

AMENDMENT TO WILEY ONLINE LICENSE

Amendment as of January 1, 2013 to the License (the "License" and/or "Agreement ") dated on January 1, 2010, by and between Wiley Subscription Services, Inc. ("Wiley") and **California Digital Library (CDL) on behalf of the Regents of the University of California** (the "Licensee").

In signing this Amendment, the parties agree that the following terms shall amend and supersede the terms of said Agreement as follows:

1. Paragraph C.6. is deleted from the Agreement.
2. Paragraph G.1. "Term and Termination" is amended and the term of the License is extended to end on December 31, 2015.
3. The following is added to the Agreement as Paragraph J. 11:

Authors' Rights To Use Their Own Journal Articles.

Notwithstanding any terms or conditions to the contrary in any author agreement between authors and Wiley, authors who are Authorized Users of Licensee ("Authors") whose journal articles ("Content") are accepted for publication and published within Wiley's Licensed Electronic Products during the Term shall retain the non-exclusive, irrevocable, worldwide, royalty-free right to use their Content for non-commercial scholarly and educational purposes, including self-archiving or depositing the Content in a not for profit repository or archive associated with the Author's institution or in the Author's own web pages or Licensee's departmental servers. Authors shall also be able to comply with mandates from government and not for profit funders (including those listed on Wiley's funder page: <http://olabout.wiley.com/WileyCDA/Section/id-406074.html>) to deposit the Content in other repositories. Authors who deposit Content in the University of California's eScholarship repository will be instructed by Wiley to designate an embargo period consistent with their publication agreement with Wiley, and Licensee will implement such embargoes if instructed to do so by Authors. Authors may seek exceptions to the embargo policy from Wiley. If Wiley becomes aware that deposited Content has been made publicly available before the end of an agreed-upon embargo period, Wiley will inform the Licensee, and the Licensee will use reasonable efforts to investigate the status and take appropriate action. Licensee will make all reasonable efforts to link from the deposited version to the final article on Wiley Online Library and include the following notice: 'This is the peer reviewed version of the following article: FULL CITE, which has been published in final form at [link to final article].'

For the avoidance of doubt, it is the intent of the parties to this License Agreement that Licensee's Authors are third party beneficiaries of this provision of the Agreement. Nothing in this paragraph shall eliminate or limit any other rights that Licensee or any Author may have to deposit, host or make available articles published in the Licensed Electronic Products. In the same way, nothing in this paragraph shall operate to give Licensee or any Author the right to incorporate into any institutional or other repository Wiley's final published version of any Content from the Licensed Electronic Products.

Statistics Reporting.

Licensee will make reasonable efforts to provide Wiley annually with statistics about the number of Content items deposited in the University of California's eScholarship repository each year by Authors (or by Licensee's staff on their behalf) under this provision, together with usage data about

the number of accesses to and downloads of such Content, consistent with applicable privacy and confidentiality laws and University of California policies.

Definitions:

Author: An author of a work published in the Licensed Electronic Products who is an Authorized User of the Licensed Electronic Products.

Content: The accepted manuscript version (after peer review and including revisions from the peer review process but before copy-editing and final publication) of any journal article by an Author that is published in the Licensed Electronic Products.

Scholarly and educational purposes: Non-commercial purposes encompassing teaching, research, and institutional needs, including but not limited to the right to (a) use, reproduce, distribute, perform, and display the Content in connection with teaching, conference presentations, and lectures; (b) make full use of the Content in future research, and update or revise the Content in whole or in part for later publication; (c) meet requirements and conditions of research grants or publishing subventions provided by government and not for profit funder bodies, and; (d) grant to the Author's employing institution some or all of the foregoing rights, as well as permission to use the Content in connection with administrative activities such as accreditation, mandated reports to state or federal governments, and similar purposes. In all cases, the Author and/or the Author's employing institution will be expected to provide proper citation and links to the published version.

4. The following is added to the Agreement as Paragraph J. 12:

For titles formerly included in AGU Digital Library ONLY, Lawrence Livermore Laboratory (LLNL) is included as licensed campus.

5. Appendix B(a) is amended as attached.
6. Appendix B(a)1 is amended as attached
7. Appendix B(b) is amended as attached.
8. Appendix B(b)1 is amended as attached.
9. Appendix B(c) is deleted from the Agreement.
10. Appendix B(c)1 is deleted from the Agreement.
11. Appendix B(e) is amended as attached.
12. Appendix C is amended as attached.
13. Appendix D(a) is amended as attached.
14. Appendix E(a) is amended as attached.
15. Appendix F is amended as attached.
16. Appendix G is amended as attached.

