appendix. The products and services included in these Electronic Products are defined as follows:

- (a) **Licensed Electronic Products** - The electronic (online) editions of Wiley journals and other publications and the content therein, including but not limited to major reference works, Current Protocols laboratory manuals and databases which the Licensee has licensed hereunder as specified herein and in the appropriate Appendices.

- (b) **Licensed Electronic Services** – The electronic features and services in Wiley InterScience available to the Licensee and its Authorized Users, as follows.
 1. *EarlyView* – publishes peer reviewed, fully citable articles online as soon as they are ready, before the release of the compiled journal issue.
 2. *Saved Title Alerts* – allows Authorized Users to request and receive via e-

mail the tables of contents from any of the journals available online in Wiley InterScience and to receive notification of articles newly published which match specified search criteria.

3. *Roaming Access* – enables Authorized Users access to licensed content from outside the IP address range of the Licensee. Authorized Users must sign up initially for this service from within their institution's Secure Network and renew every 90 days.

B. ACCESS PRIVILEGES

1. Wiley grants to the Licensees and their Authorized Users, during the Term as defined below, a non-exclusive, non-transferable right and license to access, via Wiley InterScience, the full text and other material such as datasets published online in Wiley InterScience for the Licensed Electronic Products as listed in the Appendices attached hereto as may be amended from time to time.
2. In addition, Authorized Users will have access to all available tables of contents, article abstracts, chapter summaries and associated websites for all Electronic Products on Wiley InterScience.
3. The number of the Authorized Users who may simultaneously access Wiley InterScience is unlimited.
4. The Licensee acknowledges that the Electronic Products and Wiley InterScience and the Intellectual Property Rights contained therein are protected by copyrights, patents, or other intellectual property rights on the Electronic Products and Wiley InterScience that are owned by Wiley. All rights not specifically licensed herein to the Licensee are expressly reserved by Wiley.
5. In the event of a major natural disaster (local, regional, national, or international), then in addition to the other rights granted under this Agreement, Wiley will allow each Licensee to provide access to the Licensed Electronic Products for a maximum of 180 days upon approval which will not be unreasonably withheld or delayed after which time an extension may be granted to any otherwise unaffiliated health professional, ("Emergency Workers") and ("Displaced Users") from other institutions that are not included as one of Licensee's Institutions but which have been affected by such a disaster ("Emergency Institutions") so long as the Licensee has established temporary affiliation with such an Emergency Institution in order to meet the demands of the population affected by the disaster and any healthcare needs resulting from the disaster. For purposes of this Agreement, such Displaced Users, Emergency Institutions and Emergency Workers will be considered Authorized Users of the respective Institution that requests Wiley to provide the access to the Licensed Electronic Products under this clause. Under this clause, Wiley will allow previously unidentified IP addresses that are provided by Licensee access to the Licensed Electronic Products.

C. TERMS AND CONDITIONS OF USE

1. The rights and restrictions governing access to Wiley InterScience and the Electronic Products by the Licensees and their Authorized Users are outlined in the Terms and Conditions of Use below.

- a. Authorized Users may download, search, retrieve, display and view, copy and save to hard disk or diskette and store or print out single copies of individual articles, chapters or entries in the Licensed Electronic Products for the Authorized User's own personal use, scholarly, educational or scientific research or internal business use. Authorized Users may also transmit such material to a third-party colleague in hard copy or electronically, for personal use or scholarly, educational, or scientific research or professional use but in no case for re-sale, systematic redistribution, or for any other use other than that permitted by this Agreement. In addition, Authorized Users have the right to use, with appropriate credit, figures, tables and brief excerpts from individual articles, chapters or other entries from the Licensed Electronic Products in the Authorized User's own scientific, scholarly and educational works such as books and articles.
 - b. All Authorized Users have the option to create a My Profile Page which will allow them to create data files and links to articles, chapters and entries of interest in the Licensed Electronic Products, and search criteria which may be reused by them. In order to do so, the Authorized User will have to select and register a user name and password which the Authorized User must keep confidential and not disclose to or share with anyone else.
 - c. The Licensee and its Authorized Users may create links to Wiley InterScience from their Online Public Access Catalog (OPAC) records, library catalogs, link resolvers, locally hosted databases or library web pages, provided those links are operated by the Licensee on a Secure Network, do not result in access to licensed content by anyone other than Authorized Users and are not used in connection with any paid or commercial service or for any other commercial use whatsoever.
 - d. Authorized Users who are members of the Licensee's faculty or staff may download and print out multiple copies of material from Licensed Electronic Products for the purpose of making a multi-source collection of information for classroom use (course-pack) or a virtual learning environment, to be distributed to students at the Licensee's institution free of charge or at a cost-based fee. Material from Licensed Electronic Products may also be stored in electronic format in secure electronic data files for access by Authorized Users who are students at the Licensee's institution, as part of their course work, so long as reasonable access control methods are employed such as user name and password.
 - e. Each Licensee's library staff may supply to another library, upon request by that library, either a single paper copy (by post or fax) or an electronic copy of an individual document from the Licensed Electronic Products, for the purpose of research or private study. The electronic copy must be supplied by secure electronic transmission (like Ariel). Licensee's ILL Policy shall require that the copy be deleted.
2. Except as provided in Paragraph C(1) above, Authorized Users may not copy, distribute, transmit or otherwise reproduce, sell, or resell material from the Electronic Products; store such material in any form or medium in a retrieval system; or transmit such material, directly or indirectly, for use in any paid service such as document delivery or

list serve, or for use by any information brokerage or for systematic distribution, whether or not for commercial or non-profit use, or for a fee or free of charge.

3. Except as otherwise permitted under this Agreement, the Licensees and their Authorized Users may not remove, obscure or modify any copyright or proprietary notices, author attribution or any disclaimer as they appear on Wiley InterScience, and Authorized Users may not integrate material from the Electronic Products with other material or otherwise create derivative works in any medium. However, brief quotations for purposes of comment, criticism or similar scholarly purposes are not prohibited herein.
4. Authorized Users may not do anything to restrict or inhibit any other Authorized User's access to or use of Wiley InterScience and the Licensed Electronic Products.
5. If an Authorized User fails to abide by these Terms and Conditions of Use or other terms of this License, Wiley reserves the right in its sole discretion to suspend or terminate such Authorized User's access to Wiley InterScience and the Licensed Electronic Products immediately without notice, in addition to any other available remedies. Except in the case of a material breach which Wiley deems dangerous to the integrity and security of Wiley InterScience, or for a breach which, if not immediately remedied, is likely in Wiley's opinion to continue to cause damage, Wiley shall give prior written notice to the appropriate Licensee of its intention to terminate such Authorized User's access and shall allow the Licensee and/or the Authorized User 30 days after receipt of such notice to cure the breach or agree to abide by the terms and conditions of this License.

D. FEES AND CHARGES

1. License Fees and other charges for online access to the Licensed Electronic Products by the Licensee and its Authorized Users, and other services provided by Wiley InterScience, are specified in Appendices attached hereto, and shall be due as set forth in the relevant invoice. Neither a Member Institution nor any Licensee will be required to pay an invoice submitted by Wiley under this Agreement that differs from the respective Appendix in either (a) the Licensed Electronic Products licensed by Wiley or (b) the amounts to be invoiced by Wiley for such licenses. Provided, however, Wiley and a Member Institution or a Licensee may agree to amend an Appendix in a writing signed by all parties in order to modify the Licensed Electronic Products licensed by Wiley under that Appendix and the associated amounts to be invoiced by Wiley for such licenses, and subsequent invoices submitted by Wiley associated with such an amended Appendix will reflect such modifications.
2. A Licensee is responsible for any charges associated with its or its Member Institutions access to Wiley InterScience and the Licensed Electronic Products, including, but not limited to, any computer equipment, telephone or Internet connections and access software necessary for such access.
3. The Licensee or Member Institution as applicable is responsible for ensuring that any third party authorized by the Licensee or Member Institution to make payments on its behalf shall promptly pay Wiley the full amounts due under this License.
4. Wiley shall annually send the Licensee an Invoice Agreement Letter as mutually agreed upon for specific Licensed Electronic Products. Upon the Licensee's signature on the Invoice Agreement Letter and payment of fees set forth therein, this License shall apply, or shall renew for the period set forth in the Invoice Agreement Letter. The terms and

conditions of this Agreement (including updated Appendices) shall continue to apply.

5. Notwithstanding any other provision of this Agreement, University and its Member Institutions will pay all fees or other amounts due to Wiley under this Agreement in accordance with Chapter 2251, *Texas Government Code* ("Prompt Payment Act").