17. Appendix H is amended as attached.

18. Appendix N is deleted from the Agreement.

Except as provided by the Amendment herein stated, all terms and conditions of the Agreement shall remain in full force and effect.

AGREED AND ACCEPTED

APPENDIX B (a) – LICENSED ELECTRONIC JOURNALS - CORE COLLECTIONS OF SUBSCRIBED TITLES

Licensee: California Digital Library (CDL)

The Core Collection is defined herein as the complete collection of Wiley journals to which the Licensee subscribes and will pay the negotiated institutional online only subscription fees to obtain online access.

A. Archiving Rights

1. **Archival Access:** During the term of this License, Wiley will provide the Licensee with access to current electronic files of the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles.
2. **Perpetual Access:** Upon termination of this License, Wiley will provide the Licensee with perpetual access to current electronic files of the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles where Wiley has the rights to deliver this. Wiley, in its discretion, will either continue online access to the same material on Wiley's server or provide an archival copy in the electronic medium selected by Wiley, at a reasonable cost-based fee.

By providing such access Wiley grants to the Licensee a nonexclusive, royalty-free, license to use such material in accordance with the restrictions on use specified in Paragraph C of the Agreement, which restrictions shall survive any termination of the Agreement.

Wiley has designated Portico as a post-cancellation access provider of licensed material. If the licensed material is no longer available via Wiley Online Library, the Licensee may access the material on Portico's server as long as:

- a. Wiley continues to designate Portico as a post-cancellation provider;
 - b. The licensed material is available on Portico;
 - c. Wiley maintains copyright over the licensed material;
 - d. Portico's procedures for providing access are followed.
3. **Print Journal Archival Copies:** Wiley will provide to UC a single print journal archival copy of Wiley Online Library selected by CDL, as they are published, shipped to a single ship-to address at no additional cost beyond the Base Value of the Agreement.
 - a. CDL will notify Wiley of the titles to be shipped by November 15 of each year. The print will be delivered to a UC regional storage facility of non-circulating volumes.
 - b. The purpose of the print archive is to provide a back-up source should any published content be missing from the online version, unsatisfactory in resolution or quality (particularly images), or unavailable to authorized user(s). The print archive provides a "safety net" for the core collection as UC libraries undergo a print-to-digital transition, and satisfies faculty requests to store print until the digital version is considered the "copy of record" (including all content such as editorial boards, meeting announcements, and other administrative material).

- c. This requirement does not apply if Wiley ceases to produce paper editions of Wiley Online Library journal titles.
 - d. The provision of the print archive is limited to the three-year term of the License. Wiley will be under no obligation to continue this practice after the termination of this Agreement period.
 - e. The CDL and Wiley agree that should both parties decide that the electronic version of the journals is a stable and reliable "copy of record," Wiley will no longer be obligated to provide print copies of Wiley Online Library journals for the archive.
 - f. CDL will make reasonable efforts to notify Wiley of anomalies or quality issues in Wiley Online Library journals that come to its attention and/or prompt use of the print archive of the licensed materials.
4. **Backup/Archival Copy:** Upon request, CDL may receive during the term of the Agreement from Wiley the entire set of materials licensed under this Agreement and create one (1) copy to be maintained as a backup or archival copy or as required to exercise CDL's perpetual rights, as stated above. Conditions and terms of use will be exercised pursuant to the terms of the Agreement and subsequent amendments.

B. Pricing:

(a) **Year 1**

- Core Collection Fee = 100% of current holdings value based on the current year full rate institutional online only price. Holdings are determined based on all full rate institutional subscriptions held by the Licensee in the year prior to the first year of the License.
- Total Core Collection Fee = **\$4,160,557.01**

(b) **Year 2 and subsequent years**

- Core Collection Fee = 100% of the previous year's Core Collection fee plus a price increase based on the average journal price increase but not to exceed the Price Increase Cap specified below, plus any adjustments for new, canceled or deleted Electronic Journal titles.
- Price Increase Cap: **2%**
If the average aggregate Wiley journal price increase for a calendar year is less than the Price Increase Cap, the lower percentage will be applied. The following titles are not available via this Agreement: *Econometrica*, *Quantitative Economics*, *Theoretical Economics* and *The Journal of the European Economic Association*. However, they may be ordered via Wiley's Journals Customer Service department at cs-journals@wiley.com.

C. Additional terms related to pricing include:

1. Print Subscription Pricing:

The Licensee can purchase print subscriptions to Licensed Electronic Journals which the Licensee subscribes to via a Core Collection at a deeply discounted rate of 15% of list price. This does not apply to:

- (a) Titles new to Wiley Online Library unless subscribed to in the Licensee's Core, Standard, or Custom Collection.
- (b) Titles not subscribed to by the Licensee, unless added to the Licensee's Core, Standard, or Custom Collection.