E. **MUTUAL OBLIGATIONS**

1. Wiley will:
 - a. make reasonable efforts to ensure uninterrupted online access to and continuous availability of the Licensed Electronic Products to Authorized Users in accordance with this License, and to restore access to such Licensed Electronic Products as promptly as possible in the event of an interruption or suspension of the Wiley InterScience service which is not attributable to any third-party service provider over which Wiley has no control (e.g., an Internet or telecommunications service provider);
 - b. provide aggregate usage statistics to the Licensee which are compliant with COUNTER Codes of Practice or conform to the then-prevailing industry standard (except as otherwise specified in the attached Appendices) about the use of the Licensed Electronic Products by the Licensee's Authorized Users, consistent with applicable privacy laws and confidentiality requirements.
2. The Licensee will:
 - a. take all reasonable measures to inform Authorized Users of the Terms and Conditions of Use in Section C of this License governing access to Wiley InterScience and to emphasize to such Authorized Users the need to comply with whatever restrictions on access, use, reproduction and transmission are included therein;
 - b. make access available to Authorized Users only through the Licensee's Secure Network and from valid IP addresses or other secure authentication methods as described in the appropriate Appendix; undertake reasonable measures within its control to prevent access to and improper use of the Licensed Electronic Products and Wiley InterScience by unauthorized persons; and take responsibility for terminating any unauthorized access of which it has actual notice or knowledge;
 - c. provide Wiley with information about the Licensee's IP addresses which can be used by Wiley to authenticate Authorized Users. The Licensee represents that all such IP addresses shall be limited to the Licensee's Secure Network, and shall be listed in Appendix A as updated from time to time, and that such routine updates do not require the amendment of this License;
 - d. use all reasonable efforts to monitor compliance with the Terms of Use and promptly notify Wiley of any copyright infringement or unauthorized usage of the Electronic Products which comes to the Licensee's attention; and cooperate fully with Wiley in the investigation of such infringement or unauthorized use and in any action which Wiley takes to enforce its copyright and other Intellectual Property Rights, at Wiley's expense. Notwithstanding the above, the Licensee shall not be responsible for such unauthorized use which is without the

express or implied consent of the Licensee, provided that the Licensee has taken reasonable steps to prevent such misuse and, upon learning of it, uses reasonable efforts to ensure that such activity ceases, and notifies Wiley promptly of any such breach or infringement.

- e. This License does not grant the Licensee, nor any Authorized User, the right to incorporate any material from the Licensed Electronic Products into any institutional or other repository, except as provided for in Section C. Author agreements are separately negotiated with Wiley and include provisions about what authors may and may not do with respect to materials authored by them and published by Wiley.

F. **PRIVACY AND DATA PROTECTION POLICY**

Wiley recognizes the importance of protecting the information it collects in the operation of Wiley InterScience and will act in compliance with the Privacy Policy posted at <http://www.wiley.com/WileyCDA/Section/id-301465.html>.

G. **TERM AND TERMINATION**

1. The Term of this License shall commence on January 1, 2010 (the "Effective Date") and end on December 31, 2012. This License will automatically be renewed each Subscription Year during the stated Term, unless any Licensing Party gives notice to the others in writing, at least 60 days prior to the end of the initial Term or a renewal Term, provided that Wiley shall send reasonable notice of such renewal to each Licensee. To be considered reasonable notice, Wiley shall send an electronic spreadsheet listing all journals (including vendor and international standard identification numbers, associated individual prices and fees) subscribed by Licensees and totaled by each Licensee and each Institution. If Licensees choose to renew after completing a renewal process for the relevant Licensed Electronic Products, each Licensee will remit payment thirty (30) days after the receipt and acceptance by each Licensee of an invoice that accurately reflects the amount due from that Licensee. Continuation of this Agreement past the end of any fiscal year (August 31st) is contingent upon the continuation of funding. A Licensing Party may, from time to time, request that Institutions in their respective Consortiums be terminated as participants hereunder due to substantial budget reductions. Termination of an Institution must take effect on January 1st of a calendar year. To the extent authorized by the laws and Constitution of the State of Texas, Member Institutions which terminate after a calendar year begins will not receive a refund of all or part of the license fees based on their subscriptions for that calendar year, instead Member Institutions will continue to license their respective Licensed Electronic Products to the end of the calendar year. The termination of this License by one Licensing Party but not by the other Licensing Party shall only terminate this License with respect to the terminating Licensing Party; in such an event this License shall continue in full force and effect between Wiley and the non-terminating Licensing Party.
2. Wiley shall have the right to request the Licensee to terminate access to Wiley InterScience by an Authorized User who breaches Wiley's Terms and Conditions of Use as set forth in Section C above or infringes Wiley's copyright or other Intellectual Property Rights in the Licensed Electronic Products or Wiley InterScience.
3. Any Licensing Party may terminate this License if another Licensing Party materially breaches its obligations under this License and fails to cure such material breach,

provided that the non-breaching party shall give written notice of its intention to terminate and shall allow the breaching party 60 days after receipt of such notice to remedy the breach. Provided, however, the termination of this License by one Licensing Party but not by the other Licensing Party shall only terminate this License with respect to the terminating Licensing Party; in such an event this License shall continue in full force and effect between Wiley and the non-terminating Licensing Party.

4. Notwithstanding subparagraph G.3 above, any party's failure to perform any term or condition of this Agreement as a result of conditions beyond its control such as, but not limited to, war, strikes, fires, floods, governmental restrictions, acts of terrorism, public health emergencies, power failures, or damage to or destruction of any network facilities or servers, shall not be deemed a breach of this Agreement. Provided, however, nothing in this Section G. 4. shall apply to or otherwise affect the requirements of Section B. 5. above.

H. WARRANTY AND DISCLAIMERS BY WILEY

1. Wiley represents and warrants that it has the right and authority to make Wiley InterScience available to the Licensee and its Authorized Users pursuant to the terms and conditions of this License and that, to the best of Wiley's knowledge, Wiley InterScience and the Electronic Products do not infringe upon any copyright, patent, trade secret or other proprietary right of any third party.
2. Wiley InterScience may provide Authorized Users with links to third-party websites. Where such links exist, Wiley disclaims all responsibility and liability for the content of such third-party websites. Authorized Users assume sole responsibility for the accessing of third-party websites and the use of any content on such websites.
3. Except for the warranties provided by Wiley in paragraph H.1 above and in paragraphs J.7. Representations and Warranties by Wiley and J.12. Access by Individuals with Disabilities below:
 - a. WILEY INTERSCIENCE AND THE ELECTRONIC PRODUCTS AND ALL MATERIALS CONTAINED THEREIN ARE PROVIDED ON AN "AS IS" BASIS, WITHOUT WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF TITLE, OR IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE;
 - b. THE USE OF THE ELECTRONIC PRODUCTS, WILEY INTERSCIENCE AND ALL MATERIALS IS AT THE AUTHORIZED USER'S OWN RISK;
 - c. ACCESS TO WILEY INTERSCIENCE AND THE ELECTRONIC PRODUCTS MAY BE INTERRUPTED AND MAY NOT BE ERROR FREE; AND
 - d. EXCEPT IN CASES INVOLVING INTELLECTUAL PROPERTY INFRINGEMENT AS PROVIDED BELOW, NEITHER WILEY NOR ANYONE ELSE INVOLVED IN CREATING, PRODUCING OR DELIVERING WILEY INTERSCIENCE, THE ELECTRONIC PRODUCTS, OR THE MATERIALS CONTAINED IN WILEY INTERSCIENCE, SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL,

CONSEQUENTIAL OR PUNITIVE DAMAGES ARISING OUT OF THE AUTHORIZED USER'S USE OF OR INABILITY TO USE WILEY INTERSCIENCE, THE ELECTRONIC PRODUCTS AND ALL MATERIALS CONTAINED THEREIN.

4. Wiley shall indemnify and hold the Licensees harmless from and against any damages, costs and fees (including reasonable attorney's fees) resulting from any claims or judgments against the Licensees arising out of the claim of a third party that the Electronic Products contained herein or the Licensee's use thereof as set forth herein constitutes an infringement of any copyright, patent, trade secret or other proprietary right of any such third party. This indemnity shall survive termination of the Agreement for two (2) years. This indemnity shall not apply if the claim involves content which has been modified or used in a manner not permitted under this Agreement or if a respective Licensee has failed to comply with other material terms of this Agreement.

The Licensees shall give prompt notice of an infringement claim to Wiley, shall provide such cooperation and assistance to Wiley as is reasonably necessary to defend the claim, and shall allow Wiley, to the extent authorized by law and subject to the statutory duties of the Texas Attorney General, to have the sole control of the defense, provided, however, that the respective Licensees retains the right to participate in the defense at their own expense.

I. **CONFIDENTIALITY PROVISIONS**

1. While negotiating this Agreement and during the Term thereafter, Wiley may provide the Licensee with certain information which may be oral or written (including information in electronic format), which is deemed confidential. To the extent authorized by the Constitution and the laws of the State of Texas, and subject to the Texas Public Information Act (Chapter 552, *Texas Government Code*) for the purposes of this Agreement, Confidential Information is defined to include, but is not limited to, financial terms and all information pertaining to Wiley InterScience which is proprietary to Wiley, and any other material which has either been marked "confidential" by Wiley or which, by the nature of the circumstances surrounding the disclosure, would be understood to be confidential by a reasonable party.
2. To the extent authorized by the Constitution and the laws of the State of Texas, and subject to the Texas Public Information Act, Confidential Information shall be used by the Licensees solely for the purposes of negotiating and implementing this Agreement. The Licensees agree to take reasonable care to protect the Confidential Information from disclosure to third parties and to limit disclosure of the Confidential Information to those employees or contractors of the Licensees including affiliates of the Licensees who have a need to know in connection with this Agreement, and who have been made aware of, and agree to abide by, these restrictions. When disclosure is legally mandated, the parties will use, whenever authorized by applicable law, a version of the Agreement without Confidential Information.