- (c) Titles not available via Wiley Online Library.
- (d) Titles published in online-only format by Wiley. Print subscriptions available through any Print on Demand option are not eligible for a deeply discounted rate.

American Geophysical Union titles now published by Wiley are available at the following deeply discount rate which differs from other Wiley journals: 75% of list price.

Print subscriptions, other than subscriptions for titles available from Wiley in online-only format, should be ordered directly via the Wiley Customer Services department, or through an agent.

2. Publisher Acquisitions:

Should Wiley acquire in whole or substantial part the title list or other assets of another publisher with whom Licensee has an existing contract, the terms of that existing contract shall be honored through the expiration of its then-current term unless otherwise mutually agreed to in writing by both Wiley and Licensee. Upon expiration, Wiley and the Licensee will enter into good faith negotiations to arrive at mutually acceptable terms for online access to the affected materials. Notwithstanding the foregoing, Wiley shall honor all perpetual and other surviving rights of Licensee provided under contract with the previous publisher.

3. Adding Currently Subscribed Titles:

Cost to add new electronic titles to Wiley Online Library where UC holds a current print subscription: cost will equal the U.S. Online Only subscription list price times the number of UC campuses that hold print subscriptions. Wiley will make best efforts to notify Licensee of all acquisitions for the coming year by November 15th of the year prior. If licensee has already paid previous publisher for the coming year for an acquired title, it will be incorporated into the license and there will be no further charge for that year.

This does not apply to:

- a) titles newly published by Wiley, in which case Wiley will add new titles only upon written authorization by CDL after a formal approval process by all ten campuses, or
- b) titles excluded from Standard Collections listed in Appendix B (e), in which case only subscribing campuses will have access.

4. Adding New and Unsubscribed Titles:

Cost to add new electronic titles to Wiley Online Library where UC does not hold a current print subscription:

- a) New journals (launched after 1st July of each year), or unsubscribed journals, i.e., journals to which Licensee does not hold any current subscriptions can be added to the Licensed Titles at a cost of the Online Only List Price (in the year of addition) times a multiplier:
 - Multiplier of 1: veterinary medicine, optometry, viticulture/enology, food science, oceanography titles
 - Multiplier of 2: agriculture, criminology, environmental science, natural resources, pharmacology/pharmacy, public health, dentistry titles
 - Multiplier of 4: all other titles

Wiley will add new and unsubscribed titles only upon written authorization by Licensee.

This does not apply to titles excluded from Standard Collections listed in Appendix B (e), in which case only subscribing campuses will have access.

b) Adding FTE-priced journals:

The Content Fee may additionally include, for select titles, pricing calculated based on the Licensee's number of FTE's. For this purpose FTEs are defined as full-time equivalent students and academic faculty.

UC Campus	Fall 2011 - Student FTE	Oct 12 Faculty FTE*	Totals
Berkeley	34,054	1,238	35,292
Davis	27,808	1,241	29,049
Irvine	25,947	1,037	26,984
Los Angeles	35,641	1,724	37,365
Merced	5,160	148	5,308
Riverside	20,374	561	20,935
San Diego	26,667	1,068	27,735

TOTALS	218,667	8,605	227,272
*From: http://www.ucop.edu/ucophome/uwnews/stat/			
Regular teaching faculty FTE			

5. Ceased or Sold Titles:
Wiley may, from time to time, cease publication of individual journals in which case the journal(s) will be removed from the Licensee's Core Collection, and the fees associated with the journal(s) will no longer be factored into the Core Collection Fee. Wiley will use its best efforts to ensure that Licensee's archival and perpetual rights are honored for all ceased or transferred titles.
6. The best available early payment terms will be extended to CDL each year of the license.
7. Campuses will be able to individually add non-journal content at the consortium discount (15%, and 20% on Current Protocols) and the annual price cap stated in this contract will apply.
8. CDL will be able to add non-journal content at the consortium discount (35%) and the annual price cap stated in this contract will apply. CDL reserves the right to negotiate pricing on all non-journal content.
9. Both parties will cooperate to set up procedures that will ease the reporting of added and deleted titles.
10. **Electronic Journal Subscription Maintenance and Swapping:** The Licensee may substitute new and transferred titles for subscribed online journals in the Core Collection without penalty provided that such changes do not exceed 5% of the value of the total Core Collection for any calendar year. These changes will be reflected in amendments to this Appendix. Swapping will be accepted at the title level or for duplicate subscriptions. Swapping will only be accepted on a calendar year basis and Wiley must be notified of any changes in writing no later than January 31st of the subscription year.

Except as provided above, the Licensee must maintain all online subscriptions in the Core Collection as set forth in the attached list (Appendix B(a)1).