J. **GENERAL PROVISIONS**

1. Wiley may assign this Agreement to its successors, subsidiaries or assigns. This Agreement may not be assigned by the Licensee except with the prior written consent of Wiley.
2. **Ethics Matters; No Financial Interest.** Wiley and its employees, agents, representatives and subcontractors have read and understand The University of Texas's Conflicts of Interest Policy available at <http://www.utsystem.edu/policy/policies/int160.html>, The University of Texas's Standards of Conduct Guide available at <http://www.utsystem.edu/systemcompliance/>, and applicable state ethics laws and rules available at www.utsystem.edu/oge/ethics. Neither Wiley nor its employees, agents, representatives or subcontractors will assist or cause The University of Texas employees to violate The University of Texas's Conflicts of Interest Policy, provisions described by The University of Texas's Standards of Conduct Guide, or applicable state ethics laws or rules. Wiley represents and warrants that no member of the Board of Regents of The University of Texas System has a direct or indirect financial interest in the transaction that is the subject of the Agreement.
3. In the event of a material breach of the terms and conditions of this Agreement by either party, the non-breaching party shall be entitled, in addition to any other remedies available pursuant to this Agreement or at law, to equitable, including injunctive, relief.
4. **Notices.** Except as otherwise provided in this Section all notices, consents, approvals, demands, requests or other communications provided for or permitted to be given under any of the provisions of the Agreement shall be in writing and shall be deemed to have been duly given or served when delivered by hand delivery or when deposited in the U.S. mail by registered or certified mail, return receipt requested, postage prepaid, and addressed as follows: :

5. Third Parties. This License is enforceable only against and by the parties who have executed it; the License neither creates nor restricts rights in third parties.
6. **Breach of Contract Claims.** To the extent that Chapter 2260, *Texas Government Code*, is applicable to the License and is not preempted by other applicable law, the dispute resolution process provided for in Chapter 2260 and the related rules adopted by the Texas Attorney General pursuant to Chapter 2260, will be used by UT System and Wiley to attempt to resolve any claim for UT System's breach of contract made by Wiley that cannot be resolved in the ordinary course of business. The chief business officer of UT System will examine Wiley's claim and any counterclaim and negotiate with Wiley in an effort to resolve such claims. The parties specifically agree that (i) neither the execution of the License by UT System nor any other conduct, action or inaction of any representative of UT System relating to the License constitutes or is intended to constitute a waiver of UT System's or the state's

sovereign immunity to suit; and (ii) UT System has not waived its right to seek redress in the courts.

7. **Representations and Warranties by Wiley.** If Wiley is a corporation or a limited liability company, Wiley warrants, represents, covenants, and agrees that it is duly organized, validly existing and in good standing under the laws of the state of its incorporation or organization and is duly authorized and in good standing to conduct business in the State of Texas, that it has all necessary power and has received all necessary approvals to execute and deliver the License, and the individual executing the License on behalf of Wiley has been duly authorized to act for and bind Wiley.
8. **Tax Certification.** If Wiley is a taxable entity as defined by Chapter 171, Texas Tax Code (“Chapter 171”), then Wiley certifies that it is not currently delinquent in the payment of any taxes due under Chapter 171 of the *Texas Tax Code*, or that Wiley is exempt from the payment of such taxes, or that Wiley is an out-of-state taxable entity that is not subject to those taxes, whichever is applicable.
9. **Eligibility Certifications.** Pursuant to Section 2155.004 and 2155.006, *Texas Government Code*, Wiley certifies that the individual or business entity named in this Agreement is not ineligible to receive the award of or payments under this Agreement and acknowledges that this Agreement may be terminated and payment withheld if these certifications are inaccurate.
10. **Payment of Debt or Delinquency to the State.** Pursuant to Sections 2107.008 and 2252.903, *Texas Government Code*, Wiley agrees that any payments owing to Wiley under this Agreement may be applied directly toward any debt or delinquency that Wiley owes the State of Texas or any agency of the State of Texas regardless of when it arises, until such debt or delinquency is paid in full.
11. **Texas Family Code Child Support Certification.** Pursuant to Section 231.006, *Texas Family Code*, Wiley certifies that it is not ineligible to receive the award of or payments under this Agreement and acknowledges that this Agreement may be terminated and payment may be withheld if this certification is inaccurate.
12. **Access by Individuals with Disabilities.** Wiley represents and warrants (“EIR Accessibility Warranty”) that the electronic and information resources and all associated information, documentation, and support that it provides to the University under the Agreement (collectively, the “EIRs”) comply with the applicable requirements set forth in Title 1, Chapter 213 of the *Texas Administrative Code* and Title 1, Chapter 206, Rule §206.70 of the *Texas Administrative Code* (as authorized by Chapter 2054, Subchapter M of the *Texas Government Code*.) To the extent Wiley becomes aware that the EIRs, or any portion thereof, do not comply with the EIR Accessibility Warranty, then Wiley represents and warrants that it will, at no cost to University, either (1) perform all necessary remediation to make the EIRs satisfy the EIR Accessibility Warranty or (2) replace the EIRs with new EIRs that satisfy the EIR Accessibility Warranty. In the event that Wiley fails or is unable to do so, then the University may terminate the Agreement and Wiley will refund to the University all remaining amounts the University has paid under the Agreement, within thirty (30) days after the termination date, prorated based on the time remaining under the Agreement.
13. **Venue; Governing Law.** Travis County, Texas, shall be the proper place of venue for suit on or in respect of the License. The License and all of the rights and obligations of the

parties hereto and all of the terms and conditions hereof shall be construed, interpreted and applied in accordance with and governed by and enforced under the laws of the State of Texas.

14. Entire Agreement; Modifications. The License supersedes all prior agreements, written or oral, between Wiley and University and HAM and shall constitute the entire agreement and understanding between the parties with respect to the subject matter hereof. The License and each of its provisions shall be binding upon the parties and may not be waived, modified, amended or altered except by a writing signed by University and Wiley and HAM. Any waiver in one or more instances by any of the parties of any breach by one or more of the other parties of any terms or provisions contained in this License shall not be considered a waiver of any succeeding or preceding breach.
15. Loss of Funding. Performance by University under the License may be dependent upon the appropriation and allotment of funds by the Texas State Legislature (the "Legislature") and/or allocation of funds by the Board of Regents of The University of Texas System (the "Board"). If the Legislature fails to appropriate or allot the necessary funds, or the Board fails to allocate the necessary funds, then University shall issue written notice to Wiley and University may terminate the License without further duty or obligation hereunder. Wiley acknowledges that appropriation, allotment, and allocation of funds are beyond the control of University. To the extent authorized by the laws and Constitution of the State of Texas, if the University terminates the Agreement pursuant to this paragraph, no refund of payment already received by Wiley will be owed.
16. Tax Exemption. Wiley understands and acknowledges that the University is a state agency which is exempt from certain state taxes under various exemption statutes. Notwithstanding its exemption from certain state taxes, the University shall be responsible for any taxes (except corporate income taxes, franchise taxes, and taxes on Wiley's personnel, including personal income tax and social security taxes) from which the University is not exempt. Wiley will provide reasonable cooperation and assistance to HAM in obtaining any tax exemptions to which HAM is entitled.

17. Liability. The Licensees shall be severally, but not jointly, liable for the payment of any sums due hereunder, the performance of the respective obligations of the Licensees hereunder, and any damages arising hereunder. A Licensee shall not be deemed to have defaulted hereunder on account of the actions or failure to act of the other Licensee, regardless of whether such action or inaction by the other Licensee is known to the first Licensee. A Licensee shall not be required to make any payment or perform any obligation due to the failure of the other Licensee to do so. A Licensee in default hereunder shall have legal responsibility only for its own default. 18. This Agreement confirms the subscription services which Wiley is to provide to The University of Texas System and its components at the price stated herein and for the term provided. All other terms are accepted as modified and as limited by the Constitution and laws of the State of Texas. In addition, this confirms Wiley's understanding that the services which Wiley is providing may be made available for use by participants in the Houston Academy of Medicine and the Texas Medical Center for which and for whom The University of Texas System and its component institutions assume no responsibility and no liability, and HAM will sign separately and assume their responsibility for implementing the Agreement.
19. **State Auditor's Office.** Wiley understands that acceptance of funds under the Agreement constitutes acceptance of the authority of the Texas State Auditor's Office, or any successor agency (collectively, "Auditor"), to conduct an audit or investigation in connection with those funds pursuant to Sections 51.9335(c), 73.115(c) and 74.008(c), *Texas Education Code*. Wiley agrees to cooperate with the Auditor in the conduct of the audit or investigation, including without limitation providing all records requested. Wiley will include this provision in all contracts with permitted subcontractors.
20. **Limitations.** THE PARTIES ARE AWARE THAT THERE MAY BE CONSTITUTIONAL AND STATUTORY LIMITATIONS ON THE AUTHORITY OF UNIVERSITY (A STATE AGENCY) TO ENTER INTO CERTAIN TERMS AND CONDITIONS OF THE AGREEMENT, INCLUDING, BUT NOT LIMITED TO, THOSE TERMS AND CONDITIONS RELATING TO LIENS ON UNIVERSITY'S PROPERTY; DISCLAIMERS AND LIMITATIONS OF WARRANTIES; DISCLAIMERS AND LIMITATIONS OF LIABILITY FOR DAMAGES; WAIVERS, DISCLAIMERS AND LIMITATIONS OF LEGAL RIGHTS, REMEDIES, REQUIREMENTS AND PROCESSES; LIMITATIONS OF PERIODS TO BRING LEGAL ACTION; GRANTING CONTROL OF LITIGATION OR SETTLEMENT TO ANOTHER PARTY; LIABILITY FOR ACTS OR OMISSIONS OF THIRD PARTIES; PAYMENT OF ATTORNEYS' FEES; DISPUTE RESOLUTION; INDEMNITIES; AND CONFIDENTIALITY (COLLECTIVELY, THE "LIMITATIONS"), AND TERMS AND CONDITIONS RELATED TO THE LIMITATIONS WILL NOT BE BINDING ON UNIVERSITY EXCEPT TO THE EXTENT AUTHORIZED BY THE LAWS AND CONSTITUTION OF THE STATE OF TEXAS.
21. All Appendices attached or to be attached to this Agreement are incorporated herein and shall be governed by the terms and conditions of this Agreement unless otherwise specified in such Appendix. In the event of any conflict between the terms of an Appendix or any Invoice Agreement Letter as defined in Paragraph D.4. above and the terms of this Agreement, the terms of the Appendix or Invoice Agreement Letter shall govern.

APPENDIX B (a) – LICENSED ELECTRONIC JOURNALS - CORE COLLECTIONS OF SUBSCRIBED TITLES

University of Texas

Licensees: UT System and HAM

The Core Collection is defined herein as the complete collection of Wiley journals to which the Licensee subscribes and will pay full rate institutional online only subscription fees to obtain online access.

Archival Access: During the term of this License, Wiley will provide the Licensee with access to current electronic files of the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles.

Perpetual Access: Upon termination of this License, Wiley will provide the Licensee with perpetual access to current electronic files of the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles where Wiley has the rights to deliver this. Wiley, in its discretion, will either continue online access to the same material on Wiley's server or provide an archival copy in the electronic medium selected by Wiley, at a reasonable cost-based fee agreed to by all parties. Wiley has designated Portico as a post-cancellation access provider of licensed material. If the licensed material is no longer available via Wiley InterScience, the Licensee may access the material on Portico's server as long as Wiley continues to designate Portico as a post-cancellation access provider; the licensed material is available on Portico; Wiley maintains copyright over the licensed material and provided that Portico's procedures for providing access are followed.

By providing such access Wiley grants to the Licensee a nonexclusive, royalty-free, license to use such material in accordance with the restrictions on use specified in Paragraph C of the Agreement, which restrictions shall survive any termination of the Agreement.

Pricing:

(a) Year 1

- Core Collection Fee = 100% of current holdings value based on the current year full rate institutional online only price. Holdings are determined based on all full rate institutional subscriptions held by the Licensee in the year prior to the first year of the License.
Total Core Collection Fee = \$3,100,949.45

Campus	2010 Core Collection Fee

University of Texas-San Antonio	\$ 133,124.87
University of Texas-SPH/Dentistry	\$ 43,654.75

(b) Year 2 and subsequent years

- Core Collection Fee = 100% of the previous year's Core Collection fee plus a price increase based on the average journal price increase but not to exceed the Price Increase Cap specified below, plus any adjustments for new, canceled or deleted Electronic Journal titles.
- Price Increase Cap: 5%
If the average aggregate Wiley journal price increase for a calendar year is less than the Price Increase Cap, the lower percentage will be applied. The following three titles are included in the Licensee's Core Collection as a convenience to the Licensee if it holds subscriptions: *Econometrica*, *Quantitative Economics*, and *Theoretical Economics*. However, these journals are not subject to the price increase cap and they may be cancelled in a subsequent year because they are not governed by the Agreement.

Electronic Journal Subscription Maintenance and Swapping: The Licensee may swap subscribed online journals in the Core Collection without penalty provided that such changes do not exceed 5% of the value of the total Core Collection for any calendar year. These changes will be reflected in amendments to this Appendix. Swapping will be accepted at the title level or for duplicate subscriptions. Swapping will only be accepted on a calendar year basis and Wiley must be notified of any changes in writing no later than the preceding December 1st.

4. In addition, the Licensees may cancel outright subscribed Electronic Journals equal to 2% of the total Core Collection annual value of the License. Cancellations will only be accepted on a calendar year basis and Wiley must be notified by the Licensees by December 1st of any such subsequent year cancellations. If a Licensee elects to exercise this option, that Institution will no longer have electronic access to that Journal(s).

Wiley may, from time to time, cease publication of individual journals in which case the journal(s) will be removed from the Licensee's Core Collection, and the fees associated with the journal(s) will no longer be factored into the Core Collection Fee.

Except as provided above, the Licensee must maintain all online subscriptions in the Core Collection as set forth in the attached list (Appendix B(a)1).

New Titles: New Titles can be added under the following terms and conditions:

- (a) The Licensee may add new journals to its Core Collection at the full rate institutional online only subscription price.
- (b) Subscriptions to titles transferred into Wiley from another publisher will be added to the Licensee's Core Collection in the first year of transfer if the Licensee has a subscription at the time the title is transferred. The title will be added to the Core Collection of each Member Institution at the current year institutional online only price multiplied by the number of

subscriptions held in the previous year. Subscriptions to titles transferred out of Wiley will be deleted from the Licensee's Core Collection in the year of transfer.

- (c) The Licensee may add previously canceled titles at the current full rate institutional online only subscription price to its Core Collection.
- (d) Wiley reserves the right to exclude titles from inclusion in the Standard or Custom Collections, however these titles may be added to the Licensee's Core Collection. A list of titles excluded from the Standard and Custom Collections can be found in Appendix B(e).

Print Subscription Pricing:

The Licensee can purchase print subscriptions to Licensed Electronic Journals which the Licensee subscribes to via a Core Collection at a deeply discounted rate of 15% of the institutional print price for 2010. This does not apply to:

- (a) Titles new to Wiley InterScience unless added to the Licensee's Core Collection.
- (b) Titles not subscribed to by the Licensee, unless added to the Licensee's Core Collection.
- (c) Titles not available via Wiley InterScience.

Print subscriptions should be ordered directly via the Wiley customer services department, or through an agent.

APPENDIX B (b) – ACCESS TO UNSUBSCRIBED JOURNALS VIA STANDARD COLLECTIONS

Standard Collections are defined herein as predetermined collections of the online editions of Wiley journals. The available Standard Collections are:

- Full Collection
- Scientific, Technical and Medical Collection
- Medical and Nursing Collection
- Social Sciences and Humanities Collection

The complete list of titles for Standard Collections is included in Appendix B (b) 1. The Licensee will obtain online access to unsubscribed Wiley journals (journals not included in the Licensee’s Core Collection) by licensing a Standard Collection.

Archival Access: During the term of this License, Wiley will provide the Licensee with access to current electronic files of the unsubscribed journals in the Standard Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles.

Perpetual Access: Upon termination of this License, Wiley will provide the Licensee with perpetual access to the unsubscribed titles in the Standard Collection for the years that the Licensee has paid for access to the unsubscribed titles in the Standard Collection where Wiley has the rights to deliver this. Wiley, in its discretion, will either continue online access to the same material on Wiley's server or provide an archival copy in the electronic medium selected by Wiley, at a reasonable cost-based fee agreed to by all parties. Wiley has designated Portico as a post-cancellation access provider of licensed material. If the licensed material is no longer available via Wiley InterScience, the Licensee may access the material on Portico's server as long as Wiley continues to designate Portico as a post-cancellation access provider; the licensed material is available on Portico; Wiley maintains copyright over the licensed material and provided that Portico's procedures for providing access are followed.

By providing such access Wiley grants to the Licensee a nonexclusive, royalty-free, license to use such material in accordance with the restrictions on use specified in Paragraph C of the Agreement, which restrictions shall survive any termination of the Agreement.

Standard Collection Fee: Each member will pay a Collection Fee to access the Standard Collection in addition to their Core Collection Fee.

Pricing:

(a) Year 1

- Standard Collection pricing for each Member Institution is documented below.
- Licensee’s FTE count: 153,233

Total	\$175,707.51	

(b) Year 2 and subsequent years

- Standard Collection Fee = 100% of the previous year's Standard Collection fee plus a price increase based on the average journal price increase but not to exceed the Price Increase Cap specified below, plus any adjustments for new, canceled or deleted Electronic Journal titles.
- Price Increase Cap: 5%
If the average aggregate Wiley journal price increase for a calendar year is less than the Price Increase Cap, the lower percentage will be applied. The following three titles are included in the Licensee's Core Collection as a convenience to the Licensee if it holds subscriptions: *Econometrica*, *Quantitative Economics*, and *Theoretical Economics*. However, these journals are not subject to the price increase cap and they may be cancelled in a subsequent year because they are not governed by the Agreement.

Adding and Deleting Titles from a Standard Collection

Each year after the first year of the License, Wiley may offer a package of new titles which the Licensee may opt to add to the licensed Standard Collection(s). The price will be calculated at the same percentage of the full rate institutional online only subscription fee initially used to calculate the Standard Collection Fee.

Wiley may, from time to time, cease publication of individual journals in which case the journal(s) will be removed from the Licensee's Standard Collection, and the fees associated with the journal(s) will no longer be factored into the Standard Collection Fee.
